

X-12 Number 7 Continues Utah Hillclimbing Tradition

On May 14-16, 2021, Utah's only hillclimb, known as X-12, fired up for the seventh time, off of I-15 near the Idaho/Utah border. The event ran without any masks, and for the first time since moving to its new location in 2018, the storm clouds held off all weekend, although Sunday afternoon's pro awards ceremony was wrecked when a violent storm blew in from the south. This was the first hillclimb of 2021 and it drew a record number of 590 entries and 1,640 spectators. It was also round 1 of the 2021 Rockwell Pro Hillclimb Series, and that brought out a lot of people, eager to kick off a new year of hillclimbing on the biggest hill in the sport, and people showed up from as far away as Iowa and even Massachusetts. KSL television attended and crafted a cute, short take on the weekend: <https://m.youtube.com/watch?v=E7Thee54F98>

Hillclimb enthusiasm was higher than ever this year, and partners and supporters were: The US Air Force Special Warfare division, (tough troops which are the Air Force equivalent of Navy seals), Frank May Ski-Doo, Whitaker Construction, Red Robin, Cache Valley Honda/Yamaha, Young's Powersports, Swire Coke, Bud Light, Rockwell Time, Rupp's Trucking, Roche Ranches, Oxbow Offroad, Ballz Clothing, Roache Ranches, Lincoln Financial, Western Inn, and Gearheads.

Five different hills were used over the weekend. Hundreds of stock, trophy bikes ran on their own 1,025-foot hill on Saturday, and for the third year in a row, not a single rider made it over, with even the best struggling to get above 600 feet, and many looping out in huge fashion because of the steepness of the hill. Idaho racer, Teigen Moore got higher than anyone else with a mighty effort of 940 feet, which put him at the top of the always gigantic 450 stock class. Later in the day, a number of altered and semi-pro riders made it over on several different routes, but again, many were simply over-whelmed by the sheer size of the hills, which were so long and so big that some actually complained about arm pump. This might just be the toughest hill in the country right now; it certainly is the biggest and this year it was dry all weekend which made it even tougher, since there wasn't as much traction as usual.

On the pro side, California's Petey Krunich out-dueled Washington's Jake Anstett to win the 60-rider 450 class. Anstett came roaring back to take the 700 class win over Joe Shipman and Krunich, and X-Games Gold Medalist, Logan Mead turned the fastest pro time of the weekend, taking just over 30 seconds to win the Open class for the second year in a row. Like last year, Mead raved about the joys of a 30-second Open pro hill, the longest in the world, and a place where big iron can be opened up and held there.

The "Most Improved Award" easily goes to Emmy Lloyd, who had never sat on a motorcycle until last year. She won the women's pro class took a razor-thin second in the women's trophy class, and beat a ton of guys in several other classes. Emmy stated that she is going to enter some men's pro classes soon, and she will be FAST.

The organizers again wish to extend a hearty "helmets off" to the sponsors, donators and partners. A big thank you is in order to Spanky Flint and his Dirty Dog Racing Crew, and Widowmaker Moe Lund who brought out some of his old Widowmaker staff to help. The event could also not have happened without the support of Stan Summers and the other Box Elder County Commissioners, the Fielding EMS staff, and adjacent landowner, Cody Reese. Utah's ONLY hillclimb will return on May 13-15, 2022. For more information visit: www.x12events.com or call Ron at (208) 573-4255.

Joe Shipman didn't win any pro classes (for a change). But he took cash back to California in the four that he entered.

At 700 feet, the stock mini hill is the **SMALLEST** one used all weekend.

Craig Spencer crests the top of the 1,700 foot pro hill, the tallest, longest hill in the world of the sport. He had a solid weekend as usual.
