Support Teams for SPUD Projects

The Challenge for Paulinians & Friends

To all who had stood in the halls of St. Paul University Dumaguete (formerly St. Paul College) and had enjoyed the gifts of learning, fellowship and community — please ask:

What Can I Do To Help?

To our Friends & Supporters: SPUDAA-NA seeks your generous and kind support so that together we can help St. Paul University Dumaguete to continue to sharpen the minds and broaden the vision of its students to better serve their local and global communities. We are often reminded that the tasks ahead are immense. We need as many people of good heart to make SPUDAA-NA a success. We simply need to put our words and intentions into action. Let us work together as Paulinians and as friends of St. Paul University Dumaguete will do.
