Application

CCAFA provides one charity fence project every year. We look for projects that are large enough to have multiple companies and volunteers participate, as well as an organization that is benefitting the community.

Description of Fence Work Needed:

Please be as descriptive as possible. If you have the linear footage, design, etc. please include that here. If you are one of the finalists, we will have a member come look at your job and put together a proposal for what the work would look like to ensure that everyone is in agreement on the work. (Attach documents if needed.)

Why does your organization deserve to receive this charity fence project?

Please describe to us what your organization does and how this fence will help your organization. This can mean that you are able to put the money you would have used on the fence towards a different project. If so, please describe what that project would be, how it benefits the community and what the costs are that would be associated with it.

How will you advertise CCAFA's Charity Fence Project?

Please describe how and where you will be advertising that CCAFA is completing this project for you.
