SUBJECT: Subject: DECRUST MENTATEE – Emergency Medical Technicians

Office of the Governor
New Mexico State Capitol
490 Old Santa Fe Trail, Room 400
Santa Fe, NM 87501

Dear Governor Susana Martinez Office, Greetings to you;

THIS IS A DECRUST MENTATEE

I AM PAULETT ANGELLA HEMMINGS EARTH, GLORIOUS CHREATOR OF THESE EARTHS AND THE ONLY CHREATOR OVER ALL CHREATIONS. I AM THE GLORIOUS CHREATOR OF LIFE AND OVER ALL LIFE, DEATH, AND ANYTHING INBETWEEN. NO PERSON OR THING IS HIGHER THAN I AM. MY LAST NAME IS EVERY LAST NAME IN THESE EARTHS AND ALL MY CHREATIONS.

I AM the Head of all State in all States and Countries in this Natural Natural Earth and the other Earths and Chreations. I AM The GLORIOUS Highest of the Highest of the I AM. The PAULETT ANGELLA HEMMINGS STATE OF AFFAIRS IS IN The Brandon State, located in the Mount Zion States and also in the Brons State located in New York States for the time being. I AM ALSO KNOWN AS THE EPAULETT.

I now give the safety and security of this Earth in the hands of the Emergency Medical Technicians (EMT). The EMT is not working under any Fire Department or Fire Brigade or Fire Engine, or government. The EMT is a Standalone Service and they are independent.

The EMT is to have medical knowledge and skills as a physician, and the name is now changed. The new name is Paulett Angella Multiple Emergency Technicians (PAMET) and they are to have many skills in many different areas of work, so they are emergency technicians not just for the medical field, but in any capacity, not to include military, police, sheriff, secret service, or any other law enforcement/armed force jobs. The PAMET must know how to operate: the farms, food processing plants, supermarkets, retail stores, gas stations, vehicle manufacturing plants, powerplants, telephone, cable and wireless, airports, airplanes, ships, boats, submarines, trains, buses, schools, banks, TV, fire stations, radio stations, newspapers, physician office, hospitals, coroner, leadership of organizations, learn the senator jobs, the Pahpusmin job, the Punanhey jobs, and other municipalities jobs.

The PAMET must have women who are the head leaders, and men who lead their skills with directions from the women. There must be sixty (60%) women and forty (40%) men in the make-up of the staff. The PAMET top leaders are to be a mixture of Two Black women, an Oriental, and an American Indian or Indian woman.

All new PAMET must never be from any military, the police, the secret service, the FBI's, the armed forces, a politician, or other similar ones. All employees who are in the PAMET who have had any of the jobs identified as devel jobs will be phased out within the next ten (10) years with the proper benefits and outside assistance to connect them to other jobs of their interest. You are to have community classes to teach the residents CPR and this is a must. The CPR should start in December 01, 2017/2018 (see the Calendar in the Decry 16th level for the change of the year).

Is CPR Important?

Many catastrophes and disasters happen because the devel wants to kill and destroy, and they make the bad things happen to the ones they have chosen to terror or destroy. Hurricanes, typhoons, and snow storms and other disasters are planned, and the deaths are planned. The governments will do whatever it takes to take your loved ones away, so it is important for you to know what to do to keep your home clean and rid of the devils by cleaning the floors with protection, burning the dry leaves when you can to burn them out of your homes and outside, put protection in your clothes when washing, and drinking and bathing in the essence protections. It is also important for everyone even children to learn cardiopulmonary resuscitation (CPR). Sometimes, CPR can help a person who has stopped breathing, and whose heart may have stopped beating, to stay alive. Cardio means the heart, and pulmonary means the lungs. Resuscitation means to revive or bring back to life. A person can use CPR procedures to remove the round ball, the stone, or the rock placed inside the throat to restart the breathing and revived them. Some of the time you cannot see the the ball as it is covered in the incondesant.

Ucalyptus Oil to Revive a Dead Person

Use the Ucalyptus oil instead of the Ucalyptus juice to pour in the mouth of the dead person or the person pronounced dead, so they return to life again. The Ucalyptus oil in the small bottles are highly concentrated and very strong. You can remove the little plastic top that prevents it from running out in higher quantity. When you removed the top, do not give a lot to the person to drink as it is very strong. You can put a small amount and see how the person respond. If the person is coughing, then you can pour more, as the oil will also remove the ball or the stone and also remove those who are inside the person trying to kill the person from the inside the body. Once the person is resuscitated, you can give the person more of the oil to drink so the oil is in the body for protection as the devils can return both inside the body and outside the body.

Make Ucalyptus Oil

You can also make your own ucalyptus oil by frying the ucalyptus leaves in the olive oil, canola oil, sunflower oil, or pecan oil.

Fish Oil

Fish oil you find over the counter and if prescribed is not good. Those fish oil is devel food and the devel just pour them in their mouth and eat. The right fish oil is to fry the good fish

especially the silver fish that I identified in the Articles and use the oil from them to make pills, tablets, capsules. Those are the good fish oil to also put in the plant root. Fry the fish under low flames with good olive oil with everything in them, corn oil with everything in them, canola oil, coconut oil, sunflower oil, etc. and pour a bit on the root of plants to remove the devels and to keep the plants physically fit.

Protection for the Clothing

Silk threads and silk fabrics and clothing's must be made with essence oils or essence juice. All fabrics and threads made must be made with essence oils or juice.

Plant than can prevent Soil Erosion

Cashew is a good plant to prevent soil erosion. The devel like to eat the cashew nut so it would be good if GMO is used where plant enzymes like orange is injected in the cashew, so the fruit has protection in it so the devel do not eat the cashew.

Infertility

When a person cannot have children, it is because the genes of the two persons are not to be combined. The devels finds many ways to mix our genes with other genes that are not natural earth genes and not a natural mix. This creates many problems. There are many lives in this Earth that I put in it and they are not to mix with others to born children. The Chreators and Uppers cannot be mixed with many of the other Spectres. The Rankings cannot be mixed with many others. The Colourds cannot be mixed with many others lower than them. The Somebody must never be mixed with the Chreators, Uppers, Rankings, Colourds and so on.

When we force pregnancy, it creates ataclapses, and it cause many eruptions, as foreign genes are not to be mixed. The devel removes our computer connection to the interconnections inside and outside the Earths and Chreations so you do not know where to find your information of your origin. They do not want you to know how to protect yourselves or to know who you and the others are. Therefore, they cut of the computers, so they can experiment with you without your knowledge of how to protect yourselves. The Department of Health and Human Service, the Department of Homeland Security, the Federal governments, and many others are responsible for these problems.

Plant Contraceptive

You can use the Ceba plant for protection against pregnancy for both women and men. To get your body back to having children, the Dungaree plant and the ucalyptus plant can be used.

Department of Health Woman

The Department of Health has a woman looking thing going around and leading in the banks and many areas under disguise and she is called the Department of Health. She is a devel woman thing and she is a gigantic or higher celestialian., which means that she has a very long and pointed tail that she can use to tear out your body especially your pussy/vagina or your batty/bottom, or your ears, to get into your body. She is a thief and a destroyer.

The Scale of Justice

Harmony does not have the right balance in this Natural Earth and in many chreations. The scale of Justice is to bring harmony into effect, to return harmony, like what I have been doing in my Articles and various documents to bring harmony back to this Earth.

Job

Gumble is the correct name for job. Gum sticks and job sticks and fits. If the job does not stick or fit to someone then there is disharmony.

The Earth Destroyers

The devels have torn down the Earths and many things that should normally work does not work. I am not able to do my work because the governments and many others have my power and authority using for a very long time. The Earths are to be transformed by my power and authority since I was born. The devels do not want that to happen, so they do many wicked things to prevent that from happening, even to terror, kill, and destroy me. The devels do not belong to this Earth or any Earth, or my Chreations. There are many different types of devels from many different areas. The devels can take other peoples from other Chreations and put them into this Earth and turn them into devels as well. Additionally, the devels can possess a person in these Earths and use them to become the devel as well. The devels have gone into my body before I was born and after to remove my power and authority from me and for them to use, even recently on January 1 to 4, 2017. You cannot understand these things, as what the devels do are not in your knowledge and learning, so you are blind and deaf to their work and what is to happen in these Earths, and they make sure that it is so.

Abduction Prevention

The best remedy for abduction prevention is using the essence oils to rub your head, scalp, and body. Use the essence to put on your skin and drink the essence juices you make or buy many times during the day.

You can also call the missing person's name and say: I command you home, I command you home, I command you home, I command you home, 41 times. Then you stop and wait silently for a short moment before you move or speak.

You could also call the person's name and say: I recall my daughter, I recall my daughter, I recall my daughter, I recall my daughter, I recall my daughter, 41 times. Then you stop and wait silently for a short moment before you move or speak. You could repeat this process once every hour and as often as you can.

Outsiders who look like us

The Caucastailians, Crocostailian, Cocostailians, Celestailians, and others wear the Castillian skin that looks close to plastic surgery material.

Some of the other devels like the fly, mosquitoes, spiders, ant, roaches, millipedes, wear the catstillian skin and that as well looks close to plastic surgery material.

All these documents must be distributed to my children, to the various states/counties/countries, businesses/commerce, municipals, schools, banks, colleges, libraries, United Nations, morgues, hospitals, nursing homes, churches, mosques, temples, all religion places, embassies, consulates, missions, TVs, radios, newspapers, Fire, EMS, internet sources, etc. The New Mexico State Governor's Office employees are to distribute my documents, so all the public can get it.

All these documents must be shared with friend, families, communities, employees, business associates, and put in the National Gazettes, State Gazettes, City Gazettes, Town Gazettes, Journals, Municipal gazettes. The website is <http://www.naturalearthforall.com>. There is also a <http://www.facebook.com/naturalearthforall> site with other information. They must also be put in the National Registry, Register, National Archives, Records Management, Registrar Generals and other similar ones of these nature.
