**Services Provided:**

The Children’s Dentistry Project works in concert with other OMCFH children’s programs, Head Start, Public Schools, Local Health Departments, Community Health Centers and others to promote dental health services as an integral part of preventive, primary health services and to encourage proper self-care through:

- Providing oral health education in public schools in 55 counties through contracts with community-based organizations and individuals
- Supplying oral health instructional modules for teaching grades K-9 within the public school system
- Supplying fluoride drops and tablets and water test kits for distribution through local health departments
- Working with the OMCFH/Health Check Program to encourage medical practitioners to refer Medicaid-eligible children for dental services.
- Assists local communities in establishing school-based dental services
- Supplies oral hygiene supplies and education materials to organizations in all 55 counties.
