

Facts & Figures

WHY SUPPORT THE RUN OF HOPE?

- Brain Tumors are the leading cause of death in children with cancer
- This year more than 4,000 kids will be diagnosed with a brain tumor
- Current treatments often leave kids with devastating physical and mental disabilities for the rest of their lives
- Less than 3% of all federal research dollars in the United States goes toward helping children

FOR PEDIATRIC BRAIN TUMOR RESEARCH

A PARTNERSHIP BUILT ON HOPE!

The **Run of Hope Seattle** is the joint effort of the Four Seasons Hotel Seattle and the Pediatric Brain Tumor Research Fund (PBTRF), a member of the Seattle Children's Guild Association since 2006. The mission of the PBTRF is to raise money and awareness for the advancement of pediatric brain tumor research. Four Seasons Hotels and Resorts has a long history of giving; one of the company's corporate values focuses on a commitment to advance cancer research in the communities in which properties are located. The combination of the PBTRF's mission and Four Seasons' values has made for the perfect partnership. Many members of the PBTRF guild have experienced the pain and loss of this horrible disease first hand, and have dedicated themselves to the discovery of better treatment options and outcomes in the future. Please help us improve the odds for so many children!

Run of Hope Seattle is an all-volunteer event and we strive to keep overhead and expenses to a minimum. Your sponsorship will help us reach our goal of delivering 100% of registration fees and donations to brain tumor research at Seattle Children's Hospital.
