* Important Welfare Benefit Changes *

October 2016

To All Participants of the
Indiana Laborers Welfare Fund

The Trustees have amended the Plan to make the following changes:

Effective October 1, 2016

New Prescription Programs – The Trustees have added some new cost saving features to the Prescription Benefit which will help members and the Plan reduce costs for medications. The new programs are:

- Therapeutic Interchange Program – this program will target individuals who are using a high cost medication when there are many lower cost medicines available that treat the same illness. A detailed letter will be sent to each targeted member illustrating the cost savings if you choose to change.
- Step Therapy Program – this program will target new utilizers of high cost medications and will require that they use a lower cost medicine first. If the lower cost medicine does not work or has been tried without success in the past, Sav-Rx will speak to your physician to determine if you are eligible to by-pass this program.
- High Impact Advocacy Program – this program works with specialty medications that have coupons from drug manufacturers to assist the patient in reducing the cost of your specialty medications. Your co-payment will not change from the current benefit structure. You will be required to use the Sav-Rx Specialty Pharmacy for these specific medications.

New Member Assistance Program

The Trustees have partnered with CuraLinc Healthcare to provide professional consultations for a variety of issues that may affect your personal well-being and your job performance.

Some of these issues include: Stress and Anxiety, Depression, Marriage and Relationship Problems, Grief and Loss, Substance Abuse, Anger Management, Legal Services, Financial Planning, Family Issues, Elder and Adult Care Referrals, Education Guidance, Work-Related Pressures

Services are available through SupportLinc MAP to all eligible participants and their dependents at no cost.
Accessing the SupportLinc MAP Program
To access the SupportLinc MAP program, members may call in by phone or through the internet portal 24 hours a day, seven days a week.

- For telephonic access, call the program's toll-free number at 1-888-881-LINC (5462).
- To access SupportLinc's web-based services, visit www.supportlincmap.com. The username for Indiana Laborers Welfare Fund is: indianalaborers and the password is: member.
- Please refer to the attached flyer for additional information regarding the program.

Effective December 1, 2016

Pre-certification of Durable Medical Equipment – Currently, the Plan requires that any Durable Medical Equipment (DME) be pre-certified if the rental or purchase price is greater than $500. The Trustees have modified this provision to increase the limit to $2,000. Any DME less than $2,000 does not need to be pre-certified.

Coverage for Handicapped Children over age 26 – The Plan provides coverage past the age of 26 for those dependents that were handicapped prior to age 19. In the past, required proof of disability prior to age 19 was required within 120 days of the child turning 19. Because the Fund now covers all dependents through age 26, the Trustees extended the date that proof must be submitted to 120 days after the child turns 26 rather than 19. The dependent would still have to meet the eligibility requirement of being disabled prior to age 19.

Statement Regarding Women’s Health and Cancer Rights Act of 1998
Do you know that your plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Contact the Fund Office for more information.

Statement Regarding Status as a Grandfathered Health Plan
This group health plan believes this Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Fund Office at 1-800-962-3158. You may also contact the Participant Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

If you have any questions regarding these changes, please contact the Fund Office at 1-800-962-3158.

Sincerely,

Board of Trustees
Important Notice from
Indiana Laborers Welfare Fund
About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Indiana Laborers Welfare Fund and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Indiana Laborers Welfare Fund has determined that the prescription drug coverage offered by the Indiana Laborers Welfare Fund is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?
You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?
If you decide to join a Medicare drug plan, your current Indiana Laborers Welfare Fund coverage will be affected.

You will no longer be eligible for Prescription coverage through the Plan.

If you do decide to join a Medicare drug plan and drop your current Indiana Laborers Welfare Fund coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?
You should also know that if you drop or lose your current coverage with Indiana Laborers Welfare Fund and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
For More Information About This Notice Or Your Current Prescription Drug Coverage…
Contact the person listed below for further information. NOTE: You’ll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Indiana Laborers Welfare Fund changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage…
More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:
• Visit www.medicare.gov
• Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
• Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Summary Annual Report for the
INDIANA LABORERS WELFARE FUND

This is the summary annual report for the INDIANA LABORERS WELFARE FUND, EIN 35-0923209, Plan number 501 for the period December 1, 2014 to November 30, 2015. The annual report has been filed with the Employee Benefits Security Administration, as required under the Employee Retirement Income Security Act of 1974 (ERISA).

Basic Financial Statement

The value of plan assets, after subtracting liabilities of the plan, was $239,798,708 as of November 30, 2015, compared to $252,406,642 as of December 1, 2014. During the plan year the plan experienced a decrease in its net assets of $-12,607,934. This decrease includes unrealized appreciation in the value of plan assets; that is, the difference between the value of the plan's assets at the end of the year and the value of the assets at the beginning of the year or the cost of assets acquired during the year. During the plan year, the plan had total income of $75,280,197 including employer contributions of $66,314,654, employee contributions of $8,298,306, realized gains of $1,034,747 from the sale of assets, and earnings from investments of $-1,662,124.

Plan expenses were $87,888,131. These expenses included $10,902,490 in administrative expenses, $76,985,641 in benefits paid to participants and beneficiaries, and $0 in other expenses.

Your rights to additional information

You have the right to receive a copy of the full annual report, or any part thereof, on request. The items listed below are included in that report.

- An accountant's report
- Financial information and information on payments to service providers
- Assets held for investment
- Transactions in excess of 5% of plan assets
- Insurance information including sales commissions paid by insurance carriers
- Information regarding any common or collective trusts, pooled separate accounts, master trusts or 103-12 investment entities in which the plan participates
To obtain a copy of the full annual report, or any part thereof, write or call the office of BOARD OF TRUSTEES INDIANA LABORERS WELFARE FUND, who is the plan administrator, 413 SWAN STREET, TERRE HAUTE, IN, 47807, 812-238-2551. These portions of the report are furnished without charge.

You also have the right to receive from the plan administrator, on request and at no charge, a statement of the assets and liabilities of the plan and accompanying notes, or a statement of income and expenses of the plan and accompanying notes, or both. If you request a copy of the full annual report from the plan administrator, these two statements and accompanying notes will be included as part of that report. The charge to cover copying costs given above does not include a charge for the copying of these portions of the report because these portions are furnished without charge.

You also have the legally protected right to examine the annual report at the main office of the plan:

<tr>
<td><strong>What is the overall deductible?</strong></td>
<td>In-Network: $300 ind./$600 family; Out-of-Network: $600 individual (no family limit). Doesn’t apply to In-Network preventative health or dental care.</td>
<td>You must pay all the costs up to the <strong>deductible</strong> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <strong>deductible</strong> starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the <strong>deductible</strong>.</td>

<td>Yes. For a list of network providers, see <a href="http://www.bcbs.com">www.bcbs.com</a>, or call Fund Office at 800-962-3158.</td>
<td>If you use an in-network doctor or other health care provider, this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the term in-network, preferred, or participating for providers in their network. See the chart starting on page 2 for how this plan pays different kinds of providers.</td>

**Questions:** Call 1-800-962-3158 or visit www.indianalaborers.org.  
If you aren’t clear about any of the underlined terms used in this form, see the Glossary. You can view the Glossary at www.cciio.cms.gov or call 1-800-962-3158 to request a copy.
Copayments are fixed dollar amounts (for example, $15) you pay for covered health care, usually when you receive the service.

Coinsurance is your share of the costs of a covered service, calculated as a percent of the allowed amount for the service. For example, if the plan’s allowed amount for an overnight hospital stay is $1,000, your coinsurance payment of 20% would be $200. This may change if you haven’t met your deductible.

The amount the plan pays for covered services is based on the allowed amount. If an out-of-network provider charges more than the allowed amount, you may have to pay the difference. For example, if an out-of-network hospital charges $1,500 for an overnight stay and the allowed amount is $1,000, you may have to pay the $500 difference. (This is called balance billing.)

This plan may encourage you to use In-Network providers by charging you lower deductibles, copayments and coinsurance amounts.

Special Notice for Class AS and Class S: There are no Maternity or Newborn benefits provided for Class AS and Class S participants.

Your Rights to Continue Coverage:
If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a premium, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact the plan at 1-800-962-3158. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or www.dol.gov/ebsa, or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or www.cciio.cms.gov.

Your Grievance and Appeals Rights:
If you have a complaint or are dissatisfied with a denial of coverage for claims under your plan, you may be able to appeal or file a grievance. For questions about your rights, this notice, or assistance, you can contact: the Fund Office at 1-800-962-3158 or the Department of Labor’s Employee Benefits Security Administration at 1-866-444-3272 or www.dol.gov/ebsa/healthreform.

Does this Coverage Provide Minimum Essential Coverage?
The Affordable Care Act requires most people to have health care coverage that qualifies as “minimum essential coverage.” This plan or policy does provide minimum essential coverage.

Does this Coverage Meet the Minimum Value Standard?
The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). This health coverage does meet the minimum value standard for the benefits it provides.

To see examples of how this plan might cover costs for a sample medical situation, see the next page.
## About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

**This is not a cost estimator.**

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.
Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don’t include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren’t specific to a particular geographic area or health plan.
- The patient’s condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers. If the patient had received care from out-of-network providers, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, copayments, and coinsurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn’t covered or payment is limited.

Does the Coverage Example predict my own care needs?

✓ No. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor’s advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✓ No. Coverage Examples are not cost estimators. You can’t use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ Yes. When you look at the Summary of Benefits and Coverage for other plans, you’ll find the same Coverage Examples. When you compare plans, check the “Patient Pays” box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ Yes. An important cost is the premium you pay. Generally, the lower your premium, the more you’ll pay in out-of-pocket costs, such as copayments, deductibles, and coinsurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
