*'For 6 Years you shall Sow your Field, and for 6 Years you shall Prune your Vineyard, and Gather in its Produce. But in the 7-Year, the Land shall have a complete Rest, a Sabbath to the YHVH.'* -Leviticus 25:3

The purpose of this study is to depict the Sabbatical Cycles or the Shemitah's since the Modern State of Israel was 'birthed' in 1948. Technically the 'notion' of a Nation, that of 'Twin' Jewish and Muslim States occurred after 1945 with the end of World War 2 in 1945. Note that this year was a Shemitah Year. The U.N. was formed that took on the British Mandate and decreed a 2 State Solution in 1947. The Muslims rejected the proposal and declared war on Israel. In 1948, Israel declared Independence and won.

However, most Prophecy Students assume that 1948 is the start of the 'Timeline' that will culminate in Daniel's final Shemitah or Tribulation Period that will also see the return of Jesus. This study argues that the correct Start Time is from 1952, when Israel observed its 1<sup>st</sup> Sabbath Cycle once it was brought back to the Promised Land as a Sovereign Nation. The point being that the 70-Year factor from Psalm 90 is being misapplied to 1948, when in fact it should be from 1952. This would give 10 Sabbath Cycles to culminate in the 11<sup>th</sup>, that of 2022, in the Fall.

The Number 11 signifies a time of Judgment which one could argue could very well be correlated to the Tribulation Period. This would also corroborate why at the end of each Shemitah Year, which is the 7<sup>th</sup> Year of the Cycle, there is an 'Economic Reset'. If one follows the World Market trends since 1952, one can easily correlate the World Economic Resets with the Shemitahs. Case in point of interest was the 49th Year or the end of the 7 Sabbaths since 2015. This time ended on September 2001. And that the Timeline was and is pegged to the Tetrad Blood Moon phenomena. It now becomes clearer that the mystery of the Olivet Discourse given by Jesus foretold in what order destruction was to occur with respect to the Temple, the City and then the Nation.

This is how they would be reconstituted in the End in preparation for the return of Jesus. The 'Birth' of Israel occurred before the Tetrad of 1949-50. Then the Liberation of the Old City of Jerusalem was recaptured during the Tetrad of 1966-67. It was not fully understood in how 'nothing' appeared to happen after the Tetrad of 2014-15. But in that 2-Year Window of 2017 and 2018, the 70-Year and 50-Year countdowns converged. Indeed, in 2017, Jerusalem was recognized as the Capital of Israel. In 2018, the Rededication of the Altar of Sacrifice was made, as it was exactly 70-Years when the Israelites returned to Jerusalem after the Babylonian Captivity and did the same.

## Meaning of Numbers 11

This to say that in YHVH's Mercy, a 7-Year Countdown and Warning as the Sabbath Cycle from 2015-2022 is the 10<sup>th</sup> since 1952. It is as if Christ Jesus is extending and giving a buffer of 7-Years for Israel, the USA and the World to repent in lieu of the subsequent 11<sup>th</sup> Tribulation Shemitah Years to occur thereafter. Thus, if this 1952-2022 timeline and theory is correct, then from Fall of 2022 to the Fall of 2029, will then have to correlate to Daniel's 70th Week. It will also be the 11<sup>th</sup> in the Sabbath Cycle since 1952, which in a Numerical Value means 'Judgment' or in this case, Tribulation.

The following is a Numerical Value study from biblestudy.org as it correlates to the 11<sup>th</sup> Shemitah or Sabbath Cycle to begin in the Fall of 2022 since 1952, after Israel 'entered' into the Promised Land in 1948. If the Cycle is valid and true, it would corroborate what events and the demeanor will constitute in the Last Shemitah or Daniel's 70th Week of Years. The Number 11 symbolizes Disorder, Chaos and Judgment. The Number 11 represents the irresponsibility of breaking the Law, which brings Disorder and Judgment. In Genesis 11, Mankind rebelled against YHVH and built the Tower of Babel. YHVH judged them by confusing Mankind's Language, resulting in 'Chaos out of Order'.

Jehoiakim, one of the last Kings over Judah, ruled for 11 years (609 to 598 B.C.). In terms of the Last Days, the Apostle John saw 11 things in connection with the Final Judgment in the book of Revelation 20:12-14. This segment and last Testament of the Written Bible comments on the events that will be perhaps occurring during the 11<sup>th</sup> Shemitah since 1952. Thus, this is why one believes the 70-Year countdown should be from 1952 when the modern State of Israel came back into the Promised Land and when the Sabbath Cycles started to then synchronize to the Agricultural Cycles.

Although Prophetic and Historic as 1948 was and is for Israel, the Psalm 90 70-Year Generation Factor should be pegged to 1952. This would then make Fall of 2022 to Fall of 2029 the next Sabbath or 7-Year Cycle. The Shemitah Year refers to the Last Year in the 7-Year Sabbath Cycle. In the present case, it is from Fall 2021 to Fall 2022. It is in the 7<sup>th</sup> Year where there is to be no Planting, Pruning or Harvesting. That is why, prophetically speaking, the Principle of the Shemitah Year does not apply to the Gentiles or even Israel presently, as it is the Age of Grace. Realize that the Jewish State is secular and the Farmers do not observe for the most part the Sabbath Cycles. Why not? Israel is not under the Headship or Lordship of the Messiah, Jesus.

But they will be starting in the Fall of 2022 to the Fall of 2029. Realize that the Jewish Years straddle the Gregorian Years. However, this Messiah will be the Imposter, the AntiChrist. Yet, the Prophetic Pattern remains as this overlapping time of Israel with the Church Age is a prelude to the Last Shemitah where it will be observed by National Israel and culminate with the return of Jesus. The question one and others propose, is that perhaps this Sabbath Cycle is the 70<sup>th</sup> Week of Years from Daniel. As the Week of Years is a Jewish Idiom for a 7-Year Sabbath duration of time. This is why the Tribulation cannot be only 3.5 years. Thus, the 'Last Shemitah' ends on September 11, 2029. Amazingly, this date will be Yom Teruah on the Torah Calendar. Can the Sabbath Cycle counts be incorrect? Sure. But it seems pretty amazing if it comes out to be true.

## Time is Up

And then others argue that the creation of the Modern State of Israel is an 'Imposter' and that the 'Jews' living there are not the 'Jews' of the Bible. Consider that this precise condition, spiritually would be the case as YHVH would indeed bring His Earthly People back to the Promised Land. This is foretold in Ezekiel in the account and condition of the Valley of Dry Bones. Israel would be reconstituted, Nation, City and Temple, but in Unbelief still. Thus, the question, if this in-gathering and accomplishment is not what YHVH meant, then at what time is there then the occasion where YHVH will be gathering the 'Jews' from the Nations in the End of Days? Where are they now?

And if one applies the Dispensational Template of the 1 Day = 1000 Years, the 6000<sup>th</sup> Epoch is about to conclude. This time sequence pattern would not leave enough time for reconstituting the 'True' Nation and Jews then. One contends that the reason for such an overlap of Dispensations currently in play with the Nation of Israel and the Church Age is that Christ Jesus is allowing for the Reconstitution of the Elements that were foretold by Him that were to be destroyed, the Temple, City and Nation. And that in that order, they are being Reconstituted. Why? It is in preparation for Jesus' 2<sup>nd</sup> coming as they were in place in Jesus' 1<sup>st</sup> coming.

Thus, the 7-Year Shemitah Cycle from 2015-2022 would be a countdown and an inference to the 7 'Good Years' of Joseph. This is then to be followed by the 7-Years of Bad Years of Famine, Pestilence and Drought, that is the Tribulation Period. So, this to suggest that there are several parallel timelines occurring that overlap each other. One is from 1948 when Israel became a Nation. Then with the Jubilee of the liberation of Jerusalem in 1967. Then the mysterious one connected to the coming rebuilding of the Temple. It could then be based on the Shemitah Cycle.

Then in tandem, one has presented the 33 Shemitah Countdown for the USA, that converges on 2022. This to say that the decline and dismantling of the USA is by design and it is to usher-in the Global Reset. So as to the question, what about the not 'Harvesting' on the 7<sup>th</sup> Year? To reiterate, realize that the Shemitah is not binding to the Gentile Church Age. And neither for the entire Jewish State, as it is 'Secular' presently. Most Jews are not 'Religious' and do not keep the Shemitah. Not even all the Farmers do, although increasingly many are starting to. It is currently an individual conviction and matter of conscious.

However, the Last Shemitah, one contends will converge on that having to be Daniel's 70<sup>th</sup> Week of Years. And as presented before, one contents that the Shemitah Sabbath Cycle of 7-Years specifically pertains to the Promised Land. And thus, an Israel issue that has to do with Israel not yet fully paying back for the Sabbaths the Promised Land was not allowed to Rest. It is akin to a National Debt of Years Israel still owes YHVH, and not the Church. Thus, the Bride of Christ, the Church Age has to end before the Last Shemitah 7-Year Sabbath Cycle is to be collected by Christ Jesus. The Bride of Christ cannot be made to pay for what Israel 'owes', etc. Thus, this is a case for the Pre-Tribulation Rapture sequence. But how does one know for sure that the Sabbath Count of the 7-Year Cycle are correct? It is not known for sure.

## **Why 1952?**

To reiterate, the year 1952 was the 1<sup>st</sup> Shemitah Year since Israel entered back into the Promised Land since 70 AD. But realize that the 'Shemitah' is referring to the 7<sup>th</sup> Year of the 7-Year Cycle. So, the 11th since 1952 will begin thereafter, thus from Fall 2022 to Fall 2029. And the Sabbath Cycles are based on when Israel entered the Promised Land with Joshua. So, sure, the timeline could be off. As to the question of how, now being in the 7<sup>th</sup> Year, (Fall 2021-Fall 2022) there is to be no Sowing, Pruning, or Harvesting. And as such, how is that relatable to the 'Harvesting' of Souls to close-out the Church Age then? Well, here is one's take.

### ***10 Reasons why the 2022-2029 Sabbath Cycle will be the 'Last Shemitah Cycle'***

- 1. Israel and Church Body are currently overlapping, as never before. It is the Age of Grace.*
- 2. Israel was brought back in Unbelief and Secular Modern State. So, no 'Collections' made yet.*
- 3. Israel is not now under the Headship nor Lordship of Jesus, the Messiah. But under Imposter.*
- 4. Israel's Farmers, for the most part are not observing the Sabbath Cycle Rest for the Land.*
- 5. Daniel's Last Week will consummate Promise to end issues with his Nation, City, Temple.*
- 6. Jesus is our Rest but that in the Tribulation Period, Israel will re-engage in this count. Why?*
- 7. Corresponds to Daniel's 70<sup>th</sup> Week, euphemism for a Sabbath Week where Debt is collected.*
- 8. Such 'Weeks' is what Israel still owes YHVH for not allowing Land to Rest, not Bride of Christ.*
- 9. The Psalm 90 factor of 70-years should thus be pegged to 1952, not 1948. = 2022.*
- 10. The Church Age has to conclude before the 11th one, which means 'Judgment' begins.*

But one does subscribe to the Sabbath or Shemitah Year Count based on the work of Floyd Nolan Jones and Sir Robert Richardson. And lastly that of the work of Ken Johnson. For example, in one's own investigation before one was even aware of these 3 Researchers mentioned, one's own research produced various Charts and Articles that kept coming-up with the year 32 AD. In discovering the research of Floyd Nolen Floyd and Sir Robert Anderson and of Ken Johnson recently, they confirmed independently that 32 AD was the Year of the Crucifixion and also thus of the Commencement of the Church Age, etc.

Nolen Jones maps-out when Israel started to mark the Sabbath Cycles of the Promised Land, and it was not on Year 1 when Israel first entered the Promised Land. And the point is that it not also for the Modern Israel in Year 1 or 1948. The argument is essentially that it is the same pattern now as it was then. That the year 1952 is based on this original 1<sup>st</sup> Cause and entering of the Israelites into the Promised Land. And then, only thereafter in which a full Shemitah Cycle was observed later. It was from this Year Count that then synchronized the Nation with the Agricultural Harvest, etc.

And right down to 1952 and perhaps even the start of the Last Shemitah, to conclude the Promised made to Daniel. And notice that these Promises were pertaining to Daniel's Nation, City and Temple, not the Church Age Economy. So, this is the rationale and logic behind the theory. However, the count can be incorrect and, in that case, the whole Thesis is and will be off. But it is exciting to realize that regardless of the exact year, the Season of the Rapture and the soon transference to the Dispensation back to Israel is at the door and will occur in one's Generation.
