MENTAL HEALTH AND THE HOLIDAYS

Happy Fall !!! We are now entering in the best few months that Arizona has to offer. Hopefully you can get out and enjoy this weather. I thought since I have been your abatement detective for the last year, I should properly introduce myself.

In May of 2000 after spending 4 years in **THE United States Marine Corps**, I began my career on the streets of Phoenix out of the Desert Horizon Precinct for the next 10 years.

In Aug of 2010, I was privileged to be on one of the first NET teams in (the brand new) Black Mountain precinct. In June of 2015, I took a position on the department's Employee Assistance Unit (EAU), where the motto is "Serving those who serve others".

So, what is EAU? This is the unit devoted to the mental health and welfare of all the police department's employees, both civilian and sworn. Our role during critical incidents is to assist officers involved with Critical Incident Stress Management (CISM). This allows an officer to process what happened when they are involved in such an event. CISM is not an investigation, but is simply meant, as we like to say, to bring the officer back down to earth. These incidents can be anything involving great stress to the officer(s) on scene. Officers are often the first to arrive on scene and these incidents can leave a lasting effect in a person's mind. Part of my job was to help provide resources to the officers or their families in the event they needed help.

Mental health if left unchecked, can ruin an individual's life before they even notice that they have a problem. Getting treatment for a mental health concern has had a negative stigma for years. EAU is trying to change that.

Mental health doesn't just affect public safety; it can affect anyone of us in the community. If you suspect someone you know is suffering and needs help, I encourage you to help get them the resources they need.

There are several resources in Arizona for someone who experiencing a crisis. Just a few resources are listed below:

- 1) Suicide Prevention Hotline- 1-800-273-TALK (8255).
<https://www.sprc.org/about-suicide>
- 2) Suicide prevention/survivor meetings-
www.healinghearts.com
Email: info@azhealinghearts.com.

Individuals may also visit www.dreamcitychurch.us for registration and meeting information.

- 3) Southwest Behavioral-
<https://www.sbhservices.org>
Administrative office: (602) 427-4600
Crisis Line: (602) 222-9444 or (800) 631-1314 TTY (602) 274-3360 or (800) 327-9254
- 4) Community Bridges Inc. (CBI)-
<https://new.communitybridgesaz.org/>
1-800-662-HELP (4357)

For some, the holidays can be a tough time of year. I ask that you look out for those around you pay close attention to not only what they say, but (probably more important) HOW they say it. Body language can speak volumes. And if you notice something, say something. It's better to ask the questions or tell someone who can help, than to stay quiet.

Check Your Junk and Spam Folders

At the last meeting several people told me they did not get the reminder email. Later one of the people that did not get the email told me she found it in her email program's "junk" folder. I copy my own email address on these email blasts to make sure they go out correctly, I found mine in the "spam" folder. To fix my email issue once I found the email was incorrectly sent to spam I selected the "this is not spam" option and have gotten the other emails sent from Samaritan.

Now this might not be helpful for those who are not getting these emails currently since they won't get this to read it but if you stop getting these messages in the future or if you hear of another PNP member who has stopped getting them, have them check their junk and spam folders. Each email program has different ways to prevent email from being mistakenly sent to junk or spam. We are not experts on every possible email program in use, so the end user will need to determine what needs to be done with their chosen program, if often includes steps like, adding the sender to the safe sender list, adding the sender to a contacts list or simply checking the this is not junk/spam button.

User Names

When new PNP members are added to the Samaritan program we assign them a User Name that consists of the initials of PNP, a zero and end in the person's PNP badge number. We do this for several reasons. First it makes the PNP members easy to find in the Samaritan program which is used by all other volunteer programs in the city of Phoenix. Second it verifies the person has gone through the PNP class and was assigned a badge number and it prevents us from entering a duplicate record.

Recently a good number of records were no longer in the PNP record area of the program, we were able to find the mis-assigned records because of the User Name beginning with PNP and re-assign them back to the PNP area.

Resetting Your Password

If you forget your password, the easiest way to reset it is not clicking the "Forgot Your Password?" link below the login area. Instead send an email to either PNP.Coordinator@phoenix.gov or brian.kornegay@phoenix.gov requesting your password be reset.

Reporting your PNP hours (Logs)

Please double check you have all your hours entered. Don't worry if they are late, they still count. Please try to have this done monthly if possible. Thanks!

PNP PATROL OPPORTUNITY!

**Next First Friday's Art Walk PNP Patrol
FRIDAY, NOVEMBER 1st - 7:30 PM to 10:00 PM**

PNP Member Rick Sain is coordinating this event please make sure you let him know if you plan on working it. Also make sure he has your cell phone number, so he has a way to contact you if there are any last-minute changes. We meet at 7:30 pm and start our patrol at 8:00 pm, and we get done around 9:45 - 10:00 pm.

We have a new meeting place the address is 1202 N. 3rd St. next to the Phoenix Center for the Arts. It is a big parking lot, but it fills up fast. **PLEASE LET RICK KNOW IF YOU CAN MAKE IT.** This way he can try and block off some parking spots for PNP Members.

If you have questions about this event or to sign up contact Rick Sain at ussyorktown25@hotmail.com or on his cell phone at 602-799-0143. If you have trouble finding the location that night call Rick's cell phone.

This is a walking patrol...

PLEASE CALL IF YOU CAN MAKE IT! Contact:
Rick Sain at ussyorktown25@hotmail.com or
at 602-799-0143

If you have a PNP/BW Pro Comm radio please bring it as there will be few extras on hand to pass out.

These group patrols are a great way to get patrol training and practice with the portable radios or for the newer PNP members to get some patrol time with experienced members.

PUEBLO GRANDE INDIAN MARKET

It is that time again to sign up for the Pueblo Grande Indian Market. The dates are December 14th & 15th. Please call or e-mail me for patrol shift availability between 8 am and 4 pm each day.

Next Breakfast will be on Friday, November 22nd at 7:30 am
See you at the Double Tree Hotel Phoenix North at Metrocenter.

Snapshot of the October 25th Breakfast:

-Guest speaker Water Services Deputy Director Darlene Helm, provided insightful knowledge regarding the Drought Pipeline Project and just how critical it is to ensure supplying water to all our residents. The infrastructure improvements are to provide water supply to our current residents and to serve our customers and build resiliency into our water system. The Water Services Department needs to build the infrastructure to move local water supplies north, currently the northern portion of our city is dependent on the Colorado River.

-Farwell and best wishes were sent to Commander Tom Van Dorn on his new endeavor with The Maricopa County Attorney's Office.

ABOUT THE CENSUS – ICOUNT 2020

As mandated by the U.S. Constitution, America gets just one chance each decade to count its population. The U.S. Census counts every resident in the United States. It is mandated by Article I, Section 2 of the Constitution and takes place every 10 years. The data collected by the decennial census determine the number of seats each state has in the U.S. House of Representatives (a process called apportionment) and is also used to distribute billions in federal funds to local communities.

The next Census in 2020 will require counting an increasingly diverse and growing population of around 330 million people in more than 140 million housing units. To get an accurate count, the Census Bureau must build an accurate address list of every housing unit, maximize self-response to the census, and efficiently follow up with those who do not respond.

Why a Census? The information the Census collects helps determine how more than \$675 billion of federal funding is distributed to states and communities each year. In Phoenix, an accurate 2020 Census count represents \$533/per person totaling an approximate amount of \$866 million/a year. This funding helps to provide vital resources, programs and services such as housing, transportation, education, public safety, and so much more.

History of the Census Thomas Jefferson led the first census in 1790. It had six questions: name of head of family and the number of persons in each household in five categories. For more information please visit <https://www.phoenix.gov/governmentrelations/2020-census>.

DON'T GIVE TO INDIVIDUALS GIVE TO SHELTERS

To end panhandling, we have to end directly giving to people panhandling. Phoenix is full of compassionate and charitable citizens. They want to help those in need. However, giving money to people panhandling doesn't fix problems. In order to truly help those in need, stop giving money to panhandlers and instead support organizations and services that provide long-lasting care. – Central Arizona Shelter Services – Andre House – Salvation Army – St. Joseph The Worker – UMOM New Day Centers – The Phoenix Rescue Mission – St. Mary's Food Bank For more organizations and information that can provide housing, or other services, please visit the Homeless Shelter Directory at: <https://www.homelesshelterdirectory.org/cgi-bin/id/city.cgi?city=Phoenix&state=AZ>

FAREWELL AND BEST WISHES TO CMDR. TOM VAN DORN

ON HIS RETIREMENT FROM PHX PD!

The Black Mountain Community Alliance gave Cmdr. Tom a Certificate of Appreciation and a beautiful hand-crafted glass sculpture of Black Mountain with the Thin Blue Line by Monte Fremouw.

Black Mountain Precinct Updates by Cmdr. Tom Van Dorn

Cmdr. Tom Van Dorn announced he is retiring from the Phoenix Police Department. His last day with the City is November 1, 2019. Current Lt's. will take a Commander test for the vacancy. If the position hasn't been filled prior to his

leaving Lt. Bryan Knueppel will be the acting Commander until the new Commander is selected. Cmdr. Van Dorn has been invited by the newly-appointed Maricopa County Attorney Allister Adel to join her transition team. The group has been tasked by County Attorney to develop high-level strategic priorities to guide her as she creates a meaningful and measurable vision of the county attorney's office. His new title will be County Attorney Special Assistant First Responder Liaison. He will be the liaison to all seventeen agencies in Maricopa County between them and County Attorney Adel. He reminded everyone he has a dual degree, other being in law. He wanted to thank everyone for our support and being a partner. The Police Department couldn't do their jobs if it wasn't for community and business partnerships. Cmdr. Van Dorn did a quick precinct update. He talked about the homicide in the Deer Valley Park in the early hours this morning. He reports thanks to our officers and the Neighborhood Enforcement Team (NET) from Black Mountain Precinct there are no outstanding suspects, everybody has been arrested less than a twelve-hour period. This was possible with the cooperation from the community and the cooperation from others that were involved.

G.A.I.N. Event is coming up. Getting Arizona Involved in Neighborhoods (GAIN) event will be October 19th. This is a day for Arizona to join forces and promote awareness, safety and neighborhood unity and it showcases the importance of police, fire and first responder community partnerships and citizen involvement in our fight for a safer Arizona.

Cmdr. didn't have anything else about the precinct so he took questions and asked the patrol officers in training from Black Mountain Police Precinct to introduce themselves. Cmdr. Tom wanted to thank everyone in the Black Mountain Precinct.

ANNOUNCEMENTS

-Before the break-out session Sgt. Warren wanted to announce Phoenix Police and Dispatchers for the Women's Health and Fitness Expo at the Phoenix Regional Police Academy located at 10001 S 15th Ave on Saturday November 9, 2019 from 9am-12pm. Come out and join us.

-Jerry Ketelhut spoke about Daring Adventures. Daring Adventures in partnership with the City of Phoenix and Village Meadows Concerned Citizens Block Watch invites you to the "YOU Can! Fest 2020"! The event will be held at Telephone Pioneers of America Park, 1946 W Morningside Drive, the first barrier free park built in the nation in 1988. This event is to bring awareness of everyone's ability to recreate, the beautiful accessible park, and other resources/services that are available for ALL ABILITIES in the city of Phoenix and surrounding areas. We are here to show you that with services and support, you can do anything that you set your mind to. Come out to "You Can! Fest" on February 1, 2020, 10am-2pm. It's free and bring the whole family and friends.

PRESENTATION:

CRISIS INTERVENTION TEAM

with Detectives Eddie Saldivar & Ella Geiger

Candice introduced Detective E Geiger. The Crisis Intervention Team (CIT) is an innovative first-responder model of police-based crisis intervention with community, health care and advocacy partnerships.

Our Mission is to provide law enforcement-based crisis intervention by assisting individuals with a mental illness, and improve the safety of patrol officers, consumers, family members, and citizens within the City of Phoenix.

The Phoenix Police Department has several hundred CIT trained officers working as 1st responders. In addition, there are two full-time CIT squads who collaborate with behavioral health partners to connect members of the community to the proper crisis services.

If you or someone else is in immediate danger, including a person in crisis or who is suicidal, please dial 911. For any crisis situation where a police officer is not needed, you can contact the Crisis Response Network at 602-222-9444.

He answered questions from the audience.

CRIME TIPS:

IT PAYS TO BE CAREFUL AND TAKE PRECAUTIONS WHEN USING PUBLIC WI-FI

Wi-Fi is everywhere today, with cafes, libraries and even laundromats offering access to free Wi-Fi networks. And a lot of us take advantage of this, with an AARP survey showing that about 4 in 10 U.S. adults use free Wi-Fi at least once a month. And while it's a great modern convenience, it does come with risk. Many public networks lack strong security protections, which makes it easy for tech-savvy scammers to break into them and take advantage of unwary users — many of whom are doing a lot more than just looking up restaurants or checking the weather. That doesn't mean that you should never use public Wi-Fi, but it pays to be careful and follow some basic precautions.

HOW IT WORKS:

- One way scammers try to get your data in a place with public Wi-Fi is by setting up an "evil twin" network. This Wi-Fi network has a similar name to the one you are expecting to use, and the scammers hope that you will mistakenly connect to it. Once you do, the scammer can access all of what you access within it. Typing in a password? The scammer can grab that. Shopping online? The scammer can nab your credit card details.
- Another ploy scammers use is a "man in the middle" attack. In this setup, the scammer sits between you and the Wi-Fi access point to try to intercept your data. As with the evil twin scheme, the goal is to steal passwords, credit card information or anything else of value.

WHAT YOU SHOULD KNOW:

If a public Wi-Fi network does not require a password, it probably isn't secure.

If you are prompted to enter a credit card to access the public Wi-Fi network, be wary. This could be a scammer trying to get you to enter your credit card information to steal it.

WHAT YOU SHOULD DO:

Avoid using public Wi-Fi to conduct online banking or make purchases. Also, avoid checking email or social media where your passwords or data can be exposed. Stick to browsing news, sports, weather or traffic.

If you access public Wi-Fi more than occasionally, look into installing a Virtual Private Network, or VPN, which will help protect your data.

Make sure your device is set so that it does not automatically connect to available public Wi-Fi access points.

If you have been victimized by a scammer on public Wi-Fi, call the AARP Fraud Watch Network Helpline at 1-877-908-3360 for guidance and support. For more information on the Helpline, visit aarp.org/fraudhelpline.

FREEZING YOUR CREDIT CAN FREEZE OUT WOULD BE SCAMMERS

Guarding your identity and credit doesn't have to be expensive. In fact, one of the most effective ways you can help protect yourself is with a free credit freeze.

A credit freeze safeguards your credit and is the most effective way to protect against identity fraud. With a credit freeze, an identity thief is unable to obtain credit in your name, thereby greatly minimizing the potential damage that identity theft can cause.

HOW IT WORKS:

Fraudsters can use information gathered from data breaches to establish credit in another person's name, posing significant

financial liability on the unsuspecting consumer and negatively affecting the consumer's credit rating. With a freeze in place, no one can open a line of credit in your name.

A credit freeze restricts access to your credit file, so you will need to lift the freeze before applying for new credit, and then refreeze it. (These steps are free.)

You can freeze your credit by phone, online or by mail with all three credit bureaus: Experian, Transunion and Equifax.

WHAT YOU SHOULD KNOW:

In most states, credit freezes remain in place indefinitely, and are only lifted when you ask for it to be. But in a few states, they expire after seven years.

A credit freeze does NOT affect your credit score.

WHAT YOU SHOULD KNOW:

If you are not planning to request a credit line anytime soon (say for a car purchase, mortgage or credit card), set up credit freezes today to protect against identity fraud.

Parents should also consider freezing their children's credit. With a Social Security number and a clean credit history, identity thieves can apply for credit cards, loans, utility service or even government benefits in your child's name — or attach any name and date of birth to create a false identity under that Social Security number.

If you believe you may have fallen victim to fraud, call the AARP Fraud Watch Network Helpline at 1-877-908-3360 for guidance and support.

When it comes to fraud, vigilance is our number one weapon. You have the power to protect yourself and your loved ones from scams. Please share this alert with friends and family and visit the [Fraud Watch Network](http://aarp.org/fraudhelpline) for more information.

Big jump in Litter Hotline reports with new contact options in place

Many more Arizonans helping 'Keep Arizona Grand'

PHOENIX – Litter Hotline reports are up significantly since the Arizona Department of Transportation began offering even more convenient ways for citizens to reach out when they see motorists trashing state highways.

In recent months, ADOT has created a new Litter Hotline website, Litter.AZ.gov, for online reports of littering and made it possible for witnesses to call in reports by simply calling 511, the Arizona Traveler Information phone line. Meanwhile, ADOT processed 1,405 littering reports between April and September of this year, a two-thirds increase from the 839 processed in the same period of 2018.

"State highways make an important first impression on those visiting this beautiful state that is home to the Grand Canyon, one of the natural wonders of the world," said Mary Currie, who manages ADOT's Adopt a Highway programs. "This dramatic increase in litter reports is a strong sign that Arizonans want to help Keep Arizona Grand." Based on Litter Hotline reports, including the license plate number and vehicle's make, ADOT sends the registered owner a letter noting that littering is illegal, is costly to clean up as well as unsightly, and can result in a \$500 fine. The letter includes a small litter bag suitable for use in a vehicle.

ADOT spends more than \$4 million a year removing trash along state highways.

Complementing the efforts of those making Litter Hotline reports, ADOT's nearly 10,000 Adopt a Highway volunteers last year cleaned up tons of litter – nearly 13,000 bags in all – along about 1,700 of state highways, saving the agency around \$500,000 that can be put to other uses.

ADOT's I-17 wrong-way alert system wins national safety honor

*National
Roadway Safety
Award
recognizes
system being
tested in
Phoenix*

PHOENIX – The Arizona Department of Transportation has received a 2019 National Roadway Safety Award for the wrong-way vehicle alert system being tested on Interstate 17 in Phoenix.

ADOT's project is one of seven nationally to receive the awards, in which the Federal Highway Administration and Roadway Safety Foundation recognize roadway safety achievements that move the United States toward a goal of zero deaths and serious injuries on the nation's roadways.

"This award acknowledges a key part of Arizona's aggressive, coordinated response to reduce the risk of serious crashes caused by wrong-way drivers and make our roads safer," Governor Doug Ducey said. "In addition to innovative engineering that's leading the nation, we've increased penalties for those who drive the wrong way while impaired and invested in having more state troopers patrolling during nighttime hours, when wrong-way driving occurs most. We have more work to do, and improving safety for all our road users will continue to be a priority."

This first-in-the-nation, \$4 million system installed along 15 miles of I-17 uses thermal cameras to detect and track wrong-way vehicles while also immediately alerting ADOT and the Arizona Department of Public Safety. This can save state troopers valuable time in responding to incidents rather than waiting for 911 calls from other motorists, while also allowing ADOT to quickly alert other drivers via overhead message boards.

Since ADOT installed it in early 2018, the I-17 system has detected more than 90 wrong-way drivers, nearly all of whom turned around on off-ramps.

The system's 90 thermal cameras are positioned to detect wrong-way vehicles entering off-ramps or traveling along I-17. A detection also triggers an internally illuminated wrong-way sign with flashing red lights aimed at getting the attention of wrong-way drivers.

ADOT is completing an evaluation of the I-17 system to determine which elements should be used on other freeways, including the Loop 202 South Mountain Freeway.

For more information on the award, please visit RoadwaySafety.org.

BLIGHT AND ZONING LAWS

STRUCTURES: The maintenance of a home is the responsibility of the property owner. Any wood, siding, shingles, roof covering, railings, fences, walls, ceilings, porches, doors, windows, screens and other exterior parts of any structure on the property must be maintained in weather tight, sound condition and in good repair. The property owner is responsible for making sure there are no doors or windows left open and not secure to the outside. *FOR HELP call the Preservation Division of the Neighborhood Services Dept. at 602-495-0700 to see if you qualify for a free Grant!*

OUTDOOR STORAGE: All outside storage that can be seen from the street should be inside sheds or cabinets. Items should not be set in car ports in view of the street. Please use enclosed areas or backyards.

JUNK, TRASH & DEBRIS: Junk, trash and debris cannot be left in the yard or car port and must be properly disposed of. This includes junk auto parts, appliances, furniture, building and/or landscaping material, trash such as discarded papers, cardboard, plastics, etc. including tree trimmings and fallen limbs or any other items that appear to have been discarded. The only exception is during the Bulk Trash Collection weeks four times a year.

PARKING: Parking is only permitted for passenger cars and motorcycles on residential streets, on driveways or in garages. A driveway or parking area must be constructed with an approved dust free parking surface. The stone must be 1/4 -3/4 in size with a permanent border holding it in. 1/4 minus size stone is not allowed for parking. There are limits to the amount of front yard area that can be used for parking. Only 35% of the front yard may be converted to driveway or dust free parking.

GRASS AND WEEDS: Grass and weeds must not be allowed to grow over 6 inches high due to fire hazard, allowing the weeds to go to seed and spreading throughout the neighborhood and insect infestation.

ELIMINATE GRAFFITI: Keeping the neighborhood graffiti free is something we can all do. If there is graffiti on your property, please remove it as soon as possible. The Graffiti Busters Program provides paint, supplies and training to assist groups with eliminating graffiti. The City will also remove the graffiti from private property with written permission from the property owner. Call 602-495-7014.

Neighborhood College is a one-of-a-kind collaboration of workshops and hands-on learning experiences brought to you by multiple city departments. The intent of the program is to provide each participant with knowledge about the city's programs, services and resources; the tools to access those resources; and the skills and ideas with which to build positive, sustainable communities. Everyone is welcome! Regardless of whether you're a seasoned community leader or a new resident just looking to get to know your new home better, Neighborhood College is flexible enough to meet the needs of all Phoenix residents! We hope to see you at one of our many free workshops – and encourage your neighbors to do the same. **To sign up, call us at 602-534-4444. Online registration:** We've partnered with the Parks and Recreation Department to use their online enrollment process. You will be taken to "Parks and Recreation Online" where you will need to sign up for a free account. This is a one-time process that will only take a few moments. You will then be able to use the site in the future to sign up for any additional workshops.

WHEN YOU CALL 911 - KNOW THE 10 W'S

"Call if you can. Text if you can't." was the key message rolled out during a press conference on April 2nd as text to 9-1-1 service capability becomes available for the first time in the greater Phoenix region. If you are in imminent danger and unable to talk to a 9-1-1 operator, you now have the ability to text to 9-1-1. The service goes live following months of collaboration between numerous public agencies and advocates for the disability community.

TO TOUR THE CITY OF PHOENIX

LABORATORY SERVICES BUREAU

Every Tuesday and Thursday at 10 am and 1 pm, we hold tours of our building at 621 W. Washington Street for those who are interested in Science, Biology, Crime Scene, Evidence Processing, etc., or what it is we actually do. It has become a very sought after event for many citizens of Phoenix and visitors to our state. I want to go a step further and extend an invitation to other stakeholders throughout the City of Phoenix, community groups and organizations, but most importantly your organizations – Black Mountain Community Alliance and the East Black Mountain Partnership.

I feel it is very important for not only our citizens to understand what it is we do behind our walls. This will give you all a great opportunity to understand what happens on the back side of the crime we hear about daily and helps you all understand the need for our services to the community.

I am opening our doors to you and would love to have as many of your organization attend a short tour of our building at your convenience and pleasure.

BLOCK WATCH IMPROVES THE QUALITY OF LIFE WITHIN NEIGHBORHOODS

Block Watches come in all sizes. They can be a few houses in a cul-de-sac to a whole square mile neighborhood. They help to develop a "sense of community" and strengthen and sustain neighborhoods by bringing residents/neighbors together with a common interest.

Every Block Watch starts with one person and their concern for the safety and well-being of themselves and their families. Their motivation may be to meet or get to know their neighbors to protect the children, to keep property values up by eliminating blight and graffiti, to stop speeding on the streets by installing speed humps to protect the children, to have peace of mind by discouraging barking dogs and loud parties, and to be safe from crimes like burglary, theft and assault.

We all want to live in a safe and secure environment. Our homes should be safe havens. By rights there should be several layers of protection from the national level to our own neighborhoods. National and state governments provide control of our borders; state and city governments provide police and fire protection, education, and other resources, community member groups provide Phoenix Neighborhood Patrollers and the posting of PNP signs on neighborhood streets; Block Watch provides neighbors watching out for neighbors; and we provide our own home security alarms, lighting and burglary prevention measures.

NEW 2020 BLOCK WATCH GRANT INFORMATION

The 2020 Neighborhood Block Watch Grant Program (NBWGP) application process will open Friday, November 1, 2019. The deadline to submit completed applications is Thursday, December 5, 2019, by 4:00 p.m. Arizona local time. The NBWGP program provides an opportunity to enhance the safety and quality of life in the City of Phoenix through empowerment of community groups. NBWGP funds offer neighborhood groups the resources to create new and innovative programs and activities designed to prevent and reduce crime in their community.

Detailed information regarding the 2020 NBWGP grant application process is available online.

<https://www.phoenix.gov/police/neighborhood-resources/block-watch-grants>

NBWGP staff will provide training on how to submit a 2020 Neighborhood Block Watch Grant Program application. The training will cover registration in the Grants Management System (GMS), creating a new application, entering budgets, uploading documentation, printing reports, and application submission. Staff will also cover eligibility criteria and will be available to answer questions.
