NOON – 4 PM

DJ ZERO

GAMES PHOTO OPS

JEWELRY * CLOTHING * MORE

Exciting things are planned for the 2nd Annual Lake Alfred Heritage Festival. It's our goal to present unique, interesting, educational aspects of Lake Alfred History, as well as, our rich American Heritage over various decades and centuries. As you explore each section of the Festival throughout the day, you'll be delighted and informed at the same time. Of course, you'll also find sections that are just plain fun!! Something for young and old alike . . . Don't miss it!!

OUTSTANDING AMERICAN HISTORY DEMONSTRATIONS

★ Unforeseen circumstances have prevented Native American Historian Jim (Sawgrass) Boettner from participating this year, as previously advertised. Jim has worked diligently with us to find excellent replacements well-known and recommended by him . . . THE SHOW WILL GO ON!! We are pleased to present **Jeremy Bryant** who will educate us on Native American history and culture. Jeremy will be joined by **Otter Oliver, wife Dakota Shaw, and young son Denni** who will delight us with Native American Dance and Song. They will perform several designated segments during the afternoon and will be available throughout the day to pose for photos and answer questions regarding their encampment, clothing, and culture.

★ This year with the help and support of the **Florida Frontiersman, Inc.**, a non-profit organization committed to preserving our American heritage and values, we're introducing "Lake Alfred Junction" an authentic 1700-1800's Pioneer Village. You'll find Settlers, Soldiers, Trades People, Indians and others displaying period appropriate clothing and surroundings. Feel free to interact and ask questions. The Florida Frontiersmen, Inc sponsor the Alafia River Rendezvous which is conducted each January on their Homeland, FL property. We hope to feature "Lake Alfred Junction" year after year. Details at: <https://www.alafiariverrendezvous.org/>

★ **Civil/Seminole War** uniforms, artifacts, and history presented by Glenn Barfoot and Associates; Additional highlights on Lake Alfred's Black History by Historian/Researcher, Dean Moss McCracken on the **History of the Rosenwald Schools** and Community History by the Friendly Garden Club; **Historic Quilt Display and Quilt Appraisals; Education on Historic Use of Florida Plants** and More!
