Neighborhood Association Elections on November 27, 2018

It's been two years since the current Board was elected, which means it's time for us to vote on a new board to represent our neighborhood. We will be voting on new officers at our next meeting on Tuesday, November 27th—

the FOURTH Tuesday of the month. Three of our current board members are not seeking reelection, which means your involvement is needed now more than ever. The current nominees are:

President Earl Harding

Vice President Boris Pilev

Secretary Catherine Wusterhausen

Treasurer Mr. David Risher

You can still nominate yourself or another resident for a position if you are interested. Even if you don't want to serve on the board, we strongly encourage everyone to come to the meeting to meet and cast your vote on the new members. This neighborhood association can't go on without your involvement and support!

Speeding on Coronado Hill Dr.

There continues to be significant neighborhood concerns regarding speed along Coronado Hill Dr. within our neighborhood.

The neighborhood association

contacted the Austin Transportation Department requesting a reduction in the posted speed limit. Based on that request the department responded

indicating that they will be conducting a transportation study to monitor and collect data. The department will use the study findings to determine whether the speed limit will be adjusted. The study will take several weeks but the neighborhood association is hopeful that speed limit will be reduced. In the meantime the association is placing signage along the street reminding drivers to slow down.

ST. GEORGE'S COURT FIRE

In the wee hours of October 17th eight units were damaged—four by fire, four by water—and then the rains came!

All residents have been placed in other housing and all wish to return after the reconstruction which could take as much as a year.

Many folks will be in need of household items when they return.

Mr. Franklin, of St, George's Court, will let us know when and what is needed.

The cause of the fire is still being investigated.

Let's keep them in our thoughts.

Foster a Pet from Austin Pets Alive!

What is a Foster Home?

A foster home is a temporary living situation for pets in our program while they are awaiting placement in a permanent home or to move into one of our onsite adoption programs. Foster families provide shelter, food, care and love. The number of animals we can save depends entirely on the number of people who open their homes and hearts to foster them.

Why Foster?

Because many of our dogs and cats cannot go directly into one of our onsite adoption programs, the only way we can save these animals is with the help of foster homes. Our young kittens and puppies need to stay in foster until they are old enough to be adopted. Older pets who are ill or injured may need to stay in foster care until they are well enough for adoption.

In some cases, a foster home is needed to help an animal transition from the stress of living at the shelter. For some dogs and cats, they will need to stay in a foster home until they are adopted.

Being a pet foster family has rewards beyond the essential value of helping a pet in need find a new home. For some, it is a chance to have an animal companion without a lifetime commitment, or to try new companions for an existing pet. For others, it is the special challenge of helping an animal recover from an illness or injury, the trauma of losing a beloved owner or home, or to decompress. Occasionally, it's the joy of giving extra TLC to kittens and puppies too young to be adopted.

How Long Can I Expect to Foster a Pet?

Fostering experiences can range from a couple of weeks to months, but we do require a minimum 2-4 week commitment for most animals.
