### **What you will need to do:**

J&D Trans and Araho will be working together, **so it is very important to e mail any and all paperwork to all 5 contacts noted above at J&D and Araho.**

Please note the following steps are critical to proper delivery to the Boston Convention Center. We cannot stress the importance of proper paperwork and timely communication. We cannot be held accountable for easily avoidable mix-ups.

1. **Bill of Ladings** - *ALL bill of lading used/sent MUST have the Company name, Booth number and specific instructions clearly documented.* Hundreds of shipments are delivered for this event, so please follow these steps to ensure instructions are

clear and concise. Special requests after the fact are impossible to keep track of and mix up's are inevitable.

**2. Cases/Boxes marked "Frozen, Fresh, non-Perishable"** - Each and every case/box must be marked properly(Labeled) as frozen, fresh and or non perishable. This must be done before product is shipped. This cannot be done at consolidation point or after. *Shipments are often commingled on the trucks and at destination, therefore any unmarked packages may not be delivered as required. All UNMARKED cases will be put in the freezer!!!*

**3. Product Delivery to Araho Transfer** - Shipments must be arranged to arrive in Boston (Araho Transfer) by Wednesday, March 07th. *J&D is a local Boston carrier, we cannot originate any air shipments, Customs clearance and/or long-haul shipments. Our customers must arrange to get the shipments to Boston.*

**4. Pick-up at Logan Intl Airport** - We CAN arrange(Araho Transfer will pick up) to have your air shipments picked up at Boston Logan Int Airport etc. All air-freight/airport fees **must** be prepaid by customer or broker. Please provide with as much notice as possible and ensure you notify all 5 emails above, with all freight details:when air-freight will be delivered, how much product and type of product (Frozen, Fresh, Non-perishable). We cannot and do not have any capabilities to clear shipments(Customs) and or pay any charges at airport. Our drivers do not carry any cash, please have everything prepaid.

We appreciate your business and look forward to providing services to the Seafood Expo North America. It is very important that these instructions are followed. As you know communication is the most important ingredient to success. We will do everything possible to ensure your product is delivered correctly, again communication is key.

*Additionally, the show is located in New England and weather can be unpredictable, we always suggest to ship earlier than later due to inclement weather that may affect deliveries. We will do everything and anything we can on our end to ensure all goes smoothly.*
