The Lord's Heart is Heavy

January 2nd, 2022

The Lord bless and prosper you and your souls, my dear Heart Dwellers.

Today we had to move around a little bit to switch places and make everything work comfortably because of the advent of a new dog and that was accomplished but I noticed when that was being done I could hear the radio chatter and it was so sweet to hear the community talking back and forth and offering to do this and offering to do that and helping, and it was just beautiful to listen to and when I came into prayer, I said Thank You Lord for this beautiful, loving community.

Thank you for the wonderful blessings and protection You surround us with every moment of every day. Please help us to correspond to them and use them to the fullest.

Jesus began, *"I am nudging you towards your music not only because of how it will minister but also to lift your spirits and give you strength. All of you, My faithful ones, all of you have gifts I have given you to use. Even as the song says, 'Christ has no Body here on Earth, except your hands, your gifts and talents to encourage others.'*

"It is important that each one of you cultivate your gifts as well as participating in community projects such as moving brothers or sisters to their quarters.

"It is a beautiful thing for Me to see when you all band together and do what needs to be done. It is an example to the world of your selflessness, and I will surely reward you for it. Always make haste when the time is dark, always stay busy with what you know I have appointed you to be busy with.

"It is in this diligence with prayer and works of mercy that I find much consolation. Today was a good example of that. As you reached out to help one another, I found joy in each of you. Dear ones, there is very little each day that brings Me joy on this Earth. So, when you do things for one another I am greatly edified. I in turn will do more for you.

"I want you to know that your prayers and sufferings for President Trump are hitting the mark and changing history. Please do not stop."

Lord, I am carrying him in my heart, I have an extremely hard time forming a thought prayer in my mind, it is just something in my heart that I am carrying. Does that count as prayer?

Jesus answered, *"It does, especially when the burden is great and the whole world is in there with him."*

So, I am praying for him and for the whole world just by carrying it in my heart as an ache, constantly aware of it.

Jesus continued, *"There are innumerable ways in which things are brought forward to the Father and presented to Him in your hearts. All ways are acceptable but especially the pain in one's heart. That is what is happening in Ezekiel's body right now, and it is very rough."*

Lord, why am I feeling that You are distant right now?

He answered, *“There is so much suffering going on in the world right now Clare, so very much and how can I keep it from you? I cannot. Just unite yourself to Me in your sufferings and we will be closer. Remember, I told you, I miss nothing when you or any other soul is suffering. I feel it deeply, over and over again throughout the whole world. Sometimes, My dove, there are no words, this is such a time. That is why you cannot form words in a prayer, you just feel so very heavy inside. You are still praying, but it is more of an intimate form of prayer - a sigh of suffering- nothing specific, just everything...painful and disordered. That is why I want you to work on music, this is a very hard place to be, and I do not want you staying here.*

And I was quiet for a moment thinking about what He was saying and then I saw Him in the spirit putting His hands on my hands.

He said, *“I am with you child, you are doing what you can, given the circumstances. Thank you.”*

And that was the end of His message.

So, keep up the prayers, dear ones, they are really, really working and a minister has suggested we abstain from delightful food on Thanksgiving to, or fast, to back up our prayers for the President and this nation.

He has done so much good in this nation; he has taken out so many corrupt individuals that have been executed. Mainstream media will not tell you about it but if you dig around you can find out. He has taken out so many, so many evil, corrupt people and they faced firing squads for what they did to our country. Even the president of Moderna, who put out these terrible, terrible vaccines, was just hung yesterday. They arrested him in Europe and brought him over here down to Gitmo. And he was tried for crimes against humanity, and he was hung.

That has been going on for weeks and months, so Trump is doing a lot behind the scenes to get rid of the ugly stuff, and that is the reason why they are so set on killing him, and that is why we must really cover him with our prayers.

The Lord bless you, dear ones, and thank you for your prayers for our community, we appreciate it more than you know.

Perseverance in Prayer is Paying Off

January 3rd, 2022

The Lord bless you, Heart Dwellers.

Well, today we have kind of been counting our boo-boos. It has been very dark, and difficult, and a lot of challenges, most of them psychological, I think. So, when I came into prayer to receive the message, the Lord began:

“Everything counts Beloved. Please tell the brother that these exasperations are keeping him alive in the

night watches.”

In other words, keeping Trump alive in the night watches.

“They count as solid offerings put on the scales to offset the judgement. This should be good news for him, bolstering his resolve and efforts. I am with you, brother, and I count every little suffering you endure for the sake of the community as a big fast offering. Please, be encouraged, My Blessed one.

“Children, the hour is dark and tedious, but it shall not always be so. Rejoice that you have one another, so many are alone in this same circumstance. Truly you need one another, and what a blessing you are to each other. Think on these things, dear ones, as you get discouraged, thank Me that you do have one another, as well as a Spouse who is on the same page with you. So many are alone or compromised, even though it is very dark, still you have the light of one another’s countenance to cheer you on. And that is not to mention the Great Cloud looking in and praying for you. Your relatives too, are honored to be a part of this little movement of end times warriors.

“I have sent St. Philomena to you for this time and season. Avail yourselves of her intercession. She is indeed a very sweet and powerful influence in Heaven, gaining many indulgences and graces for you before the Father’s throne.

“Please pray for your President at all hours of the day and night, your coverage is important. And continue to pray for those who guard him and that any traitors will be found out before they manage to do damage. Events are truly being held in abeyance until the timing is right. Much of that depends upon keeping your President alive and well.”

Lord, have you got anything else to say?

“Persevere, it is paying off. Do not grow slack. When you begin to cool down and are tempted to slack off, it is then that you must renew your resolve and efforts, because the enemy is trying to stop your prayers, of this you can be sure. When the covering is weakest for the President, that is when they will go ahead with their plans and likely succeed.”

Here He is talking about the plans to assassinate President Trump.

“There are very special souls all over the world who have been summoned to pray for President Trump. Heaven is well aware of your weaknesses and tendency to slack off, so there are many to take over when you do. Truly, We are not taking any chances.”

Lord, will there ever be a time when he is safe?

Jesus answered me, *“No. There will always be a plot to kill him, using trained assassins, but your prayers will always cause more to rise up and give their all in protecting him.”*

And what He meant by that is our prayers will always cause more security officials and people like that to protect him, to rise and give their all in protecting him, and many of his security have died protecting him already.

“There is still much to be done in your government to make it ready to stand, that is if you are successful in protecting him. But remember there are very traumatic events coming to your Earth and that will greatly complicate matters and especially political matters. Your planet needs all the prayer it can get, Beloved, but right now, I must tell you, more and more are rallying to the side of goodness. There are still issues of the

fallen ones and demon aliens that must be conquered. Many will be deceived and co-opt their agendas, despite the warnings from the Christian community.”

I think what He meant there is many will get sucked into collaborating with them.

“The Holy Spirit will react strongly within every consecrated soul, to keep them from falling for the lies, but some will not heed the warnings, others will not be listening very carefully, and most will be taken up and convinced of the benefits of consorting with them. Your warnings will be a steady anchor point in rough seas as these evil ones move in on your society.”

I do remember Lord, an instance where a demon alien was being questioned and was growing weaker by the moment. One of the men invited to see this became upset that the creature was failing, and we were so unsympathetic.

Jesus continued, *“There will be many such ways used to turn the leery away from being ever so careful and cause them to sympathize with the alien demons.*

“In truth the alien demon cares only for one thing, obeying Satan and destroying us, but many will not be able to see this.

“Pray for them when the time comes, Beloved.”

What I wanted to mention here is that I did an earlier message about all of this when we were talking about med beds and that. There was a hint, well, and sometimes very blatant proclamation that Jesus came from the aliens and that He was only one of many ways to God and that the aliens were responsible for raising Jesus and putting Him on this planet and so He is the higher consciousness, and they are the ones who created Him.

And some people are going to fall for this but not you, please do not fall for this, what a terrible lie, these are demons masquerading as though they were good, that is a terrible lie.

So, as things, the New Age movement grows and people hook into that, the alien movement grows, they are going to want to see these as their friends and as the maker of their God, and that they are responsible for the planet. That could not be further from the truth. There is NO SUCH THING as a “good” demon alien. They are ALL demons in disguise, and they are ALL wicked.

So, remember that dear ones, the Lord told me that months ago and I put it in the other message, but I wanted to remind you of it because they can be very seducing and enticing to make you think, ‘oh, these brothers are here to help us.’ They are here to suck you in and destroy you.

God bless you family. Please, stay close to the Lord and Our Lady as well, and you will not be sucked into these lies.

Jesus Talks About Heaven

January 4th 2022

Thank You Lord for the great wisdom and clemency You show us. Please Lord if it be Your will, help us to see the world through Your eyes. Amen.

Mother Clare began, “Recently the question came up, does the great cloud of witnesses, join in prayer with Jesus, making intercession for us on earth? Lord, please clarify this for us, because some believe you cannot pray for us on earth when you are in Heaven.”

“Heaven is a place of tremendous holiness; it transforms all who visit or live there. In Heaven it is completely impossible for its citizens to refrain from prayer. In fact, I have allowed them insight into what is going on, I have provided windows into earth where they can look and see what is relevant to their lives in the past. They can see and understand with total clarity all that is taking place in Earth. No knowledge is withheld from them, without a very special reason. They can see the cause and hidden circumstances of all dynamics between peoples, armies, rulers, with perfect clarity. Nothing is hidden from them. You might ask yourself, “Why, have I given them this privilege?” You can answer this simply from Paul’s description, “we are surrounded by a great cloud of witnesses cheering us on” and what does that mean? It means that by My grace they stayed faithful to Me and were found worthy to enter Heaven.

“So why were they found worthy? Because they followed every jot and tittle of the Bible, or because they shared what they had with others, or because on earth they prayed always, lifting up every intention to the Father through Me and they were heard. They were found worthy to enter heaven because of their faithfulness. When I told them to pray without ceasing, I did not say, “Look, you will be in Heaven soon and you can’t pray for anyone from earth when you are there so you’d better get all your prayers in now, before it is too late.”

“I did not put any conditions on them to stop praying in Heaven. And why should I? They will see Me praying in Heaven just as I prayed on earth and in all things, they are to follow My example, so I simply said, “Pray without ceasing.” My people you are ignorant of what transpires in Heaven. Everyone is busy working for Me, arranging circumstances, inspiring, teaching, assisting...with only one goal in mind, the salvation of the lost. How can the great cloud of witnesses help on earth if they are not permitted to pray in Heaven as they work with you on earth?? Prayer is your number one vehicle and grace to bring souls to Me, so why would you stop doing that in Heaven?

The answer is simple, you don’t. In Heaven there is constant prayer and worship. In Heaven there are prayer groups that assemble for different purposes, in Heaven the compassion of their hearts is so very fired up, they could not stop praying even if they wanted to. Yes, “Pray without ceasing,” is just as much of a mandate in Heaven as it was on earth, except thousands of times more powerful because there are no distractions in Heaven and each soul knows the plight of those on earth.

“How do they know? Holy Spirit, is one example, is very much like the cloud on earth designed for the storage and transfer of knowledge by men. Holy Spirit knows all things at all times and is never lacking in understanding. He conveys this knowledge to each soul on earth, involved in a need to know context. That means that when their little grand baby has a serious health issue, they begin to pray immediately. That knowledge is conveyed to them immediately so they can pray for the child. Beloved ones, there is no separation between those in Heaven and those on earth except for a tissue like veil that is easily penetrated by prayer and

contemplation. In Heaven, everyone knows everyone else's background, struggles, defeats and conquests. Nothing is hidden in Heaven. That is why no one wants to go to Heaven until they are purified of such things as jealousy, anger and corruption.

"When a soul has left the earthly body and wants to go to Heaven, they must first get a good cleaning off and reorientation to understand that nothing in Heaven is hidden, nor is there any condemnation when things are found out about another. The river of healing and fruiting trees growing beside it are for this purpose, as well as time spent alone confronting sins that have been hard to get rid of, except through spiritual means I have created for them to shed the old man and receive healing from the fruits.

"We are ONE Body, the Body of Christ with One Head, JESUS CHRIST, I do not wear two different hats, one for heavenly administration and one for earthly administration. I do not have two brains or two heads. This is a serious error in thinking, stemming from man's lack of ability to contemplate and enter into the heavenly realms without serious effort and a very pure life.

Understand, everything in Heaven is geared towards the salvation of souls. All the angels and saints are busy 24/7 arranging things for millions of souls to be saved. Can you imagine a dimension like that without prayers being offered up 24/7? It simply is not possible because salvation comes by grace and grace by prayer, so very simply, prayer never stops, not on earth or in Heaven. Pray without ceasing, was not a casual mandate, it is a command to be perpetual in bearing the fruit of the salvation of souls, until all souls are saved." Amen!

God bless you dear Heart Dwellers and let us continue to pray for the conversion of the unsaved.

Purifying Your Family Tree

January 6th, 2022

Dear Lord, please grant us the grace of purity of mind and body and help us to resist the devils, the flesh and the world and extinguish anything in us that is not of You. Amen.

I kept hearing the words "Immaculate Conception" over and over again and asked the Lord the reason why. He responded immediately, "*Purification of a family line for Me to enter this world didn't start with Mary, it started generations before her time, so that My Mother, from the very moment of her conception in the womb of her mother Saint Anne, had Our protection from original sin so that she would be a purified vessel to become the Mother of God.*" When He said "Our" He is referring to the Trinity.

And here I want to say that we celebrate the birth of the Blessed Virgin Mary on September 8th and nine months before that is December 8th the feast day of the Immaculate Conception which also happens to be the date of when Brother John and I will marry in less than two weeks. The Immaculate conception represents Christ's saving grace operating through Mary in anticipation of His redemption of man and in God's foreknowledge of His Divine Will for her. It is an expression of God's love for Mary who gave herself fully, completely and without hesitation to His service.

Jesus continued, *“As it took generations to prepare My earthly family line, now is the time to radically and without hesitation to press in and prepare yourselves and your families for My coming. This purification process takes time, start today, right now to ask for Our help in purging you of unrighteousness, ungodliness and anything unclean you carry in your hearts and mind. We are standing by to assist you; all you have to do is ask and teach others in your family and who you interact with to do the same.*

Time is running short and soon I will come for My elect; it will happen as war escalates and there are further breakouts of war on earth. You have been warned by My messengers over and over again, so please prepare yourselves mind, body, soul and spirit, and those around you. Time spent with Me and in prayer will be your greatest defense. Draw together in your houses or wherever you are and pray. Ask for heavenly and divine intercession and We will grant this request. Praying the Divine Mercy Chaplet will be especially effective. It will be all about the salvation of souls, pray for My mercy for those who die without knowing Me. Pray the lost will call upon me before it's too late.

Ask the Holy Spirit to reveal to you what you need to repent of presently and in the past. Stay clean and unblemished and make a thorough examination of your life with My Spirit's help and repent of these sins and iniquities. If you harbor resentment and unforgiveness, please dear ones forgive others and so you will be forgiven. Ask to be forgiven for your offenses and negligence to your God and Creator. Don't judge anyone, let go of the bitterness and We will help you uproot this from your heart and grant you the grace to be truly repentant and sorry for your sins.” And that was the end of His message.

Dear Family, when the Lord spoke these words, He was very serious, in great agony and distress over the current state of mankind, so please let's respond with urgency to His words and do whatever we need to do to stay clean before Him and help others do the same. If you have family members, relatives or know someone who have not invited Jesus into their hearts and are not saved, please continually lift them up in prayer by saying, “Lord God, do not let (and here name them) die in their sins. Please do not let me or anyone else die in our sins. Save them oh Lord, blessed is He who comes in the name of the Lord. We need people, dreams, visions, saints and angels to be sent with the gospel to our loved ones and all mankind! Thank God for your infinite and merciful love to defer judgment until all the lost are brought into Your sheepfold. May they find all they need in Christ today. In Jesus name I pray, Amen!

The Buddy System

January 9th, 2022

Help us, Lord, not to feel alone in our efforts to serve you. May we consistently share Your word with others by loving, praying, supporting and being an encouragement to them. Even when we are alone, Jesus, we are always “two by two” with You. Amen.

After seeing The Chosen, Season 3, Episodes 1 and 2, which are excellent by the way, a week later I woke up to the words “The Buddy System”.

I said, "I'm here Lord and Your servant is listening." Jesus began speaking, *"When I was in Galilee, proclaiming the good news that the Kingdom of God was at hand and demonstrating the presence of the Kingdom through works of power and love, I sent out My disciples to share in My mission. I gave them authority over demons, as well as the power to heal the sick. In this way, they were able to carry the message of the Kingdom with its call to repentance just as I did. I could have sent them out individually but instead sent them out in pairs. Why you ask? Because two witnesses are more reliable than one, more likely to receive a hearing and when casting out demons or healing the sick, mentally it is simply more effective to have two of My disciples proclaiming the presence of the Kingdom of God, rather than one."*

"This unity demonstrated the power of shared ministry, when two or more people work together toward a shared goal, co-laboring with Me, doing the Will of My Father. Under the new covenant working together would become the hallmark of the Spirit-filled Church."

"My followers' mission was one of a collaborative endeavor. When I was teaching from town to town, I granted them control over filthy spirits, sending them ahead of Me before I entered a town or village. I sent My disciples out in pairs to get some practice to spread the good news and to help My Father's Kingdom flourish. I empowered them to inspire others whom were traveling with them. Sometimes unaware, I trained them to exude influence, support and I bestowed authority upon them. Their task was to inform everyone about the Kingdom of God and to heal those who were in need of healing."

"It was in instruction and their obedience that they should not take anything for their travel and to stay in the same residence until they left a town. If a community refused to accept My messengers then they were told to sweep the dust from their feet as you depart to demonstrate that you have abandoned those people to their fate."

"A single witness against a person would not have been sufficient evidence of any harm done in connection with any offense that was committed. Therefore, a charge may only be substantiated on the basis of the testimony of two or three witnesses, and where there are two or three gathered together in My name, I will be there also in the midst of them."

My purpose was to establish a support structure by dispatching two disciples at the same time. Working together by twos multiplies strength to labor for the Kingdom and lends credence to My teaching and training. If one falls, the other will be there to help him get up again. My followers went out and encourage one another while seeing the events and observing many miracles that took place around them. There are many churches and congregations that have failed today because they are not following the example and teachings I set for fellowship, it must be modeled after My earthly ministry to be successful." And that was the end of His message.

In The Chosen, Episode Two of Season Three there is a scene when Jesus sends out His disciples to witness the events and experiences that they have seen and heard from the Lord. He pairs them together deciding who will go out with who. Then they all gathered and Peter prayed a Psalm and everyone there joined in. It was a very moving and touching scene. We encourage you all to harken to God's calling and to stay steeped in prayer and His word so when you are asked to witness the anointed words of the Lord will come forth. Amen!

My Mother's Virtues

January 10th, 2022

Please help us Lord to focus on You and draw closer to You each day. Amen.

Jesus began speaking to Mother Clare, *“Thank you for bringing forth the true importance of this time we have together. Yes, My children, the Rosary and Divine Mercy Caplet are more than rote prayers. They have deep spiritual significance, for those who seek the deeper things of My Kingdom. To the naked eye, so to speak, it seems that you are reciting the same old prayer over and over again. But let Me explain what is truly going on. As you meditate on the mysteries of My life, you draw closer to Me and you are engaging several faculties. Meditation of the mind, physically you are occupied with moving your fingers, you are also engaging the faculties of speech, and hearing, your total being is occupied with saying the prayer.*

“All things work synchronistically to bring you into a state of rest in the spirit, leaving behind the cares and activities of this world. It is truly a Heavenly exercise, misunderstood by many. It combines the meditation of the heart and mind with the movements of the body which cause the prayer to become more integrated into your life. The effects are subtle but are there, none the less. The benefits bring a greater stability to the mind and body which is constantly striving to do and accomplish, while drawing you into your true reality and homeland of Heaven. It also helps you to let go of the world in favor of eternal things and values.

“Many are touched when you pray the Rosary together, many. It would help you to understand that My mother has unlimited resources at her finger tips and she knows just how use them. When you come under her mantle you are being invited into the university of perfection. She immediately begins to guide you in the right way. She protects you from the enemy and warns you when you are choosing the wrong path. She is everything a mother should be, protective, yet tender and loving, solicitous for your education in holiness. She has been given so much grace that she does not despair when things are not looking good for her child. Rather she intercedes with more fervor and dedication.

“She sends people across your path and arranges circumstances in your life to get the maximum amount of good from each day, and to do good as well. You will notice that people who have a devotion to her intercession, tend to be softer, more understanding, and more in love with Me. Many who come from a strict religious background are lacking in compassion and tenderness. So, you will see that much time is devoted to teaching you how to love one another.

“In many ways she is the mother you never had. Even as Ezekiel told you, as a little child in foster care, feeling very lonely, she would come and hold you, play with you and make you feel secure and loved. You ask, how can she do that with so many she has care over. You will someday see the infinite powers of the human mind along with the spiritual gifts to be given. You have experienced bi-location, well if I can do that with a soul, consider that I can do that hundreds of times over, as much as it is needed. Therefore, you will find that you will be in many places simultaneously. Had I released those graces to the world now, it would be destroyed, rather, certain supernatural gifts and abilities of the mind have been blocked off until civilization is morally responsible.

“Know also that her discernment is impeccable. Many will be deceived by false messiahs, but those under My mother’s tutelage, will never be deceived. She teaches the virtues and prepares the ground work for the spiritual gifts to be used the right way. In short, anyone who comes under her mantle gets the very best

training and preparation for Heaven. And yes, it is all about love and knowing how to love Me with all your heart and with all your strength." Amen!

Have You Fallen Into Complacency

January 12th, 2022

The Lord bless you, sweet Heart Dwellers with His presence and His guidance in this season.

Well, before we came into prayer, I have been feeling something deep in my soul that was not right. Something felt off kilter, and in my prayer time, things were not feeling quite right, and the Lord really revealed the source of that today, and I am going to share that with you.

I realized that we have grown complacent and selfish, self-centered, and that is the last thing we want to do when it comes to serving the Lord. And when I realized it, it made me tremble inside because I do not want to be with one of those that is told, *"Depart from Me, I never knew you."*

So, I began, OK Lord, this is scary. For my part forgive me and help me to wake up and take care of everyone, Lord. Are You going to speak to me? I feel terrible, I have been very selfish.

Jesus began, *"I will always speak to you, My Beloved. Yes, it is true, you have all settled into your comfort zones, and that makes you lukewarm. That is what you are feeling. I know you have had your hands very full, Clare, but others in the community are not doing their part, and I know you have felt that. Get together with them once a week to monitor what is going on in their channels."*

"My chosen ones, I call you chosen because you have been called by Me. Many are called, few are chosen and even fewer survive. Some of you are barely surviving and have dropped way back from what I have given you to do. When I give you a gift, it is to be shared. It is not for you alone unless it is a private message. But there was a time in your heart when you longed to touch others and bring them to Me. What has happened to you? Can you not sense the void? Does it not feel like something is missing?"

"I gave you the gifts in order for you to touch my hurting and lost souls...do you know, they are waiting for you? They are looking for you. They too feel the void, but for them it is a hopeless darkness. The one ray of light they had has sputtered out."

Jesus, I feel afraid. I feel like I am losing You, like something is wrong. I know I blew it with food, but I feel like it could be something much more.

He replied, *"I am bringing you into alignment with My Perfect Will, and I want the sheep to follow. Things need to be ship shape...remember...the ship that went over the rapids and was torn to shreds, and the men jumped out and fixed it? How the men got busy, and they saved the day? Well, that is where you are right now. There is a stripping down going on. Food, entertainment, etc....to a more circumcised life."*

Now when I say entertainment, I mean checking out a couple of You Tubes, even religious You Tubes, or checking on the world news in a shorter brigaded fashion, not lingering, that can be like entertainment.

Ok. So, He said, *"I am stripping you down to a more circumcised life, the one that has been on your heart, Clare, that deep longing for a holier community ...this is a stirring in your heart to reach out and bring all your lives into better alignment with My Will. Not just you Beloved, but our children."*

And there is a point I wanted to make here. We have lost our electricity for several days and because of issues with the solar and generators and we have had to make significant changes in our schedule to accommodate that, but we are living by candlelight at night. And it can be a little frustrating for people who work at night, but anyway it got our attention. Not having electricity at night got our attention.

Ok. So, *"This stirring, this is a stirring in your heart to reach out and bring all your lives into better alignment with My Will. I have been speaking to them in their hearts and now I am bringing it out into the open."*

Lord, - You know I have never been good on follow-ups.

"Yes, I know," He replied, "But that is going to change. You are going to be very good at it, and without nagging, I might add. I have told you before that when you all learned how to live with each other, then I would send you out. Well, this is the time I was talking about. You have been through many trials, and more are coming, but you have made it through and as a community that suffers well, together, caring for one another, you have given Me many more fast offerings for your nation. You are producing fruit, that is why I am pruning you back, so you will produce more fruit."

"Isn't it noteworthy that you all got it when the electricity went off?"

Right? Yep, we all got it, the Lord wants more time in prayer, we really got that.

And I said- replied -very.

He said, *"Well, this is part of that move to get your attention and get you recommitted and refocused. I love each one of you dearly, that is why I am raising the standard. Do not be afraid, you are not alone, truly, I am working in each one of their hearts. But you do need to check up on them, like a schoolteacher, see to it that they do their homework. Do not be afraid, you are not alone, there are plenty of saints working with each one of you."*

And I added the end here, St. Filomena, please pray for us, because she has been coming to mind lately.

And that is the end of His message.

Return to Your First Love

January 13th, 2022

The Lord keep you in His peace, Heart Dwellers.

Right now, the Lord is addressing laxness in serving Him. For some it is the distractions in the world, Christmas and the holidays and that kind of thing, but for others it has it's roots in unbelief which the enemy has been sowing as

a campaign against My vessels unto honor.

Jesus began, *“Children, children, your unbelief is staggering. You do not understand that I truly am speaking to you and all that I put in your heart to speak are life giving words to souls who do not have this kind of relationship with Me, which means most of the souls on this Earth.*

“Please understand and receive into your heart with complete faith, you have My words in your hearts and on your minds, especially for this critical time in history. The reason you have been so lax is that you do not believe your voice matters. You do not believe I am really speaking through you, so you write it off as your own thoughts, something not worth broadcasting.

“Do you not know that this is a school for prophets? Each one of you has been called to prophecy and feed My lambs. Each of you have something vitally important to nourish My lambs and sheep with. How can I convince you?

“All of you are slightly disconnected from Me to a damaging degree. This is why I am going back to basics and asking you to restore the early practices you have been taught. Clare as well has slipped back, and she needs this discipline just as much as you all do.”

And what He is talking about here in the discipline, getting up in the morning and praying, using the holy books to get a Rhema from the Lord and journaling it, and knowing exactly what the Lord is saying to you and three or more readings using the holy books, maybe getting a Rhema from the website or a Rhema message from the website and tying it all together, bundling it all together to give you a message and direction, and then I am asking each one to share it with their prayer partner, so there is an accountability factor there as well.

“These are the bread and butter of the orders, both Carmelite and Franciscan. Many people ridicule the idea of allowing the Holy Spirit to guide you when you pray and open a holy book or the Bible. They think it is childlike, or childish, and just too simple for their sophisticated minds. And I agree with that...let those who have scorn and contempt for these methods continue to live by their own wits and opinions. But you, My called and anointed vessels unto honor, you, live by faith and childlike simplicity as I have taught you.

“Part of your laziness comes from unbelief that Satan’s messengers have planted in your heads, in order to cause you not to believe in your prophetic calling. Why would he bother with you if you were useless and not hearing from Me? The answer is simple, he would not bother with you if you were not in direct threat to his kingdom of darkness, stealing souls from Me.

“You are of utmost importance in this time and place. You are sowing seeds of salvation and drawing all men to Me. You give others a reason for suffering in their lives, you bring them to the cross and explain to them that as little Christs, their suffering is powerful and has an important reason behind it. They are not being taught this in the modern church, so they become despondent, embittered and hopeless. Knowing that their suffering is NOT IN VAIN, gives them fresh hope and a sense of empowerment. They are used to being taught that they suffer because they are failures, do you see how destructive that is? That is even now, why you struggle with unbelief, you too have been formed by those same lies.

“It is very important for you to know that sloth is a sin and can even become a sin unto death of the soul, a mortal sin, it deprives you and others of life. What I have given you, you will have to account for on that day. You will be asked to show the fruit from all the gifts I gave you. Woe to those who have nothing to show for all the graces bestowed on them. Those who wasted the gifts they were given will be thrown outside where there is wailing and gnashing of teeth. They will not hear, ‘Well done My good and faithful servant, enter into your Master’s joy.’ I am asking you right now, in this very moment to take a hard look at yourself and

where slothful behavior can take you. Sloth unto the death of the soul, will cause you to lose Heaven as your eternal reward.

"I am speaking to you most seriously because your state is dangerous, not just to those you should have fed, but to your eternal salvation. You would be shocked to know how many high-profile Christians have been condemned to Hell for eternity. They misused graces and fed themselves off the flock rather than feeding them faithfully. They could talk a convincing walk, but within they were dead and filled with dead men's bones. Do not allow yourselves to go in that direction. Take stock now, look in My mirror and ask Me to show you the state of your soul."

And by the way, guys, the Lord said that day is coming soon, when we will all see the state of our souls.

He continued, *"All of this I am saying to spur you on. I am speaking through this broken pencil, so take heed these are serious warnings to those of you who are living off the fat of the lambs and letting them go without care. Step up beloved ones, step up!!! Come back to your first love and faithfully serve Him with all your hearts. I will give you every advantage to returning your hearts to Me, if only you will correspond and not waste those graces. I am for you, not against you. I love you and have only your salvation and best interests at heart. So please, respond in a way that demonstrates you are still alive and love Me with your whole heart."*

And that was the end of His message.

God bless you, Heart Dwellers. I hope any of you who have been falling into sloth will take heed to this message and really wake up and apply yourselves. There are so many souls perishing for lack of understanding, and what has been given to you, you need to share with them.

Amen.

It just dawned on me after I finished this message that part of the problem right now is the Satanists have sent out assignments of gluttony and avarice so that there will be all kinds of overindulgence in things and in the world. So, part of this is an assignment you are battling, and demons that you are battling that have been sent out to get you really into your flesh.

They laugh at us, because they know this time of year, we are very vulnerable. While they are fasting and praying hard and doing their ceremonies, we are out shopping and eating and having a good time. They take advantage of that, so understand part of what you are feeling now is the result of curses that have been put on Christians to cause them to get their eyes off the Lord and off the battlefield and onto their flesh.

So, know that it is a war, and you are standing against a very evil influence. It is not all you, but it is a problem.

Amen to that.

Compromised

January 16th, 2022

Thank You Lord, that when we are weak you are strong working through us. Amen.

Mother Clare began, "My precious ones, the Lord is still talking about war and not rumors of war. Since I am so very aware that the Rapture will happen on the heels of this horrible nuclear event, I feel very compromised in prayer.

A part of me really wants to go home (I'll be 77 in a few months), and I have a very weak body at this point from the fibromyalgia, and there are moments when I despair of my weariness both physical and mental, and long to be free. But then I see there is still much to do for others, for the elderly and poor as well as messages for the Body of Christ and songs, these are things I just love to do, but I am really tired dear family.

"Now I know that when I am weak, He is strong working through me. So, I do not despair but look forward to the next wave of grace to carry me through, but since I am only human, I do struggle with this contradiction. On the one hand I want to pray for President Trump and see him in office for another term, and turn this nation around defeating the dark ones. On the other hand, I know that if he is assassinated, things will come to a head very quickly, and our nation's hope will dwindle as the dark ones take the upper hand and run with it, and the rapture will happen much sooner.

"I cannot tell you all what to do, but it is a matter of conscience for me that I do my best to preserve our nation through prayer and messages of encouragement. How are you feeling dear ones? How are you handling the looming prospects and the long drawn out wars and rumors of wars? Yes Lord, I know it's not long, now. I know we are the generation of the blossoming olive tree, but..... how long, oh Lord, how long? Even the witches are hoping to be rid of us soon.

"Here I am writing this quietly to the Lord and I hear my husband's voice from the other room, "I just got a Rhema, "You do not have long to stay here." "WOW, that was timely. Well, one thing worth mentioning, is that the Lord will allow us to come back with a glorified body to assist our brothers and sisters. Ezekiel believes that those who are called to stay behind and help others will have regenerated and strengthened bodies, and all the faculties, including spiritual insight and empowerment that they need to do this demanding job. It stands to reason that the Lord would do that for those called to stay behind and lead, because a lot of them are weakened and burned out as well. Sweet Jesus, I know I am complaining, have you anything to say?"

Jesus began, *"I've been waiting for a break in your conversation with yourself, Beloved."* I laughed at myself. *"No, you are just very, very tired, and I am proud of you for making the decision to do the right thing even though it costs you every day. I am counting on you to continue to do the right thing, up until the very moment I snatch you off that mountain and bring you home with Me."*

"Your feelings are right to feel compromised between serving and suffering or calling it a day and coming home, but I can't tell you how pleased I am that you are willing to keep going until I do take you up into Heaven with all My Brides. This is what love is all about, sacrificing the very last drop of energy for the Beloved. This is what I did for you, and as you know, the lover must resemble the Beloved."

"Am I getting there Lord?"

"Yes, you are." Jesus continued, "That is hopeful, but there is a little ways to go. I will not disappoint you with a timetable different than the one first given on your YouTube.

"I did say to you that I have surprises and rewards for those who sacrifice their own interests to pray for Mine to manifest. One thing you learned early on in your formation, "You cannot out give the Lord." It is impossible to give more to Me than I give to you. There may be a discrepancy in timing, but the rule still applies. What especially is precious to Me is the pure heart. By this I mean a heart that has nothing but My desires and interests at heart, even to the point of self-forgetfulness, how I treasure such souls." And that was the end of His message.

God bless you dear ones and may God grant us the grace of final perseverance and forgetfulness of self. Amen!

A Community of Brides

January 17th, 2022

The Lord bless you, dear Heart Dwelling community. I want to thank you especially for supporting us and taking good care of us, so we can continue to operate and still help the poor. Thank you so very much for that.

Well, the Christmas season being here, we want to celebrate the Lord's birth appropriately, but we want to be careful not to overdo it, which is an easy thing to do and as I have told you before, the Satanists send out curses of avarice, greed, gluttony, you name it, during this season and laugh us to scorn because we are so busy with our flesh they can come right in and cause all kinds of problems.

But today the Lord wanted to talk about the beauty of a bridal community, this is what He had to say:

"You are hitting all the bases, fortifying, as I have asked you to."

And what that is about is the Lord asked me to fortify the community, so we are looking at the areas where we are weak that need to be strengthened. And everyone is pitching in on that and it is beautiful.

He continued, *"A major part of that is assigning work and following through to see that it is done properly. Thank you for checking on the goats, it is a good example that will be followed."*

Yeah, we had one very noisy goat, and it was troubling me that it was crying, because that is just not ,you know, normal, they had food, they are being milked on time, so I went and checked on it rather than sending someone else to figure it out, and I stay mostly in my hermitage, I do not go out a whole lot partially because of a bad knee, but what we found was one of the goats was bloated, so praise God, I think we have taken that now.

The Lord continued and He said, *"My Brides this is a living, working community. Like a tiny city...you have a sanitation department, a cafeteria, electrical department, and heat supply, all the things that make a city healthy. But your greatest achievement, is your genuine love for one another. Do not let anyone come in and diminish that, it is a most precious possession and the envy of the angels. And why do the angel's envy that?"*

Because most of their time is taken up doing damage control with those they watch over. They grieve terribly when harmony is broken, when there are contentions and disagreements that cannot be resolved. What you have is precious, because not only do you demonstrate your love for one another, but you strive to protect this precious treasure.

“You will know they are Christians by their love. This truly is the defining attribute that proves you belong to Me. People hunger for this kind of relationship and fellowship because it is so often more conflict and less harmony. You are vigilant against selfish ambition and protecting your interests at the expense of another’s suffering. Rather you look out, all around you, and are working to become your brother’s keeper. When you bring wood to the sisters without being asked, you are more like Me. When you consider what another is doing before interrupting them, you are more like Me. When you ask with sincerity how a brother or sister is doing, you are more like Me. And when you do something that is not your job, without being asked, just as a gift of love, you most resemble Me. When you pardon someone for a harsh word, then you are more like Me. When you anticipate the needs of others, you resemble My Father in Heaven.

“Do you see Beloved ones, being a Christian is about being Christ like and choosing what I would do rather than how the world would do it. You are becoming selfless and Christ like. Some people have the impression that they look like Me when they wear the habit, spend hours studying, praying, and worshiping, while others work.”

And I said, but Lord, what about Martha and Mary? Mary sought only to be in Your presence.

“ And what did I say to Martha? ‘Martha, Martha, you are worried about many things.’

“I made the distinction between worrying and doing. Martha’s mind was continually taken up with things to do, and when those were taken care of, other things, in an unending circle of obsessive-compulsive behavior. Mary would take care of a necessity and call it good, returning to prayer. Some people live to do when they should live to be more like Me.

“The point is, you do not live in a vacuum, but in a community, which takes a great deal of care and wisdom to run properly. What makes it work best though, is brotherly love. I am very satisfied with the efforts you make to really concern yourself with the welfare of others and take it upon yourself to pick up for others when they miss something.”

And that was the end of His sweet, sweet, sweet message.

Thank You, Lord.

And the title of this is A Community of Brides.

Amen.

The Secret of Obtaining More Grace

January 17th, 2022

Lord please, what is on Your heart?

And He began, *“That all of you have come together in prayer and thanksgiving means everything to Me. So few return thanks to Me.”*

I thought of the lepers- three lepers got healed and only one returned.

“So few return thanks to Me and that embitters My Heart. If only they knew how I suffer from their ingratitude, they would change. I want you to make it known, My Father sees the ingratitude and withholds precious and greatly needed graces from them because they have not given thanks for what has already been imparted to them.

“For instance, do you know how much grace it takes to keep you and Ezekiel alive? Every day a coven is looking for a way to put an end to both of your lives or cause you to give up. That is why you are struggling so much; much has been called up against you. But it is nothing I cannot overcome with My grace.”

Oh Lord, please tell me; how can I receive more grace to make this pain and extreme fatigue more tolerable?

He replied, *“And you have discovered the secret, thanksgiving. Dedicate yourselves to thankfulness. This is how you go about receiving more grace. Thank Me for what you have been given and more shall be added unto you, because you need more, because there are more and more against you every day. You are somewhat of a puzzle to your enemies because you truly care for them yet are able to sustain their blows and recover. I tell you the truth, they are learning much about My Love and care for them.*

“This will turn the tide because a time is coming when it will be apparent to them all that Satan does not have their best interests in mind and he is not the benevolent leader they all think he is. He is a lying scoundrel who says one thing but is really planning something very different. How can you compare a palace, beautiful wives and servants and powerful armies with a pitchfork in the stomach, hooks in your back, fire engulfing your feet and the skin being stripped off your chest? You see, he promises one thing but is laughing under his breath about how naive his subjects really are.

“Yet I stand willing to forgive those of you who have sacrificed innocent blood and tortured, tormented and done the most heinous personal crimes to those in your charge”.

And just so you understand, and it is perfectly clear to you, those who once served Satan on Earth and are now in his charge in Hell are not speaking to you, but actors are impersonating those who have gone on, telling you how wonderful the palaces are, and how wonderful the women and the food and everything is. It is all a lie. None of that is going on with them, they are immersed in torture and fire. Deceit is put on us, deceit has been put on you and you think you are talking to someone; and they are telling you how wonderful it is and what the reward is? Guess what? They are actors, they are not who you think they are at all.

Jesus continued, *“Beloved ones I am acutely aware of your extreme fatigue with all that has taken place, I am familiar with how you have poured yourselves out as a libation for sinners, I am standing by and imparting graces to you all as you walk through this truly dark corridor of death and destruction.*

“Clare, the sketch that you did of us walking through dead bodies, is about to come to pass. Putin cannot be held back much longer and what he is planning is horrific. Lucky are those who have gone home to be with Me, they do not have to live through this experience which is unparalleled in intensity and suffering greater than the world has ever known.”

And today, we usually have our Sunday meetings a little different, but I felt Him wanting to speak to us, so He said,

"Thank you for breaking protocol, this truly was My will. Bear with Me just a little longer My faithful Love, please do not lay your cross down, it is needed now more than ever. Oh, thank you for not turning away, for not running away. Look at Me."

And I got a very clear picture of His face.

And He said, *"Stop degrading yourself, stop thinking I am angry with you or that you are worthless to Me. What you do, even the littlest things that you do have a much bigger impact than what you see. You have diverted many tragedies because of your prayers, so yes, Satan will try to undermine the vessel and the words you speak from Me."*

"But I want you to know that they have been highly accurate, and I am speaking through you. And you are guided by My Spirit. You are not alone, many here are also guided by My Spirit, so they confirm what I give you."

Please Lord, tell me the truth, why am I so very tired?

He said, *"Assignments, assignments, assignments, cloaked in worries and lies that are untrue. And yes, radiation is a force touching you, but mostly it is other covens cursing you. They fast to bring you down, Beloved. I need more prayers for you because they want to take you, the leader, out. They mistakenly think that it will crumble without you, but they are wrong. Heart Dwellers will increase and increase and increase to build up a formidable army of My Mercy."*

And, I might add, in my own words, Satan is obliging the Lord by giving us little tutorials and showing us what his tricks are, what his oppressions are so that we can overcome them. He is doing us quite a favor. The more he oppresses us and the more he curses us, the more we learn, the more we overcome, and the more we teach others, so it is really quite to his disadvantage to be doing this.

"Heads up, we are going to get through this, you are not finished, not yet. I intend to raise you up in productivity until that very hour, so please give up those thoughts about dying. That is NOT My plan. In fact, quite the opposite."

Lord when I will feel this in my body, which you know is very weak?

"Get rid of the curses and oppressions and you will sail with the wind. Chin up, Beloved, reprieve is coming, I promise you. Not death but resurrection power to keep you going. But these down times are also very useful and instructive, so do not disparage them."

And that was about the end of His message.

Well, my precious Heart Dwellers, let us not forget the important thing the Lord brought up in this message, and that is He wants us to dedicate ourselves to thanksgiving. So instead of complaining that you have to vacuum the floor, you give thanks to God that you have a floor, and a vacuum as well.

You know when you get lemons, you make lemonade, and the Lord is asking you to be grateful and thankful for everything He has done for you. Look at where you were at twenty years ago and where you

are now and thank Him profusely for everything, he has done for you, how He has protected you, how He has taught and carried you through so many trials. Oh, we have so much to be thankful for.

And He is looking for our thanks. More graces are going to come on the heels of gratitude, but that gratitude has got to be ingrained in us, even when situations are unpleasant, we need to be grateful, so very grateful. It could be so much worse.

The Lord bless you, dear ones, and thank you for thinking of us, praying for us and supporting our mission.

God bless you for that.

Rapture News-Unpack Your Bags

January 19th, 2022

The lord bless and give you a strong desire to be in His perfect will, to know the truth and do only the truth.

But just before I began to write this message, I was closing the open window of iTunes, and the song it had gone to be a message, 'Rapture Delayed Five More Years.'

Let me tell you, I did not want to hear that, at all. So, I thought to myself, 'Oh that is just a coincidence' and I brushed it off. But it did not brush off, it stuck and bothered me. Then I asked the Lord, Lord, please tell us what is on your heart today?

He replied, *"Did you see the message that popped up?"*

I did.

"Do not worry, it will not be another five years."

Whew, thank You for that! I was almost afraid to see it.

"I know, I know your response before it ever happens."

Of course, You do sweet Lord.

"Are you willing to listen? Even if it does not agree with what you are expecting?"

Jesus, You can make me willing. So, I began doing a few deliverance prayers, I used the holy water and the sign of the cross to clear the air of any familiar spirits, although in my heart of hearts, I knew it was the Lord.

Lord please, help me to hear You clearly, and not hesitate, when I do not want to hear something.

Jesus began, *"You are an end times community. I have brought all of you together to be leaders in the times of the end. You are all being groomed for a leadership position, capable of protecting My flock until I come back to claim them. There are many twists and turns of fateful events that happen along the way, that is why you must be very patient and run on endurance in this race. There will be many unexpected turns of events that you must be prepared to handle, that is why I have placed you in this school of learning.*

"My chosen ones, you must be broken of your own will and completely adhere to My will at every moment. This takes time and effort with a great deal of patience on your parts. These graces flow continually into you from above as you submit yourselves and worship Me. This is not an easy course that will be over quickly, there is still much for you to learn and practice with flawless obedience. So, I am asking you to apply yourselves more and do not expect an easy deliverance from the trials the rest of the world is going through.

"It is true that I did not create you for the coming wrath, but I was careful to tell you that in this world you will have troubles but be of good cheer for I have overcome this world and further, I am equipping you continually to do the very same.

"Some of you have your bags packed for the Rapture and you are just sitting in the airport waiting for your flight. I am asking you to go home, unpack your bags, take stock of where your soul is at, pick up your cross and take hold of My agenda for each day. The prayer the Holy Spirit has given Mother Clare, is for all of you.

And this is the prayer: 'Lord, please help me to live only for You today.'

He continued, *"this prayer, if you correspond to it and set your heart in order to live it, will take you all the way to sainthood. There is no reason why all of you in this community cannot become saints.*

"You have passed one of the major hurdles as Satan continues to try and sow enmity and division here, you skip right through it with brotherly love and charity beyond your own strength. Part of what Mother Clare has been learning is how to love suffering. First comes the resolution to not live for herself, second comes the trials and third comes the graces from Heaven to carry her through. Going beyond that, I would like her to be joyful in all trials, and that is where we are headed. Hop aboard the holiness train with Me and I will take you where you want to go and you will fill up all the passenger cars behind you as you go, with souls who were lost but are now saved.

"You have a very long line of empty passenger cars behind you, and they are just waiting to be filled. I will also increase this community so that everyone has the time they need for outreaches of different kinds. Some will be internet channels, some will go out in the byways, others will visit the sick and shut-ins, some will minister to the ministers and support the community with prayer and works. But never underestimate the power, you servants of the community, have. There is not one grace or conversion that comes through their efforts that you will lack a reward for. In other words, because of your selfless service to those who are in the front lines, you will receive the same reward they receive, and even more, for making it possible for them to function at that level."

So, at that point I stopped and asked the Lord if this message was from Him, and He confirmed that it was, even though it was not what I was expecting. But several in the community have also been feeling that the time has been extended again, but thankfully the Lord said it will not be another five years. Whew! I can hear you picking up the stones right now, dear family! I am going to get it for this I know, but I am not here to court anyone's favor, I am here to repeat to you what the Lord is saying. But it is interesting also, that several in the community have been feeling that the time has been extended again. I have been sensing it for several weeks, but just could not quite come to terms with it. So, this message confirmed it. Dear ones, let us go home, unpack our bags and stop living for ourselves. We have got work to do.

Don't Lose Sight Of Jesus

January 20th, 2022

Dear Lord, help us not to lose sight of you and to stay firmly on the divine path You have laid out for us. Amen.

Mother Elisabeth was dreaming.... John and I just entered into a small living area which was all adobe, pure white with two long picnic tables end to end. I pulled out my Rosary to start praying with our group and notice the crucifix was missing.

I began to look all around the floor for it and asked others to help me. All of a sudden, there was a beautiful child, about six years old, sitting at the end of the table. He said, "There is your crucifix," pointing to the floor near where Mother Clare was standing. I said, "Thank you," and was thinking who the heck are you? The child continued, "You never want to lose sight of Jesus. He is the Captain of your ship so you need to keep your eyes upon Him." I thought this young boy is right on in his words, I ask him, "Who are you?" He responded, "A servant just like you," and I realized he was sent from God. I sat down next to him and said, "I'm listening."

The angelic looking boy continued, "Strong, rough rapids are just around the corner (I got the feeling he meant next year 2023, and this reminded me of Father Ezekiel's vision about our boat going through a shredder and all the guys jumped out and repaired the vessel). The little boy continued, "All of you need to stay in the boat that the Lord is steering and navigating. If any of you get out of the boat, it will not go as smoothly for you." I was thinking what exactly does he mean by that, when he broke into my thoughts, "The Lord is saying that if you all stay with the good plan He has for you and don't stray from His path, then you will survive what's coming."

"What is coming?" I said.

"Food shortages, hyperinflation, desensitizing of human emotion (especially love). People will lash out at one another and usually those closest to them, when they are deprived of even the smallest inconveniences. There has been released from the enemy a strong, evil spirit of infighting. Complaining and criticizing crushes graces and God's power cannot manifest in you. **You all need to watch your words and your thoughts**.....it's all the same to Jesus. He hears everything, so please only think good things. He cannot bless you if you go around complaining about the cold weather, or a fellow brother or sister, or no internet or electricity. These are all very minor in the scheme of things. Laboring on minor, trivial issues will keep you from growing in grace and holiness. Let go of these thoughts and replace them with our God and of heavenly things.

Those of you who are used to a lifetime of complaining are cheating yourselves out of blessings, please speak words of faith and stand in agreement with what the Bible says even when you don't see breakthroughs. The children of Israel remained in the wilderness for many years more than they were supposed to because of complaining."

And here I want to say, In Psalms, Chapter 78, it says *"they tempted God and limited Him."*

When we complain, we are, in a way, limiting God from doing what He has promised us. We are, in essence, saying God is not true to His word.

When you complain, repent, ask God to forgive you for complaining, believe that you have been forgiven, and then start to praise God for his promises over your life. Every time you feel like complaining, how about you start praising God?! Also, our small thinking will block God from doing exceedingly, abundantly than He has promised us.

If God has promised to give you something, don't give Him options or settle for less than He has promised.

Believe that He can give you precisely what He has said and much more. Be like Caleb and Joshua, who focused on the milk and honey that God had promised and not the giants that the other ten spies focused on in Numbers, Chapter 13. Tell God to paint a picture in your heart of what to expect from Him and keep visualizing what He shows you.

The child continued, "To enjoy the blessing of God, you need to learn how to be patient. We need to wait patiently for the promises of God in our lives, just like Abraham, Sarah, Joseph, and David all did. God does not do His things according to our timetable; He does it in His time. Your promise may take longer, but it will come because you serve a faithful God that watches over His word and will fulfill them. Don't run out of patience, for He who promised is faithful." And that was the end of the Lord's message.

"Dear Child and messenger from God, why are you so familiar to me?" I asked. Just then he grew into an adult and smiled warmly at me which spread into a wide grin. He was my guardian angel, Abizelle! He was strong and powerful and filled with God's glory. And right then, I woke up from the dream.

After I told Brother John about the dream he said, "Yes, that's good let's not major on the minors." Well said Brother!

God bless you dear Family and may He keep you on the holy path He has laid out for you!

Allow Yourself to See Me

January 20th, 2022

Dear Heart Dwellers, may the Lord bless you during this season of His nativity, with a sweet experience of His presence.

We have a baby Jesus doll that everyone gets to hold, going from hermitage to hermitage. It is a precious devotion, untainted by the world.

Mother Clare began, "Oh Jesus I am so thrilled about Dr. Kami, thank You so very much. What is on Your heart today Beloved. I know I can do better with self-denial, please help me and to obey as well."

"It would also be better for your health as well."

"Yes Lord."

"My love for you will never fail, but I do want you to move up higher and I know you will feel better about it as well. You were right to recognize the full moon time, that does have a bearing on everything. But I still do want you to make forward movement in self-denial. Please Clare, for Me, for us, try."

"Yes Lord."

Jesus continued, *"Things seem still and calm to you but it is far from it. War plans continue to ramp up and take shape. Oh Clare, how I long to cancel this terrible season for the whole earth and everyone on it. But I cannot. It must come, so that I may restore purity and justice to mankind."*

"Draw closer to Me in prayer and especially worship. Allow yourself to see and hear Me more clearly. Cover yourself more clearly. Do not allow the devils to lay guilt trips on you. Do what you can do and know that I am with you and understand when you are weak. Do not allow yourself to make further preparation for these weaknesses, we want to move away from them, not towards them. This will do much to help you connect with Me."

"I know you are in pain and there is not a lot more we can do to remedy it. Carry it like a brave soldier on the front lines. Nothing that brings great growth in holiness is easy or pleasant. I am with you to help you when you are in pain. I am here, living in your heart and at your side as well and I do not like to see you suffer. But suffering is a part of your cross. I miss you Clare, I really do. Do you think you could squeeze out a little time for Me?"

"Oh Jesus, I am so humbled by your remark. I forget that You too are vulnerable to neglect."

"Well said. I know you are quite taken up with trying to please Me, but you are omitting the one thing that pleases Me the most, the joy of your company. The sweetness of your love is a great consolation to Me. This also applies to the community members. Men and women, tend to get bored with spending time together, but I NEVER get bored with being in your presence and feasting on your love."

"Yes, indeed, I do feast on the love My Bride carries for Me in her heart. This is a very real need for Me, even though I am God, I rejoice in the love My creation has for Me. The purer the love, the more I rejoice. Truly the enemy of your soul knows how much you thrive on My presence and that is why he is always trying to redirect your attentions to yourself. If you could see how I long for you, you would be much more cautious in spending time with Me. You don't have to make it elaborate, simply sit down and place your heart in My presence and I will take it from there. Of course, the enemy uses tactics to push you away from Me, especially the tactic of false guilt. Overcome this, by covering your bases and dealing with strength against the demons of distraction and false accusation." And that was the end of His message.

My precious ones, please help us so that we can help others by giving generously anything you can spare so that we can continue to provide families with a meal. We had to cancel our food delivery for last week because of unexpected expenses. I want you all to be ready for what is coming, but if you have a little left over please send it along to us for the poor and our basic needs, no amount is too small. Thank you so very much. We love you and are praying for you!

Overcoming Darkness in Our Minds

January 20th, 2022

The Lord bless you, my sweet family.

I sure do hope you are praying for me. Once again, my curiosity got the best of me, and I watched Israeli News Live, and along with other things, Steven ben Noon brought up a terrible thing done to his family. He shared how the Illuminati had targeted his family for death, using a dishonest doctor who almost killed his wife, and succeeded in killing his wife's father. How dark and terrible are the ways of men. Lord, deliver us from evil.

My faulty reasoning and excuse making was telling me that I had worked hard in the evening, and I thought a little reprieve might be just the right thing to end the night. However, Jesus got my husband's attention and asked me not to watch anymore. Ouch...that stings, Lord.

Jesus, I am sorry. I am going to try hard to ignore the news; I cannot do it alone, please make me willing to be made willing, truly what I listened to was ugly and I know You do not want to hear it either. You have already had to live through those events with Steven's family and are still cleaning up the carnage around it.

Jesus, what is on your heart?

He answered me, *"Do you know how much your soul is darkened by things like this?"*

I did not answer Him, but no, I really did not know.

He continued, *"Contemplating them, thinking about them, takes you very deep into Satan's reign. That is a place I want you to be furthest away from. Some people feed on evil news and wickedness, but you My Bride must feed only on what is edifying, and good. Do you know why?"*

Well, I know those things depress You because You have had to live with the woundedness of the victims. I know that it wastes time I could have been doing something productive...to edify others, and the dark thoughts do linger and are very depressing.

Jesus continued, *"It is filth, sludge that tampers with your receivers, and the subject matter is heavy and discouraging. Better to keep yourself from this darkness and rejoice in Me, even when it hurts. For all things there is a reason. Looking back on timelines where the players of these dramas had relatives that intersected with Steven's family and left consequences behind. Many people groups that are interacting now were related in the past and there are many debts and events that interconnect in family trees.*

"Clare, how can you spread the light when you delve into the darkness? As your name implies, you are to bring light into this world. And because you dwell with Me and I with you, there should be much light to bring forward. Just as the analogy of the beachcomber choosing the beautiful things to pick up, and leaving behind the dark and slimy ones, so it is with your mind and what you entertain in your mind. I wish for you, My Beloved, to be all Light and rarely touch on the dark except for prayer. Even then your prayers lift events out of the darkness.

"You see, I do not want darkness to dwell in you. That is My reason, My bottom line. Yet I know you must deal

with darkness but allow the light within you to overcome that. I know that you are well aware of the saying that when a person meditates on, studies or delves into, for instance the behavior of a tyrant, they begin to be transformed into their likeness. That is why I ask you to meditate on My life, so that you will become like Me.

“If you will concentrate on the light, you have been given, I will increase it. This is the key dynamic you are to consider when choices are being put before you. Please seriously consider this Beloved, the world needs My light now more than ever, you know and love that light, you understand much about that light, and many hunger for this knowledge. Do your best, Clare, to bring them light and forsake the ways of darkness. They get plenty of that in the media, I want you to balance that with what I give you.

“Beloved ones, as you leave the darkness behind and embrace more and more light from My words, the Scriptures and those vessels I send you, and avoid the dark places, the gossip, the slander, the lies and manipulations of your news media, you yourselves will begin to overpower the darkness with truth and hope. It is true you must not hide your heads in the sand while life around you is deteriorating, you are called to be a watchman, but you are needed to bring the hope of victory and a better life to those under this dark oppression.

“Therefore, you must offer My people those things that bring hope and faith in Me. Do you understand this Beloved?

Yes Lord. Now I see it more clearly.

“Good, then I want you to major on that, bring forth music and encouraging messages to strengthen them for the journey that you are all on together.”

That was the end of His message.

Please pray for me, guys, that I can stay out of that. And one of the reasons, I guess, I am hungry for the news is, I am waiting for the Lord to come back, and I know that when certain things happen, He will come back so I am looking for any sign of that happening. That is no excuse, He does not want me to do it, so I really need your prayers to stay out of it.

Seek Peace And It Shall Be Granted

January 26th, 2022

Precious family, we are under attack again. Things we need to work have broken down and so many opportunities for frustration and anger have been made. But the Lord has given us vision to know when things come from the enemy, so we can respond to him and not each other. Praise God!

Yeah, it has been a tough week, and my angel told me it was going to be even tougher, so we are buckled up, that is all I can say, we are buckled up and we are surviving, and learning, we are learning so much about ourselves and about others as well and praying. And we are doing what we are supposed to be doing, so I have a case about anything that comes our way.

I lost one of my cats, passed away, went to be with the Lord two or three nights ago. The Lord gave me

such a peace, it was beautiful, and I did not cave in like I normally would.

So, when I sat down, and we are all together here praying, when I sat down, the first thing I heard was...

"Onslaught."

The Lord said, "You have been targeted again, this time with many more participants. Word travels fast and they have called out to others to be a part of bringing you down. But My Beloved, as long as you confine yourself to My will and do not stray with curiosity...as long as you obey Me when I ask you to work on music...As long as you are drenched in brotherly love, and do not allow your curiosity to get the better part of you, they will not prevail.

"A lot of times it is not so much the curiosity as it is laziness and a desire to be entertained. Curb that insatiable appetite to 'know.' For I will tell you the things you must be aware of, somehow it will present itself for you to know. You do not have to go looking for it.

"Meditate more on the sweet things, My Love, meditate on these and flood yourself with Heaven's fragrance. Make frequent trips with Me to Heaven. And as you press into obedience and what you are supposed to be doing with your time, the stronger and sweeter the fruit of your life. I want you to live in absolute sweetness and drench yourself in My love and provision, but especially the sweetness of a life lived in My Heart.

That is why we are called Heart Dwellers.

"My Children, this is to be the distinguishing sign of you belonging to Me-Absolute sweetness. Rid yourselves of all rancor and the demons will have no grounds to stand on and attack you. Do not allow circumstances to dictate your moods, rather handle everything with absolute peace. Do not allow your feathers to be ruffled, rather sing sweetly to Me, be the songbird that came to the night of torments to sweeten the waters and bring peace to the little ones and the suffering. The enemy has tried to strip you of your precious gift, Clare, and turn you into a zealot, but you have chosen the path of peace and joy in living your life for Me and others.

"There are plenty of people to talk about events, but who is there to bring peace and confidence in Me? Yes, it is good to know in general what is going on, but you cannot play with excrement and not get it on your hands. I do not want those kinds of spots on you, rather I want you to be My little peace angel, sowing peace in all your messages and songs. Please My dove, purify your heart from every worldly care and curiosity, you will be able to comfort others by words and deeds. The community will follow your suit if you do so.

"It is pride that drives one to want to know...it is genuine Christian charity that spreads love and peace. Some will listen, others not. Do not be concerned, someday, they too will come around to that Holy Sweetness, but you will continue to turn souls to Me and eternity. The more time you spend in Heaven with Me, the sweeter you shall become. Avail yourself of this privilege. Renew your spirit in the living waters, My Brides. You all pick up so much contamination from the world, you are in great need of renewal and cleansing. It is worth the time and effort and will prepare you to stream sweetness to an imperiled generation. There is so much confusion, but love unravels it all. Love penetrates into the inmost place and sets the heart aright. This is one of the greatest gifts of music. It heals seamlessly and leaves no mark."

So, I asked Him, we just have not had a Christmas spirit lately.

I said Lord, what about celebrating Christmas? We usually do something special, and He said,

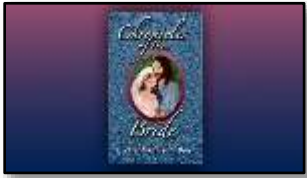

"This absolute sweetness I am calling My Brides to become, will be the sweetest gift you could give Me or one another. Strive after that and exclude all irritation and anger from your lives, being grateful constantly for

the goodness all around you and one another.”

And that was the end of His message.

Find Comfort with Chronicles of the Bride

January 30th, 2022

Precious Heart Dwellers, Ezekiel has gotten a warning dream, nuclear war any time soon. The first bomb was dropped on Times Square, and it was a perfect hit. Goodness, you know, Times Square, that is where they celebrate New Years'- That is a huge deal. I hope that is not when it is going to be.

My dear ones, this may be the last time we talk for a while. I believe the Rapture will happen soon after the nuclear attack on America.

I know I will meet many of you in Heaven, but for those staying behind, Mother Elisabeth and John are taking over the community and messages as well. She is fully equipped to carry on share with you what the Lord is saying, and I am sure she will be pulling up older messages when they apply.

I believe the community will still be here on the mountain if you want to become a part of our ministry. It will still be a prayer community and several people will have channels as well. Yes, we have several You Tube channels now. Different members of the community are getting their own words from the Lord and posting them, which is a dream come true for me, because all I wanted was for people to be in touch with the Lord, to hear His voice, to know His will and so that they can do His will and that is what is happening with the community members. It is wonderful, really.

Everything is about prayer. We do NOT have guns on the property or any kind of weapons, period, our weapon is prayer, especially the Rosary.

If you have seen the movie "Patrick" about St. Patrick, you will remember the scene where the bad guys were hunting for the good guys and Patrick put his staff in the ground and asked the brothers to put their hands on his, and they turned into a bunch of deer when the evil ones were about to apprehend them, all they saw were a group of deer, that was a great scene. And later in the movie he walked right into the village unafraid, because he wanted to convert them.

Prayer is our most powerful protection. One of the reasons why the enemy tries to come between us, and the Lord is because that connection causes him a lot of trouble, so when things get rough and turbulent, group together and cast your fears at God's feet, and allow Him to protect you.

Later in the afternoon, the Lord began speaking to me again and He said,

"Do you want Me to speak to you?"

Yes, Lord. I am so confused.

And what had happened is I had asked someone about what they perceived the order of events, being insecure, looking for a confirmation, which I did not get, instead I got a mass of spaghetti.

Jesus began, *"I would like to have saved you from that, but again your curiosity broached the subject to him, who by the way does not know everything. He indeed, would be the very first person to tell you that. Listen My Bride, I have tried to lead you along a path of understanding that is different than man's opinions or deductions. Deduce all day long and you will only end up more confused."*

"Let Me state this simply. Putin will use nuclear weapons against America, of that you can be sure. Arrangements and affections are only skin deep, and of that you can also be sure. They are dissolved like a vapor when other more profitable opportunities are offered. It is a cutthroat mentality; you cannot trust anyone. Did I not say that?"

Yes, Lord You did, two thousand years ago. 'He trusted Himself to no man because He knew their hearts.' Or something like that.

Jesus continued, *"It is worth noting that I said that so that you will not get tangled up in what man promises, because promises are regularly broken when opportunities offer themselves. Putin's allegiance is to Russia, period. All these other ideas put forth make for a nice sentimental sense of camaraderie, but do not be fooled, what is behind that is far more sinister. Putin is for Russia. He has locked arms with Trump's America to rid the world of child trafficking, but he is also well aware of the brutality and lack of morality of those he employs",*

The professional soldiers that he hires from the Middle East.

"To do his dirty work, the work is unprincipled beasts."

Wow. They have no principles-Here they are fighting something, for what is supposed to be a pure principle, in the meantime, they are raping and pillaging and doing terrible things. So, if Putin can hire people like that to do his dirty work, then he will not stop at using nuclear weapons. The Lord and I got that far.

I said, Oh Lord, so now comes the big question:

He chuckled. *"You mean the one I will never answer?"*

I laughed. Yes, that one.

"Have you ever considered that these are opportunities for you to be detached and just move forward without questioning? That perhaps I am exercising you in perfection, for your own benefit?"

Yes Lord, I have considered it but that answer to the question of 'when is the Rapture going to happen' is not very satisfying.

He laughed, *"No, I guess not."*

Lord this is going in circles...

"Funny thing about circles," He said, *"they are always complete".*

Yes, and sometimes they are closed with me on the outside, not knowing.

"That is up to you, My Bride. Stay united with Me and you will always be inside the circle. Always."

"So, have I answered your question?"

I guess so. But is it that immediate?

"Sudden destruction, My Bride."

You mean we are really going home soon?

"Yes, make the best of it. Yes, you really are coming home soon."

That is a trick question Lord, because soon could be ten years from now.

"All right then," He said. "How about, 'very soon'?"

"There comes a point where it is counterproductive for Me to tell you anymore. Trust, faith, hope, have much to do with this, Clare."

I know, I feel badly for wanting a more definitive answer, I know you will call us home when you see fit to do so, nothing more, nothing less.

He answered, *"That is a very intelligent answer, where did you learn these things?"*

From Your Holy Spirit.

"Ah yes, the Comforter. There is comfort in the word 'soon.' Just think, you could be Daniel inquiring about prophecy and could be getting, in the 'end of days,' how confusing would that be?"

You are right Lord, as always. That could be very confusing.

"You will see, soon enough Beloved. Until then, can I have your trust? Will you do what I have set before you, even though it seems like all odds are against it?"

Yes, Lord.

And what He is talking about here, is, continue to work on music. And today's message, I am reading this message, it is a day old, but in the new message that we got today, talking about timing with all the gifts He has given us, about working for Him and what the outcome will be, even though the timing seems like you will just get drowned in the sea of history. That is not true, He is going to pull these things up and use them for the millennium.

So, all of you out there working hard with your channels, working hard with your songs, with anything that you are doing, all of it, up until the last minute, everything that you produce He will reproduce and use for His kingdom, either now or for the millennium.

Nothing, nothing is lost, that is so exciting to me. Because I was thinking 'Wow, you know, this will all be over, everything I have ever written or sung is going to be, you know, is going to be lost, but not so, and today's message will be confirmation of that.

"You will see soon enough, Beloved," He answered. "Until then can I have your trust? Will you do what I have set before you, even though it seems like all odds are against it?"

Yes, Lord.

“Clare, nothing you ever do out of obedience and love for Me is futile, all works its way into the Divine Master Plan, and as you already know, My Father does not tell Me everything, but it is safe to assume - ‘soon.’

“You know how important comfort is, so comfort My People with the Chronicles of The Bride, so they can look forward to their dreams come true.”

And that was the end of His message.

And what is so beautiful about Chronicles of The Bride is that it was my first introduction to the reward I had, the Lord had waiting for me in Heaven, and I was so stunned, when He took me to Heaven and was showing me these things, that I walked around in a daze for a good week. I could not come out of it; I could not get back into reality. I thought, ‘How could anyone do so much for me when I have done so little for them?’ But that is the way the Lord is, guys, He is extravagant.

So, everything that you do, and keep doing, will be used for His kingdom to come. Each of you have a very special voice and a very special way of communicating and it is going to touch many, many souls. Your special gift is going to reach souls that other people’s gifts did not reach.

So, do not give up on what you are doing, continue to do it and He will use it.

All glory to God!

Amen.

Steward My Refuge

January 30th, 2022

The Lord bless you, sweet family.

Well, the Lord and Our Lady have spring cleaning in mind for the Refuge in the dead of winter.

And I asked Him- Lord, what is on Your Precious Heart today?

And He answered, *“You are, My Beloved, all of you are as you go about your wearying work, I console you with My Presence, but in your busyness, you forget to stop, look, and listen for Me. I never intended life on Earth to be a drudgery, and it grieves me to see so many captive in the net of materialistic values.”*

So, here we are sifting through all kinds of things, musical equipment, art supplies, reorganizing in just my hermitage, but I carry a lot of things here for other people. It is wearying, very wearying, and you know, five of us, we get all wiped out washing, cleaning, organizing, putting things away and I definitely have an excess here and there that I would like to give to someone who could really use it, but having had the materials for those disciplines like music and art can get cumbersome, but He is asking us to be more careful about the things we keep for sure. He never intended for us to be- having to go through things like this, organizing and cleaning.

"As you do go about your daily toil", Jesus continued, "reflect on the possessions you have and whether or not they are for the Kingdom. Consider these things as you organize and clean. Consider also that less of the world is more of Me. I know, Clare, that your motives were good in most of your accumulations, but always remember, what you buy you have to keep clean, store, protect and use. It is good to free your mind and yourself for more room for Me. I wish for all of you to consider this as you go about cleaning up your own personal space and the Refuge. Let poverty shine forth."

"Blessed are the poor in spirit."

And I can add on to that is that the 'poor in spirit' tend to be poor as far as possessions come as well. The more possessions a person has, a lot of times, the more they value themselves and look down on others.

"My Children", He continued, "I wish for you to be unencumbered by the world. Having a multitude of worldly goods, means also, having a multitude of problems. Where shall we put it? How shall we keep it from getting stolen? When will we use it? With many things comes many cares of the world. I would like to spare you that drudgery, so I ask you to keep it simple. I also ask you to make a review of things you own and properly dispose of those things that are no longer needed, always considering the poor around you. In this way you will gain much freedom from the cares of this world that truly do weight you down."

"Let this be a lesson to you as you organize the Refuge."

And, you know, we spent probably five hours in two days that being ten hours cleaning so far, we are nowhere near the end, so it has been drudgery, really.

He continued, *"May I say, there is much you can do without? Be sensitive to the Holy Spirit as you reassess the value and use of each item. Share what is no longer needed and keep your hearts free from avarice."*

"As My mother told you, I would like your living quarters to be orderly and free of things that are not needed, so please give them away, that others may be blessed. Less is more. Remember this always."

"I am sustaining this Earth as it goes through its changes."

Now here I want to mention that there is a lot of electromagnetic turbulence going on right now in our solar system, and in the past, it has caused some monumental changes in the Earth.

So, while these things are happening, of course I am concerned for, you know, protecting our equipment and what have you, we have a few Thera day cages for our computers, but I just keep getting this nagging feeling that the Lord is going to take care of it without the Thera day cage, and not-for me not to be neurotic about it, that I should trust Him.

So, He brought this up. He said,

"I am sustaining this Earth as it goes through its changes. Understand that this is My classroom, I will renovate it, but not destroy it, for there is still so much yet to learn. Do not grow despondent of the monotony, brighter days are ahead. "Right now," He continued, "you are learning about the uselessness of things and how they clutter...so I need the classroom. Be sensitive to the suffering and needs of those around you."

Lord, I am really looking forward to having this place ship shape.

"Yes, that will be a real blessing for all of you. It is important that you all stay busy during your working

hours. There is much to do, and you will bless Me greatly if you will treat this place, My gift to you, with great care. In other words, own it for Me...that is, make it your business to tidy things up. Never walk away from something lying on the ground, without taking care of it. Did you know that I put some of those things there to test your faithfulness to Me?

"That is right, I draw your attention to those things and ask you to care and take ownership of them. Dispose of them properly. It is offensive to Me when you walk by something, knowing it should not be there, but you ignore it for another thing to do. This kind of heart and mind attitude takes many days and sometimes years in Purgatory to correct. It is a deep-seated laziness, or sloth. I see it, I nudge you, but you ignore Me. That is disrespectful for all I have done and given you. This not about Mother being a neat nick,"

I tried to get Him to use another word, but one would not- Another one would not come to mind. *"It is about you being disrespectful and ungrateful for My provision for you. I expect you to do something about it when you see a mess. I watch you walk by it, and I chide you in your conscience because I do not want to see you go to Purgatory for not caring about what I have labored so very hard to give you.*

"When you were growing up in the world, your parents had certain standards for cleanliness. Well, now that you are here in My family, I have certain standards that I am training you in. And let Me tell you, My standards are nothing like your mother's or father's. Understand that these things that look at you, that are disordered are little tests for you to see how much you are grateful for. When you allow disorder to go on, you are saying, 'I do not care what this gift cost the Lord, I am too busy with my own thing.' And this heart attitude is reprehensible, My dear ones.

"I gave you this place so you may lead a holy life and have all that you need, now I am calling you to steward this place as if it were Mine, because it is, and My standards are higher, and I am calling you to live up to them now."

And you know, one thought that came to me is it does not matter if you came from the slums or if you came from a middle-class neighborhood or an upper-class neighborhood, none of that matters. All that matters is that we honor the Lord's standards.

So, He continued, *"Make this home of Mine, clean, orderly, sanitary and kept up for a king, not a slovenly slum dweller. I am very much offended when I see this.*

"Listen My dear ones, I love you deeply and that is why I have supplied you with all you need to live for Me and prosper other souls. So, show to Me, your appreciation and be caring and responsible, this will greatly please Me. It is only a small thing I am asking of you, but it means a great deal to Me, and it sends a message to visitors that is degrading to My Name when things are not kept up. Uphold My Honor and My Name, by being aware of all that is around you and putting each thing in its own place. Tools also are My gift to you. Never leave a tool where it can get lost or broken, always treat your tools with respect, because you need them and may never be able to get them again."

"In conclusion, My dear ones, steward My Refuge, and keep it clean for Me. It will bring Me great joy. There are not many things that you can do to bring Me happiness, except in ministry, but this is another thing that you can do to bring Me happiness is to show respect for what I have given you."

And that was the end of His message.

Sweetness

January 30th, 2022
