

GEORGE WASHINGTON PROPHECIES

FALL OF THE REPUBLIC

Coming 3rd Peril of the United States of America

'We should not look back unless it is to derive useful lessons from past errors, and for the purpose of profiting by dearly bought experience.' -George Washington

The purpose of this study is to consider the supposed 'Prophecies' of George Washington from an eschatological point of view concerning the USA. The vision, if credible is very apocalyptic and it paints a dire condition yet to occur in the trifecta of Perils that so far have come true. The reasons why this topic at this time is becoming more pertinent is that given the increasing racial, political, economic, religious and gender divide in the USA, it is ripe in re-telling this account as it appears the 3rd and most ominous struggle for the soul of the USA is upon the Republic. The USA has been an amazing concept and idea from the onset as it was the first nation formed to break with the 'Right of Kings' and monarchies that enslaved its populace through many ways.

The novel idea of a Constitution guaranteeing civil liberties of the individual was revolutionary in itself and above all, that such rights were 'inalienable', meaning not given nor granted by a secular state or power. Such rights were divine in origin and given by the true Judge and Creator of all mankind, YHVH; that all men were and are created equal, etc. Now as to the debate of what constitutes 'men' and 'free', that is a contentious subject and perhaps flaws of the ideal of the 'United States'. It was obviously given at a time and context where it only meant for white men who owned land, property and/or businesses. The Revolution excluded woman and African slaves.

Nonetheless, the framework was key in setting-up the foundation of an amazing principle that could be built upon and improved, to form that 'More Perfect Union. This has been the struggle as many have sought and seek to make sure it fails. In the wake of the present race riots in the Republic of the USA, the question of such men of history are being raised again. Statutes and/or monuments and are being taken down or defaced because they were dedicated to such men who were slave owners. Yet there seems though to be a quest to revise history as to the Founding Fathers and such.

This occurred during the Stalin era of the Soviet Union. And the ancient Egyptians would engrave over prior Pharaohs and the like. It is also not well known that behind the scenes of all those that rebelled against the Crown of England were only such a mercantile class that stood to lose profits due to increased taxes. The objection was that there was no formal colonial representation in the House of Lords back in England. It is estimated that only 3% of the populace of the 13 English colonies rose up in arms. And that about half if not more of the population was of German, Dutch extract.

The Struggle

German lost by 1 vote as being the language of politics to be used and spoken as the Lingua Franca. There was also the manipulation of the 'Great Work' the Freemasons undertook to make sure the New Republic was of their doing and design. They cloaked their efforts and gains with a false veil of 'Christianity' that to this day had usurped the New Republic. This Great Work started in the Garden of Eden and was manifested at the Tower of Babel. Such an undertaking has been planned generationally over 1000s of years. The Luciferian Masons seek to finish the 'Tower' or pyramid that was interrupted by YHVH. As to the U.S. Republic, and its prophetic role to play in this endgame, philosophers as Francis Bacon published The New Atlantis.

This work really exposed their manifesto for the purpose of what the USA was really to be all about in their estimation and design. The USA is to complete the 'Capstone' but at the cost of it being the sacrificial 'Phoenix' gladly being put on the altar of a coming slaughter. They saw the New Republic as the inheritor of Rome and the fabled lost continent of Atlantis. Even the prior name of what is now the District of Columbia was founded on a settlement called New Rome. To the Freemasons, their quest for venerating their 'god', Lucifer was and is still their sole motive. They seek to one day enthrone Lucifer as the rightful 'god' of this world, in their 'Temple of Solomon'. Thus, they use nations, people, resources and all at their means to accomplish this task. They also see time in the context of 'Ages' and Orders, as in the New World Order.

They see such epochs as a euphemism of the mythological Phoenix. This mystical bird is one that is perpetually self-replicating or reincarnating. It is 'burnt down' or destroyed in ashes to then be risen to new life or Order or Age, etc. The enemies of the Cross of Christ know that the 5th Age or epoch is fast approaching; that is with the Rapture. According to their estimation, the present 'Phoenix' of the world is the USA. In fact, the New Republic was designed and set-up for this very purpose. What is that? To usher in the last Masonic Luciferian world empire. And at the helm? It would be the coming AntiChrist who will be empowered and possessed by Lucifer himself. In fact, in a study and book entitled, the Fall of the Phoenix, it is postulated that the USA has a 33 Masonic cycle countdown encryption of sorts of when this will happen. This 231-year factor started from 1792.

33 x 7 years = 231 years then 1792 + 231 years = 2023

If one takes the Coin Act of 1792, there is to be only 33 Sabbatical Cycles of 7 years to fulfill the Freemason design for the Republic. Why the Coin Act? This act passed by the United States Congress on April 2, 1792, created the United States Dollar as the country's standard unit of money. Originally the U.S. Dollar was printed and owned by the USA. That is no longer the case as the evidence of whose money it is can be seen on the reverse side of the Dollar Bill. It belongs to the Luciferian Freemasons and/or that of the Federal Reserve. It is made up of the world Illuminati Cabal banking families that do. And the point is that they have pegged the destruction of the USA to this countdown. The window of initiation would be from 2022 to 2024. Is this significant? What is happening just prior or post this year in the USA?

The Great Work

Well, astronomically, in 2024, the 'X' marks the spot total solar eclipse occurs. This is the sequel to the one that took place 33 days before the Great Revelation 12 Sign in 2017. In that event, the eclipse transposed the continental USA as to slash it or divide it in half. It would be ominous as that is exactly what has occurred as the spirit of division, of idolatry, that is of Isis and Molech rose across the land. It was noted also that the eclipse traversed 7 Salem's. Interestingly enough, it was not to bestow 'peace' but to take it from the Republic as the word rendering in Hebrew is to denote the taking of peace. Since that time in particular, the rise of the LGBT agenda with the Supreme Court ruling of gay marriages had occurred and the popping-up of Baphomet statues all over the land ensued. The transgender movement rose to prominence. The Planned Parenthood scandal broke of how the agency was selling aborted body parts for profit.

Then the 30-40-years of higher education indoctrination of liberal Marxist thought inculcated in the Millennial generations and beyond have come to fruition. Such are rioting and looting for the cause of socialism in a quest to 'burn the system down'. This is going according to the Luciferian plan as they are being manipulated by using the racial divide. And they want the 'system' to implode as they are being used as what Stalin called the 'useful idiots'. They do not realize that they are playing into the hands of the Masonic plan that usher in their New World Order. Is it no coincidence that when angry white shop owners strive to fend-off looters, it is they that get arrested for 'disorderly conduct'? Is it any wonder why the National Guard is told to disarm?

Is it any wonder why the police are told to stand down and piles of bricks are stashed at various street corners? Is it any wonder why the Millennials with cell phones are allowed to rampage on the interstates and disrupt traffic as they brake car windows? Is it any wonder why they are allowed to loot and destroy what little private small business are left? One is suspect of this latest rendition of organized chaos as the Black Lives Matter movement takes center stage in American politics and has even affected demonstrations across the world. Many see the former 'colonial powers' are being forced to reconcile with their 'original sin' of slavery and oppression. There has now been a call to remove any statue and/or monument of the Founding Fathers, to include George Washington because he was an African slave owner. Many students of history consider George Washington to be one of the greatest men who ever lived.

It was the famous military commander under Washington, Henry Lee that stated of him, 'First in war, first in peace, and first in the hearts of his countrymen.' And in this context, one will consider the backdrop of what has become the 'George Washington Prophecies'. That if true, the Republic will soon experience the 3rd and most ominous vision of conflict, strife and destruction to come upon its shores. There are various accounts of George Washington's vision but they all agree in content. There have been only minor variations in some details as the story was repeated over the years by those to whom it was related by General Washington. It is said that the vision occurred during the stint in Valley Forge, in the winter of 1777. The Revolutionary American forces were fighting against the British, the most powerful nation in the world. If it were not for the French who brought troops and defeated the British navy, the war would have been lost.

The Eye-Witness

There were a significant core of opposing land owners, the Tories were pro-British and many Loyalist returned to England even. The actual account of the vision of the 3 Great Perils would come upon the Republic was given in 1859 by an old soldier, 99-year old Anthony Sherman. He gave it to a writer, Wesley Bradshaw who published it before he died of the vision of George Washington. It is said that the revelation had been given to him by GOD through an apparition of an Angel. He was given to know 3 Perils the New Republic was going to go through. The old soldier said that the New Republic would see the account verified by the 2nd Peril descending upon the land, the Civil War. According to research, the vision was printed in the U. S. war veterans' paper called 'The National Tribune' at the time in December of 1880. The vision was again printed as an article in what was to become the Stars and Stripes on December 21, 1950.

George Washington's vision has been published from time to time and is recorded in the Library of Congress. Based on the eye witness of Anthony Sherman, the vision took place in Valley Forge during the cold and bitter winter of 1777. It was the lowest point in Washington's quest for a New Republic. There was low morale, a spirit of defeat, cold, low rations and supplies. There was little help from the Continental Congress as it could not send supplies or money. Many soldiers were sick and dying from disease and exposure. However, General Washington was determined to see the struggle through. But some critics of Washington assert that perhaps at this point in time, a 'vision' was what was needed to rally the forces and see the Revolution through.

In Washington's 3rd Peril, he saw America attacked and invaded by vast military forces from Europe, Asia and Africa. He saw the invading forces in a gleamed dark, red light color. He saw the Republic's cities burning down with mobs fomenting anarchy and revolution. The whole Republic was devastated, and millions dying in the fighting that ensued. Then, at the point of fiercest and final battle, the Great Angel, the 'Guardian of the Republic', descended from Heaven with legions of 'White Spirits' who joined forces with the Americans and destroyed the invading armies. Some point out that it is rather interesting that Lenin foretold the series of similar events concerning the fate of the New Republic of the USA. 'First we will take Russia, next we will capture the nations of eastern Europe, then we will take the masses of Asia. Finally, we will surround the United States and that last bastion of freedom will fall into our hands like over-ripe fruit.'

Many are sensing that the USA is imploding from within, much like Rome fell as it did not need to be conquered from without. In summary, the vision God revealed to George Washington 3 Great Perils that would come upon the New Republic. He saw the hand of GOD on America as the New Republic survived the previous 2 Perils. It now appears that this last generation will be the ones who will confront the 3rd and most fearful peril. Will this be during the Tribulation Period? How so? It was at the 3rd Peril that Washington saw the whole Republic kneel down together to say, 'Amen'. He saw America coming together in agreement to call upon the Name of the LORD, perhaps at last, a national repentance and only then and there will it occur. In the end, George Washington heard a divine promise given to the New Republic. 'While the stars remain, and the heavens send down dew upon the earth, so long shall the Union last.'

GEORGE WASHINGTON'S PROPHECY

'I do not know whether it is owing to the anxiety of my mind, or what, but this afternoon, as I was sitting at this table engaging in preparing a dispatch, something in the apartment seemed to disturb me. Looking up, I beheld standing opposite to me a singularly beautiful being. So astonished was I, for I had given strict orders not to be disturbed that it was some moments before I found language to inquire the cause of the visit. A second, a third, and even a fourth time did I repeat my question, but received no answer from my mysterious visitor except a slight raising of the eyes.

By this time I felt strange sensations spreading through me. I would have risen but the riveted gaze of the being before me rendered volition impossible. I tried once more to speak, but my tongue became useless, as if paralyzed. A new influence, mysterious, potent, irresistible, took possession of me. All I could do was to gaze steadily, vacantly at my unknown visitor.

Gradually the surrounding atmosphere seemed to fill with sensations, and grew luminous. Everything about me seemed to rarefy, the mysterious visitor also becoming more airy and yet more distinct to my sight than before. I began to feel as one dying, or rather to experience the sensations I sometimes imagine accompanying death. I did not think, I did not reason, I did not move. All were alike impossible. I was only conscious of gazing fixedly, vacantly on my companion.

*Presently I heard a voice say,
Son of the Republic, look and learn,*

while at the same time my visitor extended an arm eastward. I now beheld a heavy white vapor at some distance rising fold upon fold. This gradually dissipated, and I looked upon the strange scene. Before me lay, out in one vast plain all the countries of the world — Europe, Asia, Africa, and America. I saw rolling and tossing between Europe and America lay billows of the Atlantic, and between Asia and America lay the Pacific.

*Son of the Republic, said the same mysterious voice as before,
Look and learn.*

*At that moment I beheld a dark shadowy being, like an angel, standing, or rather floating in mid-air, between Europe and America. Dipping water out of the ocean in the hollow of each hand, he sprinkled some upon America with his right hand, while with his left he cast some over Europe. Immediately a cloud arose from these countries and joined in mid-ocean. For awhile it remained stationary, and then it moved slowly westward, until it enveloped America in its murky folds. Sharp flashes of lightning gleamed through at intervals, and I heard the smothered groans and cries of the American People. A second time the angel dipped water from the ocean and sprinkled it out as before. The dark cloud drew back to the ocean, in whose heaving billows it sank from view. A third time I heard the mysterious voice saying,
Son of the Republic, look and learn.*

*I cast my eyes upon America and beheld villages and town and cities spring up one right after another until the whole land from the Atlantic to the Pacific was dotted with them. Again, I heard the mysterious voice say,
Son of the Republic, the end of the century cometh, look and learn.*

And this time a dark shadowy angel turned his face southward. From Africa I saw an ill omened spectra approach our land. It flitted slowly and heavily over every town and city of the latter. The inhabitants presently set themselves in battle array against each other. As I continued looking I saw a bright angel on whose brow was traced the word 'Union.' He was bearing the American flag. He placed the flag between the divided nation and said, Remember, ye are brethren.

*Instantly the inhabitants, casting down their weapons became friends once more, and united around the National Standard.
Again I heard a mysterious voice saying,
Son of the Republic, look and learn.*

At this the dark, shadowy angel placed a trumpet to his mouth, and blew three distinct blasts; and taking water from the ocean, he sprinkled it upon Europe, Asia, and Africa. Then my eyes beheld a fearful scene. From each of these continents arose thick black clouds that were soon joined into one. And throughout this mass there gleamed a dark red light by which I saw hordes of armed men. These men, moving with the cloud marched by land and sailed by sea to America, which country was enveloped in the volume of the cloud. And I dimly saw these vast armies devastate the whole country and burn the villages, towns and cities, which I had seen spring up.

*As my ears listened to the thundering of the cannon, clashing of swords, and the shouts and cries of millions in mortal combat, I again heard the mysterious voice saying,
Son of the Republic, look and learn.*

*When the voice had ceased, the dark shadowy angel placed his trumpet once more to his mouth, and blew a long and fearful blast. Instantly a light, as of a thousand suns shone down from above me, and pierced and broke into fragments of the dark cloud, which enveloped America. At the same moment the angel upon whose head still shown the word 'Union,' and who bore our national flag in one hand and a sword in the other, descended from the heavens attended by legions of white spirits. These immediately joined the inhabitants of America, who I perceived were well-nigh overcome, but who immediately taking courage again, closed up their broken ranks, and renewed battle. Again amid the fearful voice of the conflict I heard the mysterious voice say,
Son of the Republic, look and learn.*

As the voice ceased, the shadowy angel for the last time dipped the water from the ocean and sprinkled it upon America. Instantly the dark clouds rolled back, together with the armies it had brought, leaving the inhabitants of the land victorious. Then once more I beheld the villages, towns and cities springing up where I had seen them before, while the bright angel, planting the azure standard cried with a loud voice:

While the stars remain, and the heavens send down dew upon the earth, so long shall the Union last.

And taking from his brow the crown, which blazoned the word 'Union,' he placed it down upon the standard while the people, kneeling down said, 'Amen.'

The scene instantly began to fade and dissolve, and I at last saw nothing but the rising, curling vapor, I at first beheld. This also disappeared, and I found myself once more gazing upon the mysterious visitor who, in the same voice I heard before said,

Son of the Republic, what you have seen is thus interpreted: Three great perils will come upon the Republic. The most fearful for her is the third. But the whole world united shall not prevail against her. Let every child of the Republic learn to live for his God, his land and Union.

With these words the vision vanished, and I started from my seat and felt that I had seen a vision wherein had been showed me the birth, progress, and destiny of the United States.'
