

Boycott Chevron

Chevron is
profiting from the
genocide in **Gaza.**

Join United Methodists and people of conscience around the world calling on Chevron to end its support of genocide and apartheid.

Chevron is powering Israel's war machine through the operation and co-ownership of major gas fields off the coast of occupied Palestinian land. Both Chevron and Israel enrich themselves from these projects, continuing Israel's pattern of 75 years

of exploitation. United Methodists and people of faith around the world are letting Chevron know we oppose their support for Israel's apartheid regime and ongoing genocide in Palestine.

We are calling for a boycott of Chevron-affiliated businesses and products until Chevron ends its complicity in grave human rights abuses in Palestine.

Learn more about the boycott, see UMKR's letter to the Chevron CEO, and get resources: kairosresponse.org/chevronboycott.html
