To Whom It May Concern:

I am honored to recommend Ms. Toni Washington, Executive Director, My Rules, My Reality.

My Rules, My Reality is simple. It is to work nationally with all individuals having a passion for neighborhood and community transformation by developing their vision through our company's eyes so each corporation and organization can be empowered to build and advocate for all youth and family.

Ms. Washington is a strong roll model, mentor, advocate and builder of communities.

I am honored to recommend Ms. Washington and My Rules, My Reality.
