Aloha Kakou,

Mahalo nui loa to those members who attended the congregational meeting and voted to authorize the CLC Council to spend up to \$70,000 to make repairs here on the church campus, particularly the sanctuary ceiling. The successful bidder plans to start repairs in early October and hopes to be done by the end of the month. This cost will be just under \$30,000.

Rainbow Schools has offered to pay for the plumbing issues, since they are the ones needing an upgrade. Also, they are paying for two classroom air conditioning units. That cost will be just under \$7,000. Finally, they offered to pay their fair share of the office refurbishment, a figure that we are still negotiating.

So, while the Council is authorized to spend up to \$70,000, the good news is that it is looking more like \$40-45,000. A number of you have already made donations or pledges, totaling \$7,500. Mahalo nui loa for your generosity!

In these uncertain times, Christ Lutheran Church stands in a unique niche here in Central O‘ahu. We offer hope, grace, and acceptance to many who are otherwise excluded from the faith by other churches in Mililani. We are a refuge for the very people Jesus calls us to welcome.

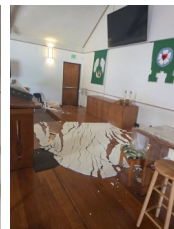

In the communion liturgy when I say E Komo Mai, E Kipa Mai, I speak what Jesus commands and promises – All is ready and you! ... You! ... you are welcome just as you are, whoever you are.

Again, mahalo nui loa for all of the wonderful ways that you aid and abet the ministry of Christ Lutheran Church.

Blessings,

Pr Keith

October is Breast Cancer Awareness Month

October is breast cancer awareness month, and experts say early detection is key to fighting breast cancer.

The American Society of Breast Surgeons recommends getting a mammogram every year starting at age 40 for a normal risk woman. High risk women, however, are recommended to start getting regular mammograms at age 30. Significant family history of cancer and certain genetic mutations are factors that could allow a woman to be considered high risk.

About 1 in 8 women in the US develop invasive breast cancer. It is the most common cancer in women and the deadliest after lung cancer.

***“Schedule your mammogram today,
It may save your life!”***
