

City of Webster Scarecrow Contest

What are the rules for the Scarecrow Contest?

1. They must be homemade and visible from the street.
2. They must be able to withstand weather conditions.
- 3 Participants are responsible for keeping their scarecrows in good viewing condition.
4. Scarecrows must have a name or title attached.

How will the scarecrows be judged?

Judging criteria will be broken down into four categories: creativity, originality, adherence to rules and quality of work.

Judges will be looking for that scarecrow with a little bit extra. It may be the materials used, the way the scarecrow has been made, how it's displayed or simply a fantastic idea. Catch the judge's eye!

When will the judging start?

The judging will start on October 27th and the winners will be announced and prizes awarded on October 30th.
