Checklist of Components to be Included in Institutional Readiness Plans to Accept International Students Arriving from Outside of Canada for Fall 2020

The purpose of this document is to support private designated learning institutions (DLIs) in developing their institutional plans to demonstrate readiness to safely receive students and their accompanying family members who are arriving from abroad in the context of the current COVID-19 pandemic.

This document provides a checklist to assist with preparation of a comprehensive plan that addresses all current federal and provincial requirements.

Sect	Section A: Overall Requirements for Quarantine Plans				
#	Does the plan include:	Yes	No		
1	Protocols to consult with Health Canada to enforce the Quarantine Act if				
	there are any breaches during the mandatory quarantine period	Х			
2	Protocols for physical distancing that include prompting staff and				
	students to:	Х			
	- Practice physical distancing of minimum 2m at all times; and,				
	- Wear a face covering (i.e., non-medical mask) where physically				
	distancing is not possible or required				
3	Protocols for hand hygiene	Х			
4	Protocols for face covering (i.e., non-medical masks)				
5	Protocols for environmental cleaning with specific references to Public				
	Health Ontario's Cleaning and Disinfection for Public Settings guidance	X			
	document				
6	Protocols for daily symptom screening	Х			
7	Protocols for communicating infection prevention and control strategies				
	for students and staff	Х			
Sect	ion B: Pre-Arrival Plan Requirements	•			
#	Does the plan include:	Yes	No		
8	A pre-arrival communication that will be sent to arriving students and				
	any co-arriving immediate family members, that:				
8a	Includes an explanation of the need for students to sign an attestation				
	or pledge confirming their understanding of their pre-arrival and	Х			
	quarantine requirements				
8b	Encourages students and their family members to download the	Х			
	Government of Canada's ArriveCAN app prior to arrival	Λ			
8c	Clearly details in full the post-arrival logistics after entering Canada, as				
	included in Requirement 9 of this checklist	Х			
9	Protocols for post-arrival logistics after entering Canada that fully detail:				
9a	Transportation from airport to their quarantine location	Х			
9b	The requirement for a 14-day quarantine	Х			
9c	Quarantine accommodations and logistics	Х			
9d	Consequences for breaching quarantine that make specific reference to				
	the federal <u>Quarantine Act</u>	Х			
9e	How any medical care or testing will be facilitated as required during				
	their quarantine				
10	Any institutional policies established by the DLI for this group of	Х			
	students, including but not limited to additional costs and fees that may				
	be charged to students in order to provide quarantine services				
	ion C: In-Quarantine Plan Requirements				
#	Does the plan include:	Yes	No		
11	A transportation plan on how the arriving students and their family				
	members will be traveling from their port of entry to their quarantine	v			
	accommodations, that includes:	Х			

11a	Protocols for students and co-arriving family members to be met by the DLI's representative or designate at the point of entry		
11b	Protocols for students and co-arriving family to be provided, on arrival, with a new medical mask by the DLI representative or their host designate and be reminded to practice physical distancing and hand hygiene throughout travel	Х	
11c	Protocols for students and co-arriving family to be actively screened for signs and symptoms of COVID-19 prior to meeting the DLI representative at the port of entry		
11d	Protocols for students and co-arriving family to be taken to their quarantine accommodation in private transportation arranged by the DLI	Х	
11e	Confirmation that there will be no planned or unplanned stops during travel to the quarantine site and that students and co-arriving family are expected to arrive at their accommodation directly from their port of entry	Х	
12	Details of the quarantine accommodation options and all associated logistics, that include:	Х	
12a	A description of the accommodation setting	Х	
12b	Each student or student family unit having their own room with a private bathroom	Х	
12c	Protocols for appropriate accommodations to properly support disabilities or other health conditions	Х	
13	 The details of logistics for supporting students and their family members with essential needs throughout the full duration of the quarantine period, that at a minimum must include: Food and water Medical care, including testing Mental health supports Social supports Phone or internet services Environmental cleaning protocols 	Х	
14	Protocols for encouraging students and their family members to self- monitor and use the ArriveCAN app for their daily symptom reporting	Х	
15	Protocols for the DLI or a designate of the DLI to provide daily monitoring of the students and their immediate family for the duration of their quarantine, through phone calls, texts, or emails by DLI representative or their designate for: - Development of new symptoms - Compliance with the quarantine - Ensuring their essential needs are met	Х	
16	Protocols and mechanisms for students and their family members to notify the DLI representative or their host designate if they develop symptoms and require medical care, including COVID-19 testing	Х	
17	Protocols for implementing COVID-19 testing, arranged for by the DLI, of all students who have entered Canada prior to the start of their	Х	

С	studies in a solicitation following a their superstines as well as at successing		
	studies immediately following their quarantine, as well as at any point		
	during quarantine for symptomatic individuals		
	Details of transportation to and from the testing site (if not at the same		
	site as the quarantine) provided by the DLI that include provision of non-medical masks, any other personal protective equipment, social	Х	
	distancing, and protocols for limiting any unnecessary contact with any		
	other person for testing purposes		
	Communication plans that provide COVID-19 resources and	Х	
	nformation to students and their families that are accessible (e.g., plain	^	
	anguage, pictures, symbols, available as needed in languages other		
	than English and French)		
	Definitions of protocols, roles and responsibilities for all DLI staff,	Х	
	representatives, and/or designates that include:		
	- The DLI's Public Health Institutional Readiness Plan		
	- Training on COVID-19 infection prevention and control practices,		
	including how to use personal protective equipment as required		
	 Provision of personal protective equipment and other resources 		
	required to complete their tasks		
	For DLIs that are hosting underaged students (under 18 years old),		
	clear designation of custodian status and health care	Х	
	authorization/guardianship
