

20th Century Man

He was born in the 80's.
His mom and dad; they were hippies.
They always hated that he missed The Beatles
And, the peace and love of the 60's.
But he grew up straight and, he grew up strong.
He was a good kid; he seldom did wrong.

Just a 20th century man
Living in a 21st century world.
Just a 20th century man
Looking for a 20th century girl.

He grew up in the 90's.
He hated boy bands and he never liked Britney.
TRL and MTV;
He loved having sex without ecstasy.
The only crack he liked was on babes in bikinis.
A little marijuana and a few martinis.

i-pod, camera phone, X-box.
HDTV, wifi laptop
Rock 'n roll and a little hip hop
Country, soul, and the four mop-tops.
He's not sure what he wants to do with his life.
But have a good time; a good wife.
