Rita Harrington (Health & Weight Management with SunTrim® Plus)

PRODUCTS

Twenty four years ago, my husband and I wanted to start a family. We were both very healthy and thought I wouldn't have a problem getting pregnant. Well, I had no problem getting pregnant, but I did have a problem getting past the first trimester. I ended up having two miscarriages and decided I needed added nutrition. That's when I started having NuPlus® and Metabalance 44®. I refused to take the huge iron pills my doctor wanted me to take and took Beauty Pearl® daily. Thank God I got pregnant and we had a healthy and beautiful baby boy, our son Mark.

OPPORTUNITY

Now, 24 years later, I still love having NuPlus®, Evergreen®, and Fortune Delight® daily. They all help me with my daily workouts, and I truly believe Sunrider helps me to stay healthy during our rough winters here in New England. I don't even remember the last time I had the flu it was so long ago.

Along with my daily Sunrider® foods, I have also added the new SunTrim® Plus. So far, I have lost eight pounds and am feeling great; no jitters and I love all the healthy ingredients in the new SunTrim® Plus.* I feel it helps balance the body because I don't crave salt as much and I only want to eat healthy, unprocessed foods.

*In conjunction with a healthy diet and regular exercise. Results not typical.
