

PLC & HMI Service & Support

Get Immediate Support For Your PLC & HMI Needs!

Tighe Industrial provides service & support for your Allen-Bradley PLCs & HMIs. We have the software and cables needed to access legacy products or upgrade to the latest products.

We have software, cables & experience with multiple manufacturers!

We specialize in servicing & upgrading PLCs & HMIs, providing a solution and ensuring those subsystems function together. We start with a complete evaluation (including diagnostics and troubleshooting) of your current components and, most importantly, by listening to your needs. And, unlike what the OEM provide, you'll benefit from our turnkey, in-house solution, including system installation, commissioning and long-term maintenance from our local service team.

Simplify with Tighe.
