APPLICATION BROCHURE FEBRUARY 22-27, 2026

The Roper Victim Assistance Academy of Maryland (RVAAM)

The University of Baltimore (UB) is pleased to announce that the 30th biannual Academy scheduled February 22-27, 2026, will be held at Bon Secours Spiritual Conference Center, located in Marriottsville, Maryland. For details, go to - <https://rccbonsecours.com>.

The Academy is modeled on the National Victim Assistance Academy, the nation's premier training and education program for professionals who assist victims of crime. The Academy offers a rare opportunity to live, work, study, and interact with victim service providers from all areas of advocacy. While it is assumed that students have had previous training in their area of specialization, this course provides a fundamental overview of the entire field of advocacy, including victimology, victim rights, and victim assistance for residents in Maryland.

RVAAM Goals

1. *Provide a broad spectrum of basic advocacy training that will standardize the training of crime victim advocates in Maryland.*
2. *Expand and enhance the level of professionalism within the victim services field.*
3. *Provide an opportunity to network with other victim service providers.*
4. *Increase knowledge of national, state, and local resources.*

Academy Partner

The University of Baltimore is located in the cultural district of Baltimore, the economic, cultural, and governmental center of Maryland. UB offers more than 50 undergraduate, graduate, and professional degree programs. Students acquire long-term learning skills that help them meet the challenges of a 21st-century career.

Academy Faculty

Outstanding state leaders in the field of victimology, criminal justice, and victim rights join expert practitioners and host faculty from UB to provide a rich education foundation grounded in practical application across the field.

Who Should Apply?

This includes paid staff and volunteers from a variety of community-based and system-based programs, clinicians, social workers, and other allied professionals, such as law enforcement and corrections, and behavioral health services. We encourage individuals who are responsible for training staff that services crime victims to apply.

Academic Curriculum

A comprehensive, academically based Curriculum manual that includes more than 35 subject areas has

been developed to serve as the Academy's primary educational resource tool. The text, which will be provided at the pre-Academy meeting, provides the curriculum foundation and should be read in preparation for the Academy experience.

"I have been a mental health professional for over 20 years and a victim advocate in law enforcement for the past three years. During that time, I have attended many professional trainings. However, the 2012 Roper Academy stands out as being far better than any of the others. The presenters were incredibly skilled and knowledgeable in their areas of expertise. Moreover, the carefully planned program allowed me to develop personally as well as professionally. I look forward to using my new skills to better assist victims of crime in becoming survivors of crime. I especially appreciate the opportunity to stay connected to the academy as well as give something back in my role as an alumnus." - **Suzy Boisclair, Ph.D., Victim Advocate, Frederick Police Department**
