

GROUP REGISTRATION

You may designate one of your team members to register as an **Administrator** to complete registration for your entire group of attendees.

As an Admin of the group, you will need to log in to complete the registration process. Additional Admins, who will have access to all group members' registrations, can be added later.

The group administrator does not need to be a registered attendee to manage the group; although, can be.

You can access the group registration at any time by logging in with your email address/password.

Each attendee will have their own login/password, which will be emailed to them. They can then use their own login/password to access their own account.

Please be sure to obtain all the necessary contact information before starting the registration process. (Full name, title, mailing address, email address and telephone).

Follow the steps below to register:
