(If signed by the authorized agent, a letter from the property owner must be provided indicating that the agent is authorized to act on his/her behalf.)

√ _____ Date _____

Lot Split / Prop. Line Adjustment cont.

Checklist:

- 1. Payment of the \$125.00 application fee.
- 2. Copy of the warranty deed.
- 3. Survey of the property signed and sealed by a registered Land Surveyor with the State of Arkansas showing the following information:
 - a. Lot configuration including bearings and distances and size for each existing lot.
 - b. Lot configuration including bearings and distances and size for each proposed lot.
 - c. Legal description of parent tract and proposed tracts on plat.
 - d. Dimension of right-of-way from centerline.
 - e. All easements- present and proposed.
 - f. Legend (sidewalks, hydrants, building setbacks, etc.)
 - g. Zoning of property.
 - h. Floodplain note.
 - i. Signature block for City approval.
- 4. Submittal of six (6) copies of the plat of the lot split to the City Administration Office at the time of application. When approved, 1 filed copy for City records with signatures of owners and a CD ROM disk with "Autocad"™ readable electronic files.
- 7. Surveys should include a vicinity map (1 mile radius) indicating several north/south streets and several east/west streets as well as a north arrow indication.

GENERAL INFORMATION REGARDING LOT SPLITS AND PROPERTY LINE

WHAT IS A LOT SPLIT?

A lot split divides an existing parcel of land, regardless of size, into 2 or more parcels. Technically, a lot split is a waiver of preliminary plat requirements, final plat requirements, and subdivision requirements.

WHAT IS A PROPERTY LINE ADJUSTMENT?

A property line adjustment is a transfer or adjustment of property lines that does not create a new, separate lot. Property line adjustments may be handled administratively by the Mayor or the Mayor's duly authorized representative unless there are questionable boundaries or other issues requiring Planning Commission review. You must submit a survey of all lots involved, showing the existing property lines and the proposed ones. You cannot alter a lot in such a way that would create an illegal situation in terms of setbacks, required lot width, required lot size, or buildable area.

WHO HAS TO APPROVE A LOT SPLIT?

The Planning Commission must approve splits located within the City limits and the planning area. Both the City and County must approve splits of property located outside the city limits but within the planning area.

The Mayor or the Mayor's duly authorized representative may administratively approve a lot split that meets certain lot area requirements.

Subdivision covenants may restrict further splitting of your property. Please check with your Property Owners Association before filing an application.

HOW MUCH WILL A LOT SPLIT OR PROPERTY LINE ADJUSTMENT COST?

The fees for a lot split and property line adjustment are: \$75.00 application fee. You will probably incur other costs too, such as the cost of a survey and the cost of having a new abstract or deed prepared.

In addition to these costs, the Planning Commission may make the lot split contingent on other improvements, such as sidewalks, extensions of city water and sewer lines, and street improvements. Dedication of easements and rights-of-way are also required in most cases.

DO THE LOTS HAVE TO BE A CERTAIN SIZE?

It is important to note that all lots still meet zoning district requirements. For example, in an A-1 agricultural zone you must have a minimum width of 300' and a minimum lot size of 5 acres. In an R-1, Low Density Residential zone, the lot size requirements are one acre minimum area.

DOES THE CITY APPROVE LOTS SPLITS OUTSIDE THE CITY LIMITS?

Yes, if the land is outside Elm Springs City Limits but within the planning area. A map of the planning area is available at the City Administration Office.
