

Lust

Lust
Smoldering coals
Easily ignited

Lust
Old flames
Easily relighted

Now, you can rationalize all you want.
But, you know that's how part of you feels.
You know it's true.

You're talking to someone you just met.
Maybe a certain smell will make you wet.
Just thinking about you makes me hard.

Now, lust can be a part of love,
And love can be a part of lust,
But neither necessarily has to be.

Lust can be physical.
And, lust can be mental,
But neither necessarily has to be
For lust to raise his ugly head
(So to speak).
