'When you try to kill everyone with a plandemic but accidentally cause a Mass Awakening.'
-Protester Banner, No COVID Vaccines AKA Bioweapons

The purpose of this study is to present an article that is being circulated and mirrored about how a UK University Study. It suggests that those People that have received the 2 doses of the Experimental COVID-19 Injections that are assumed to be 'Immunized' will have a higher percentage of either Hospitalizations and/or Death, if and when the 3rd COVID Wave comes. And it will. When? It is projected to occur in the natural and seasonal Flu Season that starts in the Fall of 2021. Already the report, like most other reports have an alternative Scientific Narratives coming from either Universities, Scientists, Doctors or Virologists are being dismissed, 'Fact-Checked' away and discredited as 'Conspiracy Theory and anti-Science.

It seems that if any Science questioning the official Scientific Narrative about COVID-19 is not 'Peer Reviewed', it is not 'Science' nor credible. And even though there are many Peer Reviewed Papers showing the dangers of the new mRNA technology and its intended design, even then, it is discredited as, 'not in line with the official WHO, CDC or European Health guidelines'. This UK report was cited by Dr. Tenpenny in 1 of her presentations that occurred in Marin County, California in late Spring of 2021. In her presentation, she went over the 4 major COVID-19 Injections: Pfizer, Moderna, Johnson and Johnson and AstraZeneca. She specifically mentioned how in the Johnson and Johnson Injection, there are Trans-Gene components in the Ingredients.

In here further investigation and reading of this, she discovered, for example that indeed, the purpose of the Trans-Gene is to change the host DNA. While many Scientists and Doctors and even those that were/are not have been saying that the COVID-19 Injections would be changing one's DNA, it was dismissed as absurd 'Conspiracy Theory', pseudo-Science and scorned. Yet, it is all in their Patents that she, for example has taken the time to read, understand and can simply explain that to the Ley Person. As a Doctor, Tenpenny has over 20 years of vaccine experience and research. Dr. Tenpenny pointed out that for the first time in human history, one has to 'prove' on is not sick to participate in society. And this latest released virus is essentially a Bio-Weapon. In particular, Dr. Tenpenny stated that the Johnson and Johnson is by far the worst. It is only 1 dose type of Injection but aside from having actual Aborted Fetus material from kidneys, it has DNA coding within an Adeno-Virus shell.

The double-strand DNA is being delivered into a human body that directly then incorporates itself through their Trans-Gene. This is done through a process called, 'Random Mutagenesis'. This is proof positive that indeed, such Experimental mRNA Injections will be changing DNA in human beings. As to the UK University study about the COVID-19 3rd Wave? Dr. Tenpenny did interpret the report findings to actually say what they meant. Why is this an issue or will be? It is also what other Doctors like Dr. Dolores Cahill have projected based on what is known of the virus, which is not much nor of the Experimental Injections that have only been released in less than a year. Most vaccines have to go through rigorous Clinical Testing and take up to 10 years on average to even get approved. Dr. Cahill contends that when an COVID-19 'Immunized' person gets exposed to the natural occurring Corona Viruses, the body will go into a Cytokine Storm mode.

This means that the body's Immune System that has now been bypassed by the mRNA will not be able to stop the production of the new mRNA Spike Proteins. The problem? There is no way of 'shutting this mRNA process down'. Such production of the Spike Proteins will start to attack the cells of virtually every organ in the body, essentially an Auto-Immune Death. Why? It is believed because the mRNA Spike Protein can be 'attached' to every cell receptor. It should be noted that as more Doctors, Scientists and even Theologians come forward to question the official Scientific Narrative, such reports and persons will continue to be censored and banned. It is rather ironic and tragic that for example, the popular UK Fact Checking website, FullFact have a 'Mission Statement' that essentially says why they are doing it, 'to protect Democracy'.

When is allowing a difference of opinion, research or 'facts' a threat to Democracy? Is not Science about investigation? Science is not about a 'hope' that the COVID-19 Injections can work as the Official Scientific Narrative states. No, such alternative Scientific Narratives are a threat to the Oligarchy, and Powers-That-Be, the Invisible Hand. They have now gotten to the point that they are coordinated enough to be moving, forcibly all of Humanity into their 4th Industrial Revolution. It is, in their own words, an attempt to merge the Body with the Machine. To such, it is an imperative step in 'Humanity's Evolution'. And if there must be death and destruction, so be it. In fact, that is their mantra and battle cry, 'Order out of Chaos'. Such have created the crisis, they offer their solution, and they further their agenda. The following UK Report will have some words changed to the American spelling. Numbers less than 10 will be numerated and some words will be capitalized for emphasis.

3RD COVID WAVE

WILL KILL OR HOSPITALIZE 60 TO 70% PEOPLE WHO TOOK BOTH THE VACCINE DOSES

Says Official UK Govt Model

According to projections by UK's top Modelling Agency the 3rd Wave of COVID-19 spike will [hospitalize and kill 60 to 70% of those People who took both the vaccine doses](#). The paper suggests that the resurgence in both Hospitalizations and Deaths will be dominated by those who have received 2 doses of the vaccine, comprising around 60% and 70% of the Wave, respectively. The [Modelling](#) was presented to the UK's top Scientific Advisory Body, SAGE by one of its sub groups, the Scientific Pandemic Influenza Group on Modelling, Operational (SPI-M-O).

This Committee of Academics has done modelling work throughout the pandemic and has looked at the impact vaccination will have on Hospital Admissions, Infections and Deaths. Its findings suggest that a 3rd Wave is inevitable but that the size of the spike in cases depends on the effectiveness of vaccines, the speed at which restrictions are eased and the impact new Variants have on Transmission and illness. It suggests that the resurgence in both Hospitalizations and Deaths will be dominated by those that have received 2 doses of the vaccine'.

'Maintaining a large reduction in Transmission from such measures after Step 4 [England's plans to remove all restrictions from June 21] is taken is almost certain to reduce the size of the subsequent resurgence. This latest Modelling reinforces this finding, as lower adherence to baseline measures and the resulting increased Transmission could lead to a peak close in scale to that seen in January 2021.'

The paper looked at a range of possibilities what we can expect from COVID as restrictions are to be erased going into the Summer 2021. It takes into account a range of difference sources including Modelling from the University of Warwick, Imperial College London and London School of Hygiene and Tropical Medicine.

'Scenarios with little Transmission reduction after step 4 [full lifting of restrictions planned for June in England] or with pessimistic but plausible Vaccine Efficacy Assumptions can result in resurgences in Hospitalizations of a similar scale to January 2021.'

The paper suggests that the resurgence in both Hospitalizations and Deaths will be dominated by those who have received 2 doses of the vaccine, comprising around 60% and 70% of the Wave, respectively.

'The resurgence in both Hospitalizations and Deaths is dominated by those that have received 2 doses of the vaccine, comprising around 60% and 70% of the Wave, respectively. This can be attributed to the high levels of uptake in the most at-risk age groups, such that Immunization Failures account for more serious illness than Unvaccinated Individuals.'

Reaction

Results of the central scenario of the Warwick Model, showing the age and vaccine status of those admitted to Hospital (left) or Dying (right) over time. The top plots are absolute numbers, bottom plots are proportions. As soon as the Model was made public Fact-Checkers tried to debunk and downplay the fact that 60 -70% of those who took 2 doses on the vaccines will dominate the 3rd Wave. Here is the [verdict by](#) Grace Rahman of Full Fact.

Modelling suggests that when a 3rd Wave occurs, Hospitalizations and Deaths will mostly be in those who've been vaccinated. This is because so many vulnerable People will have been vaccinated by then, not because the vaccine is harming them. And yet, the Fact-Checker insists vaccines have nothing to do with the 3rd Wave. This has been the consistent narrative pushed that any Adverse Reaction to the mRNA Experimental Injections cannot be stated as causing any Hospitalization and/or Death. And any possible Variants or Mutations are told that they cannot be happening from the Injections either. It is a well-orchestrated psyop and the majority of the People of the world has bought this deception.

None of the Scientific Models concerning COVID-19, absolutely none have been proven accurate. The initial UK Report by British Scientist Neil Ferguson ignited the world's drastic response to the novel Wuhan Corona Virus when he published the bombshell report predicting 2.2 million Americans and more than half a million Brits would be killed. After both the U.S. and U.K. Governments effectively shut down their citizens and economies, all because of Ferguson's false Model. Yet the State of Emergency has not been reversed but instead, the deaths caused by the Experimental mRNA Injections and their 'shedding' are the excuse to further Lockdown the world. Why?

It is essentially an 'Initiation Rite' and transitional stage to the coming worldwide Economic Reset. This is really the objective and the catalyst is for COVID-19 to ensure that as many People can have the new mRNA technology within their bodies. All those that survive it will enter their COVID New World Order. Ferguson's report from Imperial College, which White House and other officials took seriously, said that if the U.S. and U.K. did not shut down for 14 days, and isolation measures were not taken, millions would be dying of the virus. But these COVID Waves of the virus were planned long ago. Consider the following blueprint.

This has been the plan and with COVID-19, it went live. This has been a 'Live Exercise' as the protocols have been taken right from the Play Book of the Rockefeller's Lockstep and from Bill and Melinda Gate's Foundation sponsored Event 201. This gathering simulated a COVID-19 like pandemic just a month prior in October 2019. Why has this latest attempt at Mass Vaccination been successful? It is that the prior run-ups of the SARS, MERs, H1N1, Swine, Bird, Mad Cow, Ebola, Zika plandemics have given the Powers-that-Be the proficiency of mastering the final product. And a key component learned was how the Mass Media control was critical in marketing and setting/controlling the 'Official Scientific Narrative'. It has worked. Then Fact Checker are also part of Global Propaganda Apparatus.

OPERATION LOCKSTEP FROM THE ROCKEFELLER PLAYBOOK:

The Plandemic:

1st Phase:

Common/cold/Flu. Mild symptoms at most. Media endorsement of mass paranoia and fear. Flawed testing system utilized, which picks up any genetic material in the body and triggers a positive result. Inflation of Covid case numbers, through changing of death certificates, double-counting, and classifying all deaths including other diseases and natural causes as Covid19. Lockdown will condition us to life under Draconian Laws, prevent protests and identify Public Resistance.

2nd Phase:

The 1st Phase will lead to compromised and frail immune system through lack of food, social distancing, wearing of masks, and lack of contact with sunlight and healthy bacteria. Exposure to 5G Radiation will further attack the immune system. Thus, when People re-emerge into society, more people will fall ill. This will be blamed on COVID-19. This will all occur before the vaccination is ready to justify it. A longer and more potent Lockdown will follow until everyone takes the vaccine.

3rd Phase:

If majority of People resist the vaccine, a weaponized SARS/HIV/MERS virus will be released. A lot of people will die from this. It will be survival of the fittest. It will also be the ultimate push for everyone to be vaccinated, in order to return to normality. Those who have taken the vaccine will be at war with those who have not. It will be Anarchy from all sides.

Fact Checkers are not Doctors, Scientists nor Virologists yet such expect the world to take their word for disproving any Science and/or investigation that goes contrary to the Official Scientific Narrative. One would think that this is problematic and a threat to real Democracy. There is 1 unanswered question still to consider from the report and the presentations made by such Doctors as Tenpenny and Cahill among hundreds more. Some Scientists and Doctors believe that the 'vaccines' are a Primer. Why?

As Dr. Tenpenny and others have tirelessly attempted to warn the world, the Injection Ingredients are more dangerous than the virus. Then, will there be more Adverse Reactions when 'vaccinated' People come under EMF?. EMF is Electric Magnetic Frequency. This is brought-up because some Scientists and Doctors are concerned that perhaps when the full power of the 5G internet will be turned up, the People who have already taken the COVID-19 Injections will be negatively affected. How so? Consider that worldwide, when the first cases appeared, the top 'hot-spots' were all in urban areas where 5G had just been installed and turned on.

The older People or those with compromising health issues were affected the most. The other thing that they all had in common was that these areas had the recent 5G roll-outs. Then autopsies done in Italy and Germany on COVID-19 victims showed a prevalence of a bacteria in the lungs called Chlamydia Pneumonia. This normally dormant bacteria when activated causes blood cells to stick together. The correlation? It was shown that 5G did activate certain bacteria. Yet others argue that the interpretation of this report is being mis-reported.

This is how they pen it. The headline, the text, and the conclusion disagree.

Headline:

'According to projections by UK's top modelling agency the 3rd Wave of COVID-19 spike will hospitalize and kill 60 to 70% of those people who took both the vaccine doses.'

Text:

'The resurgence in both hospitalizations and deaths is dominated by those that have received two doses of the vaccine, comprising around 60% and 70% of the wave, respectively. This can be attributed to the high levels of uptake in the most at-risk age groups, such that immunization failures account for more serious illness than unvaccinated individuals.'

It should be noted that 60% – 70% of the wave, not of the People who have been vaccinated. But is the difference that significant? No. Why not? Consider also the factor that not all 'vaccinations' are 100% effective. The report clearly notes that in the UK, and in most 1st World countries, at least, by July of 2021, everyone vaccinated would have received 2 doses might have 'Vaccine Failure'. So, for example, if 30 million People are fully 'Immunized', a 5% Vaccine Failure Rate will result in 1.5 million People at risk of still getting COVID. However, if one has to factor-in what percentage of the population have strong and robust Immune Systems to naturally overcome the virus and which do not.

If the Models that other none-main stream Scientists and Doctors are saying, preventive measures such as the use of Ivermectin, Hydroxychloroquine, Vitamins C and De, with Zinc have been found to be effective in treating and recovering from the COVID-19 virus. But these Treatments are being shunned and were deliberately dismissed in granting Emergency Authorization Use to have the big Pharmaceutical mass produced the Injections as a result. So, if the prior logic is valid from what the UK Report is insinuating, then it will be case in those who have been 'vaccinated' more than those 'unvaccinated' that will either be Hospitalized or Die more so.

But that these statistics would be Hospitalizations and Deaths based on the percentage of those having factors of age, for example. What has helped to contribute to the false 'Official Scientific Narrative' backed-up by the WHO/CDC and the worldwide official Government statements is that if one gets 'vaccinated' with the COVID-19 mRNA experimental Injections, one is now 'protected', and able to return to 'normal life activities'. This is part of the psyops. It is not true and not about COVID-19 as their now Fact Sheet explains that the Injections are not meant to cure, stop Infection nor Transmission. What is the plan?

The plan is to get everyone to take the injections as outlined in the Rockefeller Lockstep Protocols. Why? It is to get the mRNA and Nano-Technology within the human bodies. Why? It is to control People, control and reduce population. It is to change the human body to merge it with machine, biometrically for the next 'Great Evolutionary Leap Forward'. For the likes of such Eugenicists, it is the next necessary stage and if need be, forcible phase in the Human Evolutionary Process and Progress. However, if one reads the UK University Study and interprets it, it is dealing with 70% of the 3rd Wave.

I can be interpreted as not 70% of 'Immunized People'. Regardless, that percentage is still alarming. To be fair, it does not say 70% who took the COVID-19 Experimental Injection will die. It says 70% of those Deaths in the 3rd Wave were dominated by those who received the 2 doses of the so-called immunization. But by no means any less chilling.

Section 32.

The resurgence in both hospitalizations and deaths is dominated by those that have received two doses of the vaccine, comprising around 60% and 70% of the wave, respectively. (ed note: not ONLY those immunized, but the total third wave, deaths dominated the 70% who WERE immunized) This can be attributed to the high levels of [vaccine] uptake in the most at-risk age groups, such that immunization failures [ed note: immunization failures are immunizations that take place, but do not work] account for more serious illness than unvaccinated individuals. This is discussed further in paragraphs 55 and 56.

Again, they just said that deaths dominated those who had 2 doses of the COVID-19 Injections. Immunization Failures, that is to say, those who were 'vaccinated' and it failed will account for more serious illness than those for Unvaccinated Individuals. So, consider that 'Immunization Failure' is different than failure of a person to willfully and/or intentionally go out and get 'immunized' against COVID-19. So, in other words, Resurgence in Hospitalizations and Deaths will dominate the 70% who took the COVID-19 Bio-Engineering Device, which it is and it but was where Immunization Failure could occur more.

This is just 1 of many interpretations now coming out from this UK Report. But this line of logic then leads one to reason that those taking the 2 doses of the COVID-19 Injection will have far more serious illness than those who were quote 'unvaccinated.' Regardless, 1 clear takeaway is the blatant 'Cognitive Dissonance' that is going on in the Scientific Community.

It is as if they have 'lost their soul' or have sold their soul to the Devil as they say. Is the Medical Establishment doing this research because the World Elites that run the planet care about human life or about COVID-19 viruses? They are the very same People that hold the Patents to such Bio-Engineered viruses. And do they make their virus Antidote 'effective' for the masses? No. Look at what their definition of 'Effective' is.

56. This shows that most deaths and admissions in a post-Roadmap resurgence are in people who have received two vaccine doses, even without vaccine protection waning or a variant emerging that escapes vaccines. This is because vaccine uptake has been so high in the oldest age groups (modelled here at 95% in the over 50-year olds). There are therefore 5% of over 50-year olds who have not been vaccinated, and $95\% \times 10\% = 9.5\%$ of over 50-year olds who are vaccinated but nevertheless, not protected against death. This is not the result of vaccines being ineffective, merely uptake being so high." [original emphasis] /end of document quote

What does this really mean or translate to? It means that indeed, more Hospitalizations and Deaths in those who have received the 2 doses of the COVID-19 Injections will occur, but only because vaccine usage is so high now. That is essentially their definition of the COVID-19 Injections being 'effective'.

How does Immunization Failure equal 'vaccine usage'? How does a 'high usage' now mean that the COVID-19 Injections are effective? They do not, that is the point. According to their own data, the effectiveness of this so-called vaccine is measured by the high Death Rate; or they do not account the 70% of deaths in vaccinated People their measurement of the Immunizations Effectiveness at all. And those who control the Official Scientific Narrative criticize those that come against it with 'Bad Science'? Look at Vaccine History. All previous attempts at developing vaccines for SARS-CoV-2, MERS and other viruses all ended in failure.

A factor was also a result of Vaccine Failure, or to be more specific, Pathogenic Priming. That is why there has never been an officially approved or released Corona Virus vaccine for public consumption. All the children in the study died, all the animals either died or had severe reactions when they came into contact with the 'Wild Virus' at a later time, like in the coming Regular Flu Seasons. Thus, all further mRNA COVID testing was suspended. But this is when Dr. Fauci then sent millions of U.S. Taxpayer funds to the Wuhan Lab to perfect the 'Gain of Function' attributes of the COVID-19 virus to make it more virulent. This assertion has come out in the light through U.S. Senate Hearings.

So, what is the warning of the UK Report? It is that everyone taking these mRNA Experimental Injections are Guinea Pigs and will/could face the same results once the 3rd Wave of the Bio-Engineered COVID-19 'vaccinated' are exposed to natural occurring 'Wild Corona Viruses' are encountered. And why would this be the case? It is because COVID-19 Injections are not vaccines. Vaccines are designed to prevent Infection, Transmission and provide Immunity. These are Experimental Gene Editing Bio-Technology Devices. Some Scientists and Doctors outright say this COVID-19 virus is a Biological Warfare Agent. How so?

Consider just 1 factor that is still unknown of what is to occur in People's bodies who take this Experimental mRNA Injection. The Spike Protein that is created by the mRNA is very real, 50,000,000 mmRNA per Injection. This is replicated continuously throughout the body, through the Blood Stream, in every cell, etc. They are being created till who knows when and there is no 'command' to stop it. And there has been now multiple reports of how the COVID-19 'vaccinated' are transmitting to the unvaccinated. Pfizer have admitted as much.

But what about the Globalists, the Eugenicists and Mad Mengele Scientists that have unleashed this? Will they and their families not escape the same rate of the projected Hospitalizations and/or Deaths? They have the cure for themselves as the Antidote is always made when they Bio-Engineered the virus. The virus and the mRNA are all invented and computer programmed 'In Silico'. For example, back in the 1990's former U.S. Army Personal, now retired can talk about the cure for HIV/AIDS in Germany. Many have come out to state that the so-called Elites of the world have all the cures. The following is the synopsis of the UK University Study for reference.

Abstract

Despite remarkable success of immunization programmes on a global perspective, vaccines are neither 100% efficacious nor 100% effective. Therefore, vaccination failure, i.e. occurrence of a specific disease in an individual despite previous vaccination, may occur. Vaccination failure may be due to actual vaccine failure or failure to vaccinate appropriately.

Universally accepted concepts and definitions of vaccination failure are required to assess and compare the benefit of vaccines used in populations. Here we propose general definitions for types of vaccination failure. In the future, these should be complemented by specific definitions for specific vaccines as needed depending on public health considerations.

‘FACT CHECKERS’ OF THE WORLD UNITE! SELF-APPOINTED MINISTRY OF TRUTH

Propaganda Apparatus Just in Time for COVID-19 and Beyond

Who are these ‘Fact Checking’ People, Agencies and Websites and who is paying them to ‘Fact Check’ everything that is contrary to the current COVID-19 Official Scientific Narrative? And what is that Scientific Narrative? It is that the COVID-19 Injections are ‘Safe and Effective’. It is that your Government is not lying to you. It is that Forced Lockdowns, Mask Mandates and Social Distancing are good for you and ‘for your own safety’. The COVID-19 Official Scientific Narrative further demands Orthodoxy. There is no tolerance of room for deviations or alternative Scientific explanations allowed. It is about ‘Trust the Scientists’. It is about ‘Believe in the Shots’, etc.

Who do the ‘Fact Checking’ People really work for? Follow the money. And one will clearly see that the majority of these self-programed Ministers of Truth are funded by none other than the Globalists, like George Soros and the like. They have learned from their prior attempts at Mass Vaccination Programs that the key in having the world ‘buy-in’ to their ‘Official Scientific Narrative’ is to control information. It is critical in how the narrative is to play out and quickly counter-argue or ‘Fact Check’ any difference of opinion, to include sound Scientific investigation and/or findings, etc. Any ‘Reasonable Doubt’ is the standard used to discredit any objectivity and/or objection as mere ‘falsities’ that need to be ‘checked’.

Such ‘Fact Checkers’ operate under the cover and color of an Authority that seems to be bestowed upon themselves by themselves. The following is the case and example of how a Fact Checker website, FullFacts.org refuted the findings of the UK University Study that suggests that those who get the 2 doses of the Experimental mRNA Injections will most likely either get really sick or die if and when a 3rd Wave of the COVID-19 virus occurs. It is a clear example of the ‘Information War’ that is going on for not only the heart and minds of the world’s People, but now their very soul and bodies. The following UK Report rebuttal by Fact Checker website, FullFact.org will have some words changed to the American spelling. Numbers less than 10 will be numerated and some words will be capitalized for emphasis.

THE GOVERNMENT HASN'T SAID THE VACCINE WILL CAUSE A THIRD WAVE OF DEATHS

16 April 2021
by Grace Rahman

This article is part of our work fact checking potentially false pictures, videos and stories on Facebook. You can read more about this—and find out how to report Facebook content—[here](#). For the purposes of that scheme, we have rated this claim as [partly false](#) because modelling suggests that most people who are hospitalized or die in a third wave will have been vaccinated, because so many People will have been vaccinated by then, not because the vaccine will cause this.

Full Fact fights bad information. Bad information ruins lives. It promotes hate, damages People's health, and hurts Democracy. You deserve better.

What was claimed

A document on the UK Government website says the 3rd Wave of Deaths will come from the vaccine.

Our verdict

Modelling suggests that when a 3rd Wave occurs, Hospitalizations and Deaths will mostly be in those who have been vaccinated. This is because so many vulnerable People will have been vaccinated by then, not because the vaccine is harming them.

A video spreading [on Instagram](#) claims to show evidence of the Government saying that the 3rd Wave of Deaths during the pandemic will come from vaccines.

The person recording the video can be heard saying: 'People need to read this: The resurgence in both Hospitalizations and Deaths is dominated by those that have received 2 doses, read it, of the vaccine, comprising around 60% and 70%. So what they're saying here is that the vaccine does not work.'

The video shows a genuine Government document, and the voice in the video does correctly [quote](#) parts of it. But an important piece of context follows, which is not mentioned in the video. The document then says:

'This can be attributed to the high levels of uptake in the most at-risk age groups, such that Immunization Failures account for more serious illness than unvaccinated individuals.'

So, the Model is expecting that by a certain point, because so many people will have been vaccinated, most of those in hospital during a 3rd Wave will have been vaccinated. The vaccines are not 100% effective, so a small proportion of Vaccinated People, especially those in older age groups who are more likely to be hospitalized with COVID-19 (who are also more likely to be vaccinated), will still end up in hospital.

The paper expands more on this [later](#), saying that it is expected that most Hospitalizations and Deaths in a later resurgence will be in those who have had 2 vaccine doses, because uptake of the vaccine in those most vulnerable to severe COVID-19 has been so high, not because the vaccine does not work. A 3rd Wave of Deaths and Hospitalizations is [expected](#), not because of the vaccine, but because of the planned Spring easing of restrictions.

The [document was written](#) by SPI-M-O, the Scientific Pandemic Influenza Group on Modelling, Operational sub-group, which reports to SAGE, the [Scientific Advisory Group for Emergencies](#), which in turn advises the Government. SPI-M-O looked at various models for what could happen, coming out of different Universities (in this case Imperial College London, the London School of Hygiene and Tropical Medicine and the University of Warwick).

There have been multiple studies that show the three vaccines approved for use in the UK, made by [Moderna](#), [Pfizer](#) and [AstraZeneca](#), are highly effective against severe COVID-19.

WHO IS FACT CHECKING THE FACT CHECKERS?

A MR. BRIAN GERRISH IS CHECKING THEM.

Exposing the Fact Checkers

'In order to control the Opposition, you must lead it.' -Vladimir Lenin

The purpose of this following mirrored article by Mr. Brian Gerrish is to show that the Fact Checking sites are not all what they appear to be. There is a Biblical Principle that is thought and goes like this. 'A little Leaven, Leavens the whole Lump.' This to mean that if just a little bit of doubt is sown into a 'Truth' Statement, the entire Truth Statement is then subjected to a measure of doubt and rendered not fully reliable nor absolutely truthful. This has essentially been the strategy of Fact Checking website that have self-proclaimed themselves as the Arbiters of Truth and Gate-Keepers of what is to be trusted as being 'Truth'.

But is that really what they are about? No. And thus, the following article by Mr. Gerrish where he exposes the underlying attempt of a psyop in the making. The Fact Checking website is of a well-known one called FullFacts.org out of the United Kingdom. It is just about following the money and who pays for their 'Fact-Checking'. It is not about being an honest broker of finding 'Truth' but one of a bias political operation whose quest is to get ahead of the narratives that need to be controlled and managed.

FAUX FACTS THE DISTURBING TRUTH ABOUT FULLFACT.ORG

by [Brian Gerrish](#)

Saturday, 29th September 2012

'Full Fact is an independent fact-checking organization. We make it easier to see the facts and context behind the claims made by the key players in British political debate and press those who make misleading claims to correct the record' - so says fullfact.org, under the bold headline of Promoting Accuracy in the public debate.

Dig a little deeper, and this interesting little non-profit company, headed by Tory Party donor and AnneFreud Centre Chairman Michael Samuel, becomes very interesting indeed. Particularly to those who are concerned about proper investigative journalism, and truth, and the charade of the Leveson Inquiry.

Fullfact, or FauxFact, as we believe they are better described, came to our attention by [publishing an article on their website](#) on 3 July 2012, following the UK Column report alerting the public to the [fraudulent and unlawful imprisonment](#) of [British Constitution Group](#) Chairman Roger Hayes for withholding his Council Tax. Showing immediate aggressive bias, the Fullfact article described the UK Column report as 'Conspiracy Theory'.

In fact, we had correctly and accurately reported that no listing for the court hearing was posted and Mr. Hayes had no legal representation, nor was he permitted any. He was denied the opportunity to present a defense, no jury was present, neither was the general public or press present. Moreover, an earlier court hearing was held without informing Mr. Hayes it was taking place at all. Totally unaware of these proceedings, he could not attend, nor could he present a defense. Welcome to British justice.

These being the truthful facts, corroborated and expanded by our reporter who visited Mr. Hayes in prison, the UK Column accurately reported what had taken place and we accurately described the court proceedings as a 'star chamber', and secret court process. Smug in its self-appointed role of an 'Independent Fact-Checking Organization, Will Moy's FullFact article crowed: FullFact was not present in Wirral Magistrates' Court yesterday but, of course, neither were the people publishing these unlikely allegations.

Either lacking the necessary mental acumen to understand the Wirral Court events, or possibly working to drive a political agenda against Mr. Hayes and the British Constitution Group, Moy simply ignored the seriousness of what had taken place in proceedings, and headed his factually incorrect article 'Secret Courts and summary justice? Not quite...'

Displaying further bias and sloppy journalism by investigating one side of events only, Moy simply accepted the word of Her Majesty's Courts and Wirral Council as true. The explanation offered by the Council and backed up by the Courts fits the law, and in spite of the claims of a 'secret' trial, the facts are readily obtainable by anyone that cares to look into the matter. This particular conspiracy theory therefore needs to be put to bed. Moy then sealed the fate of truth by typical 'Web Based Lazy Journalism' by quoting 'direct.gov.uk' website as to what 'should have happened' in the trial of Mr. Hayes.

Worryingly for the general public, Moy is badly informed in both the facts and the law. Following a complaint by UK Column to FullFact about the quality of their article, and despite being reassured there was a proper complaints procedure, Moy responded personally, defending his own work and its accuracy. This defense was later supported by two updates on the FullFact site: In response to a complaint from Mr. Hayes' supporters, Full Fact has reviewed this article and stands by the accuracy of its content.

As is our policy, the article sets out its sources, which any reader can check. However, we have amended the article in three ways: first, to make clear that 'refusal' to pay Council Tax is what Mr. Hayes has been committed to prison for, not a term chosen by Full Fact; second, to clarify that the initial hearing was last Thursday not last Tuesday; and third, to amend the language in response to complaints that the original wording of the article seemed to make light of concerns expressed about Mr. Hayes' experience on Monday. That was not our intention and Full Fact takes no view on the merits of anyone's legal case or political views.

Disingenuous at best, and a lie at worst, the FullFact statement failed to acknowledge that their original reporting of the facts was false. Despite being informed that the source article originated with the UK Column and not Archbishop Cramer Blog, and having received a complaint from the UK Column, Tory Donor Samuel's FullFact team failed to publish this fact, or deal with the core facts of Mr. Hayes case and the circumstances of his imprisonment. So why would FullFact do this? Once again, their own website appears to provide strong clues. It boasts: We have already successfully pressed for inaccurate claims to be corrected in Parliament and the national press, and our work has been cited by Government Ministers,

Opposition frontbenchers and influential journalists and commentators. Strongly promoting the Leveson Inquiry it also states: The Leveson Inquiry will have failed if journalists keep playing tricks with the truth. Is FullFact independent? Few would think so, looking at the usual suspects who form the core funders: Joseph Rowntree Charitable Trust, Nuffield Foundation and the Esmee Fairbairn Foundation - the very same funders for the Media Standards Trust. And all agents of change. Coincidence? Just another then is that Joseph O'Leary joined Full Fact after interning at the Media Standards Trust. While there he helped to administer Journalisted.com and provided support for the Orwell Prize and the Hacked Off campaign for a public inquiry into phone hacking and press ethics.

Hacked Off was, of course, the very same campaign that helped to 'kick-start' the Leveson Inquiry that FullFacts now promotes. But what of Will Moy? This interesting young man appears to have no real experience in journalism or the media - his 'experience' stems from his time as an assistant to a minor crossbench peer where he worked on regulatory legislation in several [unspecified] fields. Yet he was invited to give evidence at the Leveson Inquiry. Friends in high places?

Sitting alongside Martin Moore Director of the Media Standards Trust, Will waxes lyrical at Leveson on press and media ethics and standards: Not all journalism is untrustworthy, not even are most journalists untrustworthy, but enough journalism by enough journalists is untrustworthy that it does not make sense for the ordinary member of the public to trust journalism...Good journalism is devalued by journalism which is recklessly inaccurate.

We began this article with the inaccurate and untrustworthy reporting by FullFact of the imprisonment of Roger Hayes, so no prizes for Moy there. But where the real FullFact hypocrisy starts is what Moy does not tell the public present at the Leveson inquiry. Surely the public should be made aware of the full fact that Sir David Bell, senior member of the Leveson panel and roadshow, is a Common Purpose Trustee, Trustee of the Media Standards Trusts (allegedly stood down for Leveson) and senior Trustee of Esmee Fairbairn - the very organization funding both FullFacts and the Media Standards Trust.

How nice that Bell can call one of his own to speak at Leveson, and Moy can be so hypocritical as to accuse mainstream professional press and media of the very failings apparent in FullFact. Truth, honesty, standards and facts? No just Faux Facts, surely designed to manipulate control of the Press and Media?
