PATIENT FINANCIAL AND INSURANCE POLICY

HIH will file a claim to your insurance carrier for medical services rendered. There may be instances when your insurance carrier may process your claim differently than quoted to HIH because:

- 1. Benefit payment is less than anticipated thereby leaving you with a higher responsibility.
- 2. Claim may be denied as non-covered.

Determination of Insurance Benefits:

Harmony in Health (HIH) will contact your insurance carrier to verify coverage, however, this does not obligate insurers to make payment on your medical claim. If you receive an Explanation of Benefits from your insurance carrier with a medical claim processed differently than you expected, please contact YOUR CARRIER for clarification. There may be instances (based on diagnosis or services rendered) that your insurance carrier will not provide benefits, therefore you will be held responsible for the balance. HIH will provide services they deem medically necessary which may or may not coincide with your insurance plan's policy.

You should know the following about your plan:

- 1. Your annual deductible
- 2. Your office visit co-pay

It is your responsibility to familiarize yourself with details regarding your specific benefit package. HIH is not responsible for determining the specifics of your plan, as benefits can vary greatly by region, employer and your individual coverage selections at enrollment.
