1. The Company agrees to provide space for and furnish separate bulletin boards for posting of notices of the Union addressed to its members or employees in the bargaining unit. Such bulletin boards shall be maintained at each of the principal places of business of the Company at which large groups of employees are required to report. At outside offices where there are three (3) or more employees whose classifications are in this bargaining unit, a board shall be provided. The Union shall not be entitled to post notices on any bulletin board maintained by the Company other than those specifically provided herein.
