Missing 7 classroom sessions you will automatically be unenrolled in classroom and drive sessions. Students missing 7+ classes will need to re-register in another class and pay a re-take fee of \$425 repeating all classroom and drive sessions.

It is **REQUIRED** that all classroom sessions (1-17), a minimum of 5 drive sessions, a minimum of one-hour driver observation, course final exam (passed with no less than 70%) and all tuition and fees have been completed and paid within the six months from the start date of class. If students have not completed all requirements within the required period, students may have to repeat the course at their own expense.

____ Payment and Drive Scheduling
If payment is not made in full on the first-class session students will be only scheduled 3 drive sessions until payment has been made in full. Once payment has been made in full students must request all remaining drives to be scheduled via our website. All students must complete within 6 months from the start date. Please see the 6-month completion policy.

____ Electronic Devices
All electronic devices, including cell phones, must be turned off before entering the classroom or instruction car. All electronic devices must remain off for the entire session, including breaks. Violation of this policy will result in an absence for that session and the student will be required to retake that session. Continued violations may result in expulsion from the course.
