

Sliding Fee Scale Application/Agreement

One of our goals at Building Skills, LLC is to make counseling affordable to everyone. We understand that some people cannot afford to pay monthly premiums for health insurance and that state coverage for children is more accessible than coverage for adults. We encourage everyone to pursue state insurance programs they qualify for and offer a \$50 fee reduction for adults with no health insurance who make less than 160% of the Federal Poverty Level (FPL). This rate is \$70 per session.

If your income is below the 133% FPL rates stated below, you qualify for Washington Apple Health plans and we encourage you to apply. (Amounts Effective April 1, 2018):

	133% FPL	160% FPL
1	\$1,346	\$2,255
2	\$1,825	\$2,949
3	\$2,304	\$3,643
4	\$2,782	\$4,337
5	\$3,261	\$5,031
6	\$3,740	\$5,725

Apple Health for Kids coverage is free to children in households with income at or below 210% of the FPL and available for a monthly premium to children in households with income at or below 312% of the FPL.

I confirm that I am not eligible for Medicaid or Medicare programs and that my household income is below 160% FPL as stated above. I am not covered by any insurance plan. I agree to pay the \$70 per session fee for professional services.
