---

December 1, 2021

Dear Heart Dwellers, this true experience comes to us from one of our community members in which the pastor in the story chooses to remain anonymous.

Last week a pastor was on a trip driving his car and saw an elderly man walking on the side of the road. He decided to give him a ride and while they were traveling the old man said to the pastor, "Son do you know what happened last night in Heaven?" The pastor got scared and quickly stopped the car and asked, "Sir are you okay, how did you get information from Heaven?" ask the pastor. The old man said, "Last night in Heaven God was very angry against man and told the angels to blow the trumpet, the angels raised the trumpet and when they were going to start blowing the trumpet this is when Jesus fell down before God and began to plead with tears in His eyes then fresh blood came. It began to come out of His hands and body, Christ told God to have mercy so that His death was not in vain. God seeing the wounds of His son and seeing the pain of His saints and also the wickedness of the people, He said quote, "I'll give You a last opportunity," end quote. Jesus turned to the angels and commanded them to hurry, large numbers of angels from all over the world and tell the world that the end is near and that Jesus was coming soon. The pastor wiped his tears and asked, "Sir how do you know all this?" and the old man replied, "I am one of those angels that was sent to the world, and continued saying to the pastor, please use all the media and send this message there's no time to lose," and then the old man disappeared.

Mother Clare began, "Blessed Mother, we are waiting again and it seems that the rapture is delayed."

Jesus responded, "Clare, have My heart for sinners. It is not My heart to see thousands swept away into Hell. Understand, beloved, I love these souls, I see what they could be. My heart is to save them. But it is true, at some point I must let go. This is so painful for Me. Imagine having to let go of your children, knowing their fate to be eternal damnation and separation from Me."

"I can't Lord."-- --

"This is true, you can't. Neither can I and that's why it is so difficult for Me when things must be finalized and they are gone forever. I cannot bear the thought of losing one let alone many. Try to understand Beloved and give until it hurts.-- -- This will be such a comfort for Me."

"Lord, please uphold me so I do not collapse."

"I am doing that."

"You said any minute, is that changed?"

"Very slightly, and this requires patient endurance on your part. It is very slight, it is not a major shift in

time as you have had before."

"What can I do for You, Lord?"

Mother Mary began, "Love Him unconditionally, without the condition of being delivered from pain. Love Him no matter what Clare. Completely abandon your life into His hands, let Him have this little extra time and do all in your power to help. This is what love looks like, complete abandonment to the will of the Beloved, no matter what the cost."

"I want to be there Mother, with a cheerful heart, not with grumbling."

"I think it is a good idea to explain this slight delay to the channel. In this moment the Father is holding the destiny of millions in His hands. If we can save but one soul for Him, then, let us do it. He is sustaining you, and He will continue to until the Father gives the sign for the trumpets to blow and for His Son to come back to intercept His Bride."

"I need more faith."

"I know, continue to obey, don't lose hope, and it shall be yours. These are true tests of your love for Him. But you see how He is upholding you and giving you His work to do. He is equipping you and sending you out in this interim before the Rapture. Only the Father knows when this interim will end. It is best for you to resign yourself to a bit of a wait and do all you can to bring the harvest in.

"These are exciting times you are living in and when there are delays it is because extraordinary prayer was offered to save sinners. There are incredible allowances being made for the unsaved. It is like nothing that has ever been done before. There is so much to lose, that the Father is extending compassion to Him.

"You will see how things unfold in the coming days. Much has been mitigated by prayer intervention, but still much more is to come that will be the fulfillment of Scripture. Have courage daughter, it will be at a time you least expect it. That is what He has said, and it will be done this way. I do not have the keys to this mystery, I only know that God is a God of His word fulfilled.-- --

"Tell your people not to slack off on their work. What has been begun will not be stopped, it will come to an end and soon. Tell them to make every moment count, as I tell you to do so as well. Make every moment--count for the Kingdom of God. Be found doing His will in faithfulness. More graces are coming as they are needed. Do not grow sad, rather realize you are living in the most exciting time in the Bible. Make the best of it. And tell My children not to slack off, keep working, keep watching, and I will keep helping. We will not abandon you or leave you on your own."

## Purity of Intention

---

December 1, 2021

Lord, please grant us today a deeper appreciation of the need to do all things out of love and with purity of intention. Give us a deeper love of You and our brother. Amen.

Mother Clare began, "What is on your heart Mother?"

She replied, "Purity of intention. How I pray that all of you have pure hearts, cultivate this flower in your garden's children. Everything that you do will be right and good for the kingdom of God if you purify your hearts from all self-interest, you will have no problem managing this very difficult discipline and you will become more and more One with my Son. How He loves to dwell in a pure heart without any other agenda than to please Him. But Oh, how difficult that is for the soul. You arrive there by denying yourselves more and more of the things you prefer, not only to do but to have. This is the discipline of white martyrs who are so in love with Jesus that they have no other need than to be closest to Him.-- --

"Yes, you will have to ask for this grace my beloved ones, and your guardian angel and I will help you to say "No" to your selfish needs. It is true that a craving for delicate foods takes you further and further away from the spiritual world. Yes, you are weighted down, but also your affections for things you like increase as you feed them. So, you are descending the ladder of imperfections while you could be ascending the ladder and growing in spiritual strength and holiness."

"Mother, I am so very weak and lazy, I really enjoy certain things."

"Everything you yield up to Jesus, He will replace with the closeness you long for. Is it worth it?"

"All I can say is please help me. Truly this is what I want." --

"Then you shall truly have it," Blessed Mother replied. "If your enemies hear this message, they will work even harder to bring you down, especially now when self-indulgence is promoted and applauded. The suffering of remorse or the suffering of self-denial.... you must choose my precious ones."

"Oh, I have been here round this mountain so many times in my life."

"And so many times, child, you conquered yourself. You still have a work to do, and we need you, truly need you to conquer yourself, but not on your own, we are with you, visualize us standing with you when you are sorely tempted. Turn down every occasion of temptation. Walk away from it. You will soon feel the anointing increase and the joy you will feel at that, will more than make up for a few minutes of delicious food."

"I want this, please pray for me Mother."

"I will, and to all of you I say, this is the time of year when Satan's servants are fasting and preparing themselves for their god to increase evil in the world and in them. Can you not do this for the Love of your God? You see, this is how mediocrity is turned into greatness. Disciplining the flesh and all its desires. This leaves room for the anointing and the holiness within yourselves, which you long for. I am telling you these things because the Lord has great things in mind for you, but you must abandon yourselves to His will. As you deny yourselves in food, you will begin on the path that leads to your hearts desires."-- -- --

Just then in the Rosary the mystery was, *"If anyone wishes to be My disciple, they must deny themselves, pick up their cross and follow Me."*

She continued, "This is the cross He has for you now beloved, and all my dear ones, tenderly take this to yourselves and be faithful. You cannot out give the Lord. And while you are doing this, steep yourself more and more in the needs of others, especially the salvation of souls and the sanctity you are all called to. My precious ones, the more you invest in this, the more your soul will grow and be well disposed to receive the anointing which is still to come."

## Jesus' Heart

---

December 3, 2021

Lord Jesus, we love You and offer You our hearts. Make us humble, patient, pure and wholly obedient to Your will. Grant that we may live in You and for You. Amen.

Jesus began, *"I am so glad you are here. I have missed you Beloved."*

"Lord, I have really missed You too."

*"Well now, we are together and I do wish to speak with you. Yes, I would have told you about the Zombies but I knew you would question if you were hearing from Me."-- --*

"Lord, a dream or vision would have been nice."

*"I speak with each vessel in a different way. This is a terrible subject. No, it's not just terrible, it is terrifying. But understand, this is nothing for Me. Pandemics are nothing for Me. Please stay on track, I really do long to speak with you. Clare, don't let My words fall on deaf ears, I need to speak with you. Do not be afraid or troubled, We are protected during this time.*

*"As My mother told you, there are some very difficult things on the Horizon, some I will not speak of, others I will. First of all, you are My vessel unto honor and I will never abandon you nor will I remove My covering over our conversations."-- --*

"Lord, I love you so much, what can I do right now for You?"

Jesus continued, *"Pray for the world, pray for the little ones, the weak ones, the simple ones. Although they do not have a college education, they have one from Heaven. I speak to them in their conscience and warn them about things that are unsafe. They have a knowing. The less you try to educate yourselves, the more you rely on Me, the better your information. I want to speak to many through you, I just need to build your confidence a bit more. In the meantime, I will talk about the things that are comfortable to you and that you have a certain sense of authenticity about.*

*"Mostly I want all heart dwellers to draw closer to Me in prayer. Come to Me My people, My Brides in this hour, I want to dance with you and hold you close, wrapping My everlasting arms around you and protecting you from evil the intrusions of the demons who wish to side track you, cause you fear and anxiety, and push you into the arms of a waiting government to direct your affairs.*

*"I have given many of you a serious check in the spirit, and a serious warning about many of the things being pushed upon you in your world. My people, I want you to continue to heed these warnings as we navigate the rough waters ahead. Your greatest protection is My voice speaking to you in the silence. It takes a great deal to silence the inner man, but worship is a good way to re-channel your thoughts and*

*prepare you to speak with Me and hear My voice clearly.*

*"No longer can you rely on your pastor's opinion, your denomination's opinion, other people's opinions. Not only because times are treacherous,--and changing as we move deeper into this period of time, but also because many have not been taught with complete accuracy and opinions run high. There are also very clever misinformation campaigns being run throughout even your trusted sources on the net. The information is only as good as the source and very, very few can truly be trusted.*

*"For instance, they are focusing you on wars, rumors of wars and man-made disease, while deadly comets approach your earth. Yes, the dangers from all these things are real. But more important than any of these things is your salvation and the salvation of your families, as well as your prayers for the migrants who are being mercilessly persecuted and split up from their relatives and children. This is a horrendous violation of human rights and another attack against the family which is bringing them to their knees in sorrow. Oh, please pray for their protection and that they can stay intact as a family. Clare, it breaks My heart to see how they are being exploited. Please comfort My aching Heart by praying for them, Beloved. This means so very much to Me. How greatly I want to see them reunited with family members, but in all the running from place to place, crossing bodies of water, well, it is almost too tragic to talk about. Pray, My loved ones, PRAY, PRAY, PRAY!"*

# I Am Restoring Your Faith

---

December 3, 2021

[\(repost of October 10, 2020\)](#)

The Lord's peace be with you dear Heart Dwellers. This morning when I was on my way to pray, the Lord rushed upon me with this message, so I'll go ahead and go right into it. He began:

"Beloved, you cannot hide from Me the doubts that assail you. You cannot keep secret, the fears that haunt you about your future. Nothing in your being, all your insecurities, doubts and fears are in plain sight to Me as I gaze upon your wonderful soul.

*"Why do I call your soul wonderful? Because even as it is written that your body is fearfully and wonderfully made, it is nothing compared to the intricacy and delicacy of your eternal soul. Your body, personality, thoughts, are merely passing shadows of the wonders hidden within you. There is truly no way I can spell them all out to you.*

*But take for instance the proverbial onion. The outside has a dry wrinkly skin, but beneath that is a layer that is full of moisture and flavor. Imagine if you can, that your soul is like this very large and aromatic onion. The dried-out skin is what most perceive is you. Until they pierce the surface, then the layer of onion gives off its strong aroma. Within that one layer of the onion are millions of cells, each one of them are architectural wonders and that is in only one layer.*

*But you My soul, have many layers with millions of cells that make up your being. There are endless worlds of wonder hidden in each one of those cells of only the outer layer. But imagine if you can, progressing through each of those layers, each a microcosm of wonder filled with ideas, talents, understanding, motivation, discovery, on and on and on. You are so intimately connected to your Creator because you are made in My image. Therefore, wondrous things are hidden within you.*

*I alone know the most fitting destiny for you who I have created. I alone know the content and timing of release for each of these microcosms and their unique gifts. You live in a world of paper thin onion skins, but when you hand over your life to Me, to do with as I see fit, I prepare you according to the hidden gifts that will in time and cultivation be released to bring truth and beauty to the world.*

*When you compare yourself to other onions, who very often have not gone beyond the second layer of skin, you limit your perspective to what THEY are capable of even in their limited awareness of what I have equipped them with. However, when you hand your life over to Me, dreams begin to manifest and as you become aware of them, we together make them a reality, until we have totally exhausted that layer of the onion.*

*As we complete one layer, you are filled with uncertainty and fear about what the future will bring. You did not do this to yourself on your own, the enemy of your soul plied you with lies, day after day after day,*

*sometimes without you even being aware that this was going on. Very few of your negative thoughts come from you alone, no, the demons stand by and feed you crippling lie after lie. After a while you are fearful of the next step in your life and are prone to cling to the exhausted layer you just lived through.*

*"But when you take My Hand, trusting in Me completely, I walk you into a new world of wonder waiting for you. As you are emerging from the former layer you begin to perceive the wonder of this new world with all its possibilities. I reveal to you the gifts that I am bringing you into the fulness of, and at the same time the enemy tries to inspire you with fear and insecurity so you will run back to the old world for comfort.*

*This in fact is what happens when you start eyeing the beauty around you, Clare, for the purpose of photographing it. That was the old world. You mastered that. It is familiar, even easy. But what I have for you in the here and now is much more substantial and glorious than your past. That is why I ask you to leave those things behind. I do not wish for you to get entangled in them when I am bringing you into a new anointing for My Kingdom on earth."*

And it's interesting that He said that because the fall leaves here are absolutely spectacular. And I just couldn't walk from one place to another without taking all kinds of pictures. I mean, it has been absolutely breathtakingly beautiful every time I turn around, so there's a reason why He's addressing this to me right now. Now music, on the other hand, that is a challenge. He continued.

*"So, I ask you to let go of the old and make room for the new, Beloved. Yes, enjoy the splendor of what surrounds you, but do not get roped into going back to that attachment which will only inhibit the work of the present time. Enjoy, detach, move on. I have much greater things in store for you. Keep praying for your president and the world, especially this nation. Keep praying and spread the word...I am doing a new thing in your life and the lives of those Heart Dwellers who are willing to lay down the old to have the new, which will be far more relevant and important in their lives.*

*Even what awaits you on this Earth, in this World will be a glorious surprise to you. No more unbelief. Believe and I will bring it about. Believe and obey, that's the ticket, for you and for all. Believe in those dreams and obey, do what is necessary to walk into them and own them. I am leading you gently, my still small voice speaks to you constantly, embrace it, do not assign it as being your own thoughts or fleshly motives, rather recognize, it IS Me Beloved ones. As always ask for My assistance and you shall have it.*

*Because I look upon you through the eyes of Mercy, I see the forces aligned against you. I see how you have fought valiantly against them. And I see when you feel overcome and shamed by them. It is then when you need Me the most. It is then when I want you to run to Me, close the door behind you and confess these feelings without shame. For I do not shame you, I do not inoculate you with guilt, this is the work of demons. They inject that guilt, sometimes it is even so vague that you cannot find the words to fight it. Sometimes it is so pervasive and has been infused in you since childhood, that you have no way to fight it.*

*You have no way, but I do. I am standing by with the remedies to restore you to the fullness of a soul that is under no condemnation because I took it all upon Myself. This weighty slime is invisible to you most of the time but causes a certain heaviness and feeling of uncertainty which causes you to doubt and halt in your journey along the way with Me. These are the times to come to Me Beloved and get these things off your chest. Yes, I will take all of this from you, but be not afraid. Trust Me Beloved. Trust Me. I will deal*

*with these attacks against your character and Mine. Let Me lift this from your shoulder beloved. The battle belongs to Me."*

*I have taught you and they have denounced you and tried to negate My teachings. Therefore, I will deal with them even as one who barges into the wedding chamber unannounced. For this work is My work, and these words are My words.*

*Be assured then, that there is new life waiting to burst upon you as you press in despite the lying voices of condemnation from the enemy. I am your source, I am your covering, I am your defense. Speak and move forward boldly for the joy that is set before you, even in THIS world, is nigh upon you. That is why you continue to get this same Rhema over and over again."*

Yes, this Rhema kept coming up, and you've probably gotten it too, off the website and it says, "Much more to come!"

I wondered why you kept giving me that Lord?? He answered,

*"Yes, you can be obtuse...even when I repeat Myself."* He smiled and then continued.

*"Do not allow these crippling forces of unbelief to hinder you any longer. Know for certain that when you feel insecure and question My words to you, you are under attack. Let this river of life flow through you unhindered, Clare, for I have much to share with My People."*

*"And I speak the same words of encouragement to you who are listening...there is still much to do on this earth, prepare yourselves for action. Now we are in a time of intercession that is vital to your future, but the time may come when you feel a whole new lease on life. Press into prayer, cover your president. Truly you hold both his and your destiny in your praying hands."*

## What is a Minister

---

December 7, 2021

Lord, help us to be unified and encourage each other in our joint mission of ministry for the salvation of souls and to comfort those who are hurting. Let Your wisdom and love be our guide daily. Amen.

Mother Clare began, "Mother, I am here."

She replied, "Yes, you are...thank you for coming. You were right not to avoid prayer, especially today, there are so many hurting. May I ask that you say this prayer more than once a day?"

"Mother, do you mean the Mercy prayer or the Rosary?"

"I admit my prayer is long, but what you will be losing in time, you will surely make up in grace. I would like all of you to be sensitive and pray when prompted. In truth, there is nothing in your life more deserving of your attention than these prayers. Much time is wasted in foolish thoughts and engaging me in prayer is a far better way to proceed. I am so glad you are here Clare; I love to be in your presence and with all the community members present. What a lovely lily you are growing on this mountain."

"Thank you, Mother, I don't feel like a lily."

"All the same, you are all lilies growing on the side of this mountain and a joy to your Spouse. Thank you all for giving Him your lives."

"I am eternally grateful that He saved me."

Blessed Mother continued, "And that is as it should be. Always remember the good when you have the tendency to grumble. And if you do grumble, be swift to repent and declare your gratitude. I want this place to become "Prayer Mountain." Night and day, praying with very acute attention. This would be pleasing to Us. In the beginning you started out with many projects to complete. But now that they are coming to completion it is time to shift gears and replace work with prayer. More and more prayer. You will look back in time and ask the question, "Why did it take so long for us to become a community of prayer?"

"Mother, we need more faith." --

She responded, "It's coming. It is coming. But do you realize how faith is developed? I know you do because you mused on this very topic yesterday. Yes, faith comes by hearing the words of the Lord, but faith comes after stretching. You must continually reach for it. When you reach, (meaning stretch) you broaden your faith and see clearly how God works through faith. But in order to cultivate the kind of faith we want all of you to have, you must pass through many trials. Ever since you began to be a community you have had trials. In order to grow in faith, there must be more, so that you can see that Jesus is a God

who responds to prayer and knows even the hidden desires of the heart.

"All of you in this room have hidden desires that only God knows about, many of those desires have been put there by Him, some are left overs from the world. But as you yield yourself to His grace in this community you will be cleansed of worldly desires and become alive to Holy Spirit desires. There are things you have never acknowledged, that are deep, deep, holy desires. As you yield to obedience and become more and more detached from what you want to what He wants, these hidden talents and desires will surface. It is true that this Franciscan life is a life of going out and coming in. That means you will go out to pour graces you've received upon others, then you will come back in and fill up again. How blessed are those you go out and touch. Truly God's love works through you.

"Little Leo, my little lamb, you made such a difference to the man who lost his dog. He will always remember that kindness. I was able to touch him through you. You will be doing more and more of that when you go out. Blessed are you when you do your Lord's work. Did it feel good son? This is what my Son did when He went out. He comforted people in whatever way they needed to be comforted. For the poor widow, He raised her son from the dead and gave him back to her. For the leper He cleansed him of the disease. For the harlot He washed away her guilt and showed to her that God loves her. That was something she did not know because she lived with rejection and hatred all of her life. For the hungry, He fed them.

"So, you see, whatever the need of the soul, Jesus met it. This is what ministry is all about. Bringing comfort and hope to the lost and hurting. You are not a minister because you graduated from seminary, you are a minister because of your compassion and willingness to relieve others of the burdens they are carrying. This is the true meaning of ministry. When you minister you draw others to Christ and then the Holy Spirit brings conviction and they come to Jesus.

"Most people are so overloaded with guilt; they dare not look up to Heaven and ask God in prayer. No, they are so ashamed of what they have been that they run and hide from God. So, God must come to them, from inside you. And when you felt the man's pain, you came to comfort him. Do not be afraid to call yourself a minister, you are well on the way, my son. My children, you all need to develop unwavering faith and then you will be able to stand firm to the end."

## Afghans Fleeing for Their Lives

---

December 7, 2021

Pastor Scott Griswold, his wife Julie and their family lived in Cambodia over 10 years as missionaries and after moving back to the Houston Texas area, they continued the Lord's work by helping refugees assimilate into their new environment, and demonstrate to them the love of Jesus.

Pastor Scott began, "Out of the blue I received a call from Afghanistan from a lady who quickly said, "I see from your website you have been helping Afghans. Can you get my family and me out, NOW?!" She went on to tell me that as a female journalist, she was in danger in her country and that her husband, because he's a Christian, had been attacked and was in hiding.

"I told her we could add her name to the list of those we were trying to get out and to send me her family's information. I was not prepared for the heart-breaking pictures she sent me. Someone tried to kidnap her two girls. They cried out for help and they were able to rescue them, but not before their little tongues were cut. It wrenched my heart to see such pain and to hear the mother's pleas.

"The Lord has moved us to action and now we are raising funds to apply for humanitarian visas. Though there is a long backup with the US government, it is our best hope of getting them here, once we can get them out of the country. It is \$575 per application and we are applying for 30 people. For a total amount of \$17,250. Please help us get these refugees out of Afghanistan and into an environment of safety and peace. May God bless you all and keep you!

## Earthquakes-Scalar Attacks-Nibiru - Jesus speaks

---

December 10, 2021

May the Lord keep us in His peace in these turbulent times. May the Lord stand at your right hand through all trials and steady our hearts and help us to understand the times we are living in and pray for those things which are most urgent to Him. Amen.

Lord, what is on Your Heart? For what should we be praying?

I saw a vision of the oceans boiling and turbulent.

Jesus began, *"It is a reality that Hell is filling up again, it is expanding with souls as well as being affected by pulses and the Nemesis Nibiru Destroyer Solar system in its close approach to Earth. Your world is in a highly dangerous condition with lava bursting out of trenches in the ocean as well as underwater volcanos that are causing the water to become very hot, releasing toxic substances in the water, killing sea life in multiple places. Water is going to rise and land masses are going to be flooded because of these changes.*

*"But Clare, I want you to understand something, while it may be out of your control, it is not out of My control. I have complete control of what happens on Earth. So, continue to not be afraid."*

And here I want to just say that Mike from Around the World has talked about reports from airline pilots who have seen the oceans lit up at night. Many fish and other living organisms are dying because of this. I remember in Revelation it said that a third of the fish of the sea will die. I want to share something with you that talks about the Destroyer, and the worlds inside the Earth, and what is to be revealed of them. I do not believe we have arrived at this point quite yet, but I do believe it is coming soon and the Destroyer has a part to play.

In Revelation 9, The fifth angel sounded his shofar; and I saw a star that had fallen out of heaven onto the earth, and he was given the key to the shaft leading down to the Abyss. 2. He opened the shaft of the Abyss, and there went up smoke from the shaft like the smoke of a huge furnace; the sun was darkened, and the sky too, by the smoke from the shaft. 3. Then out of the smoke onto the earth came locusts, and they were given power like the power scorpions have on earth. 4. They were instructed not to harm the grass on the earth, any green plant, or any tree, but only the people who did not have the seal of God on their foreheads. 5. The locusts were not allowed to kill them, only to inflict pain on them for five months; and the pain they caused was like the pain of a scorpion sting. 6. In those days people will seek death but will not find it; they will long to die, but death will elude them.

7. Now these locusts looked like horses outfitted for battle. On their heads were what looked like crowns of gold, and their faces were like human faces. 8. They had hair like women's hair, and their teeth were like those of lions. 9. Their chests were like iron breastplates, and the sound their wings made was like the

roar of many horses and chariots rushing into battle. 10. They had tails like those of scorpions, with stings; and in their tails was their power to hurt people for five months. 11. They had as king over them the angel of the Abyss, whose name in Hebrew is "Abaddon" and in our language, Destroyer.

Ok. So that is from Revelation. So, while these things are yet to happen, I am drawing a parallel between the Nibiru system and events yet to come.

Jesus continued, *"These monsters of the abyss have been manufactured to be released and destroy the inhabitants of Earth, as well as to make it a complete wasteland. This was foretold in the Scriptures, but they can only go so far."*

Now, I have been thinking about the three days of darkness lately and wondering if we should be preparing for that. So, not knowing if we should be preparing for that, I went to the Bible Promises because I do not trust my discernment on things, I have a strong opinion or desire for, or against. I did not feel a direct answer, but this caught my attention, God will not forget the work you did for Christians. This shows your love for Christ. We want each one of you to keep on working to the end. Then what you hope for will happen. That is Hebrews 6.

Well that certainly is a direction for those who are sitting around idle waiting for the Rapture. Not everyone who claims to belong to the Lord will be raptured, only those who are sincerely about His business with all their hearts and not living selfishly for themselves, but busy helping others.

Dear Heart Dwellers, I have been tempted to crawl back under the covers and wait, but somehow, He always gives me the strength to keep going and even extend myself further. This is pure grace, pure love for Him that He has given me, to strengthen me...I just do not want to disappoint Him anymore. When we decide to be slothful and lazy thinking we have worked for so long and so hard, surely, we can kick back and recover, we are in the flesh, not in Love with our God. So, do not let that line of reasoning from your flesh and the demons give you permission to abandon your post just before your king arrives at the gate.

He wants to see His Bride busy at work for Him when He comes for her. And know that if you are sick, your prayers are even more powerful. You are offering your body as a living sacrifice for the salvation of sinners...to bring them the Gospel. Jesus already paid the debt, but someone must tell them, and those of you stuck in bed can pray for workers to go out into the harvest fields.

In fact, tonight, Ezekiel is suffering, and he told us, "I see boats, nets and fish. The nets are full of fish as they are being hauled into the boats." Many times, if you are a victim soul, the Lord will show you who and what you are praying for and does help to know. In fact, it truly helps to acquaint yourselves slightly with what is going on. It is good for you to see the plight of the migrants. It is good for you to see how people are left homeless from the fires, a little bit of acquaintance with these conditions helps you to pray from the heart for these desperate souls. And you may also want to donate to their cause, and I know this is pleasing to the Lord. But do not get hooked on the news and do not bother with mainstream news, as many times, they leave all the critical and important news out because they are trying to form your minds to be asleep or afraid.

Recently we discovered news from India called WION, that is spelled WION, that represents some truly relevant topics and things we need to pray for. There are many more stations and I cannot remember right now but look around they are there. You can tell immediately where they are coming from by their

attitudes about the virus.

I took a break to look something up on the Internet and I almost fell. I did not fall, but I did lose time. So, I said to the Lord, Jesus I am back.

And He said, *"That was quite a dangerous little excursion..."*

And this is what happened: When I went to look up the word abyss and destroyer in the Bible app, there was an ad for a Complete Jewish Study Bible. I am fascinated about the cultural details that are the backdrop for Scriptures...so I tried to buy it. Well four times PayPal would not let me. Then I tried to use my card and I heard over my shoulder, *"You might as well go eat some chocolate."* In other words, your fasting from treats is going to be useless if you buy that book.

Well, I could not stand the thought of being separated from Jesus because of my disobedience, so I went to the Bible Promises just to be sure. First two readings were a little positive, but something nagged at my heart, and I said, "Please Lord, I do not want to let You down, if you do not want me to buy that book, give me 'Jealousy' in the next reading." So, what do you think I got? My third reading was Jealousy, so I put it away.

This same night, later into the early morning hours, Ezekiel suffered some terrible experiences as he was transported by the Lord to a fetish priest in Ghana who was in the process of torturing and killing a 14-year-old boy. Ezekiel was experiencing some of the torment and rebuking the Shaman and demons. But the ritual never stopped, and the boy died. Whether this happened-Whether this happened in real time, future time or in the past is not clear. But I believe it did happen. The Lord took the boy out of his body way before he died so he was spared much of the torture. I talked with Mother Elisha later and she said there had been quite an increase in missing persons in Ghana. Well, that could also be due to the increased need for adrenochrome, or an increase in Satanic worship. Lord, please, come soon, this is too horrible to contemplate. My heart aches.

Jesus spoke again, *"Beloved, this is a balancing act, the right timing is only My Father's decision to make, but I begged for more time because the Earth's harvest is ripe."*

But Lord, what about southern California and all the quakes in the Sea of Cortez...everyday 4.1, 4.5, 4.2, 4.8, and now Oregon is doing the same thing...I am so concerned that California is not long for this world. And recently a deep-sea dweller, an Angler fish washed up on the beach in San Diego. Mike from Around the World mentioned that this is another sign that there is about to be a significant earthquake.

Jesus answered me, *"You are right. My dear one, I have done almost everything in My power to get people to move from that area of America. I have allowed disaster after disaster to get them out of harm's way. But some are captive in the deep sleep of materialism, and it does not suit their agenda, so they will be the ones to go down in the quake that is coming. It is only a matter of time, and I tell you the truth, I dread the day and I do not want to make the decision, I leave it up to My Father alone."*

*"I love all of you who live in California. I do not want to see you perish, but you have not gone deep enough to heed My warnings and unless you leave those locations quickly, you will be engulfed in this horrendous tragedy. Please My people, if you have heard My call to leave, do not delay another day. Time is running out."*

Lord, I have a question: Are our enemies using high-tech weapons against us to cut that portion of California loose?

*Jesus answered, "You can be sure, man's efforts are involved in this. You have been at war, but it is kept hidden from you. Your enemies will use every high-tech weapon to bring about your demise. However, they are starting with a natural weakness and aggravating it until it fails. There are both under water operations and scalar technology being used. These have been in use for a very long time and are just now becoming common knowledge to the public."*

Now, I had heard the word, "scalar" before, but I was not sure what it meant, so I looked it up. And my best explanation, just to sum it up, is that scalar weapons are Directed Energy Weapons that use electromagnetic pulses, microwaves, or other electronic weaponry, like what Nicolai Tesla was working with. They are more powerful than nuclear weapons. I had heard the word scalar before but was not sure what it meant so I looked it up. And my best explanation is that scalar weapons are Directed Energy Weapons that use electromagnetic pulses, microwave, or other weaponry, like what Nicolai Tesla was working with. They are more powerful than nuclear weapons and are very discreet and difficult to detect. There are lots of weird rainbows and shafts of light seen in areas before a major quake and these are evidence of the scalar weapons being deployed.

## My Precious Satanists

---

December 11, 2021

Lord, what do you want to say to Heart Dwellers and those in the world who are looking for security and peace at this time?

Jesus continued, "My precious, precious people...when I say precious, I am also addressing all of you in Satanic cults, all of you hurting children and siphoning off their blood, I hate

what you are doing to My little ones, but I love you dearly. I want you to know that whatever crime you have committed, I will take you into My arms and welcome you into My kingdom, with special protection from Satan and your coven, if you repent of the things you have done. Yes, I love you, yes, I died for you on the cross, and I will never stop praying for you and begging mercy so that you do not perish with the fallen angels. Please, in difficult moments, remember, I love you too, not just the ones following My laws, but I love and am deeply concerned for you. I wait for you to come to Me and My true Christian people are praying for you daily.

So to continue, My precious people, there will be no peace on this earth until I return for the thousand year reign. This is a literal reign, not symbolic, as some scholars mistakenly believe. You are now in the time frames of the coming tribulation. You are now seeing many things that have been hidden from you before, because soon the world will be taken over by Anti-Christ.

Your only security and peace is in Me. Confess your wrong doing daily, ask for My pardon and strength to avoid those sins in the future, and dedicate your life to Me. It is written that those who lose their lives for My sake will gain them. Those who hold onto their lives and refuse to repent will lose even what they have and not for a specified amount of time, but for eternity. Just like Heaven is eternal, so is Hell. I did not create that place for you but for the angels who rebelled against My Father. By the way, Satan is no brother of Mine. He was the angel that directed worship to My Father until pride and jealousy took him over and he fell, taking with him a third of the foolish and deceived angels. So, I created a special place of torment by fire and ice for them. I NEVER wanted My children to go there, but because of free will choices, too many have ended there. It grieves My heart, but the grief and torment they experience because they believed Satan's lies about a kingdom, is the greatest tragedy a human can suffer.

You who have chosen the torments of Hell as your final resting place, do you really believe what the Father of lies has taught you? Listen children, you are filled with bitterness, hatred and fear, aren't you tired of living this way? What if all of that was removed from your heart and for once in your life you felt peace, security, and deeply loved by the God who knows when you sit and when you stand? What if all your past pain could be erased and replaced with joy and expectation of a fresh start in life? What if all the secret desires of your heart, to become an athlete, artist, musician, teacher or one who defends justice and makes a difference in the world could come true? What if there was a way out of where you are now? Would you take it?

What if you could see the fulfillment of deep hidden dreams of things you have always wanted to do??

What if, you were born again, into a place where love, patience, kindness, appreciation, respect and honor, were a way of life?

No church or Christian group is perfect, but there are some that truly live by these laws and they have no prejudice for race, color or past crimes. They love and respect one another equally. They support the dreams of their friends; they give of their time and talent to help you to heal from the past and advance into a future that has meaning. A place where bitterness, fear and anger, are not the daily routine. There are places like that. There are people like that that genuinely care about you and what your future holds. They want to see you healed and on your way to a life with a real future that satisfies your deepest desires. There are people like that in My kingdom and they are praying for you to be set free from hatred, rage, and bitterness.

Jesus continued, "Come to Me, let Me prove My love for you. Repent of the wicked things you have done and give me free reign in your life. I will lead you into that dream. There is hope, yes, even for you who have murdered babies and drank their blood. Yes, I will forgive you, yes, I still love you and will never give up calling you to myself. Remember this in your darkest hour...call Me and I will be there.

## Reincarnation-New Perspective from Jesus

---

December 12, 2021

Lord Jesus, please reveal to us the secrets of the universe and which things are true. There are so many plausible explanations for so many things, but I am seeking only the truth. Please reveal truth to me in such a way that I can embrace it and find endless peace. Amen.

Lord, what do I say to those who believe in reincarnation? What is the truth? Have I been misled? Can you believe in reincarnation and still go to Heaven?

Jesus replied. He said, *"Say to them, why would you want to be burdened with another life of drudgery? I did not design you to suffer through that again. I designed you to live in glory. Why in the world would you want to return to that? In the world I am providing for you, life will be lived in joy with all your needs met. Why would you choose to go back to Earth as a dog, or a slug, or a snail, if you could at last be free from corruption?"*

*"My dear children, I came from Heaven to pay for your failures and redeem you. That means that your sins and failures are wiped clean if you are truly sorry. I weathered sickness, disease, violence, misunderstanding, cruelty and suffering to pay for your liberty.*

*"When you die in a state of grace, you are brought to Heaven with all your faults and ailments. Immediately you will see the River of Life flowing from the throne of My Father. Lining the sides of this beautiful sparkling pure water are trees which are in constant bloom and produce fruit for you to heal. I know what you have been through on the Earth, never do I want you to suffer that again. Never do I want you to live a toilsome life with all kinds of handicaps and diseases. No! I freed you from that by My passion.*

*"At last, you are home. But your souls are damaged from life in a fallen world. I was the perfect sacrifice for every time you fell. Now I want you to be fresh and perfect. Whatever your sickness, malady, sins, they were the result of that fallen world and your interaction with it to survive. Now I have much, much better things for you. You have passed the test, you have now entered Eternal Life, and as such you will eat the fruit and leaves of these trees to be restored to perfection. Your joy will have no boundaries at all.*

*"Even while you are on the banks of the river with others, drinking and eating the healing fruits, you will forget the ugliness of the past and what caused your body to deteriorate. As you let go of those memories, more and more healing grace will flood your soul and your body will be made perfect. Your mind, emotions, also will become perfect, you will have automatic access to all knowledge and questions will be answered before you even ask.*

*"You will be able to see everything that happened to you from Heaven's perspective, and you will understand and be relieved of every "WHY" question you have ever asked yourself. DNA carries memories and an entire world of experience, and you will see into past generations, the ancestral history*

*of your DNA, which has a strong bearing on what you became in this life, why you did things, why certain people were in your life, why some were failures and why some succeeded. In short you will have every answer to every question you have ever asked yourself and you will understand the dynamic of ancestry and what generational curses or blessings are passed down, as well as why some live a blessed life because their ancestors were good and holy.*

*"Nevertheless, you will be healed, whole and perfect in glory with Me. That is the very first thing that will happen to you. What will come after that is an environment of purity for you to do the things your heart has always desired to do. Why? Because I put those heart's desires in you from birth. You were made equipped with skills to do everything in your heart.*

*"But this is a cruel, cruel world, because Satan also sees and assigns demons to lead you astray or make it impossible for you to fulfill the gifts you were born to flourish with, you are opposed in fulfilling your destiny. His motives are to rob you of your destiny and take your soul to Hell. That is what he lives for.*

*"Those of you who need to believe in reincarnation, you have no idea the gifts I have for you in Heaven. You think that you must earn your perfection by going through thousands of years of suffering. No! That is not how it works. I went through three days of suffering to pay for all your mistakes and release to you the fountain of life complete with healing herbs and fruit. Wouldn't you rather get started with eternal life than have to suffer through Earth again??*

*"I am eternally grateful to you for choosing to live your life for Me, and because of that, I have gone to prepare a place for you. A place of wonder...if it is architecture you love, your home will be a dream house. If it is nature that you love, you will be in the pristine forests of Heaven. My servant, Jesse Duplantis marveled at his mansion in Heaven because it was decorated with costly renaissance masterpieces of furniture. That is what he loved and so that is what I procured for him. That was part of his reward. Mother Clare loves the wilderness, animals and nature and hers is a palace in the wilderness with seven waterfalls and a clear glass floor revealing where whales and dolphins play in the water. Behind each of the waterfalls is a different kind of terrain and climate, all of them dream places for her. She has a snowy owl she has always wanted, a young cougar, playful and loving, a polar bear and a white tiger. In addition, all her former animals that went on before her will greet her when she arrives and everything she has ever loved will be built into this palace."*

Ok. Well, here I just want to insert that if you read Chronicles of the Bride, which is a book that Ezekiel and I wrote, you will see what the Lord has prepared for me in Heaven, and how unworthy I am. The first night He took me there, I was speechless. When he brought me back to my earthly body, I wandered around for a whole week in a daze. I know my failures, and I know I did not deserve all that! But yet He wanted me to have it. Do you think I want to return to Earth? Well to help others, sure would not want to live through it again.

But dear ones, I was just blown away by every detail, the things He created for me in Heaven in my little mansion. Just blown away. The colors, the shapes, the qualities, the properties, everything, everything is just like a dream come true.

Nothing happens by accident my dear family and tonight, I took a short break with my husband after dinner, and we watched Johnathan Kahn. He began by talking about a baby in a womb. The child has feet but nowhere to walk yet, has hands but nothing to do with them yet, eyes but nothing to see, ears but

nothing to hear...he said that to illustrate something, Earth is the Womb of Heaven. When we complete this life on Earth, then we will go to Heaven, just as a child who comes out of the womb and on to this Earth now has a place to walk, things to touch, eyes to see and ears to hear.

Earth is where we prove our fidelity to God and gain Heaven. Earth is like a confining womb; we cannot really go and do what we want to accomplish or attain anything worthwhile until we leave our mother's womb. Even so, when we leave Earth then the fullness of what we were created to be and do will be ours.

*"People want another chance to improve and make up for their mistakes, to prove themselves, to wipe the slate clean. But what they do not realize is that new and worse challenges and events will take place if they were to go back to Earth and try and do it all over again. There will still be pain, disappointment, failure, sickness, and loss. I have paid the price for all of those things the very first time around when you were born, grew up became old and died. I paid for every mistake you made, everything. Now I want you to enjoy My unconditional love and provision for a holy life, full of all the things and skills you need, full of authentic friends who completely accept, love, and understand you. Full of teachers to help you master the skills you dreamt of having. Everything you have ever dreamt of has been prepared for you in Heaven.*

*"Why would you want to return to Earth when you had this as your guaranteed eternity?"*

*"I am sorry to disappoint you, but I am not sending you to that place to suffer, ever again. Rather I am preparing your homeland where everything you ever needed or wanted is yours. You will be very busy, creating, guiding, building, playing musical instruments, exploring, writing songs, writing books, swimming, mountain climbing, loving on your favorite wild animals, living in your own home or living in a beautiful garden apartment next to people you love. Or you will be cooking in the kitchens of Heaven the meals you love to make and sharing them with your brothers and sisters. You will go swimming with dolphins, skating with polar bears, flying from forest to forest or mountain top to lush valleys with flowers that turn their heads and follow you and sing. Everything will greet you with love, the bees will allow you to taste their honey and form a heart in front of your very eyes to salute you, the fish and animals will come to you for attention, and angels will meet your needs. You will be with Me exploring the outer reaches of Heaven and flying above everything at will with only your body and a desire to fly.*

*"You will never be tired or sick, although you will at times rest and need a time of inactivity. You will be helping friends and children still on the earth to attain to Heaven, praying for them, and the relatives that you left behind. You will be allowed to even visit them in dreams. Now this is what I do for those who love Me. I would never send them back to Earth to be perfected by more trials, never.*

*"So, you see, you have been lied to. Just because certain people groups have mastery over their flesh and can-do extraordinary things does not mean that they know the very truth of God and who I AM. They know the rules that matter, but that does not guarantee that they know Me. They know how to control their flesh to do amazing things because they know the dynamics, but they do not know the truth about Me. I am not some far off energy, impersonal God or mist or force. I am and your best friend, I am your lover, I am your spouse, your father, your everything. I will supply all your needs because you are My child and I love you to distraction. I want you to be whole and healed, I want to hear squeals of delight when you see what I have made, just for you.*

*"I want to go on picnics and the beach, visit the lions and giraffes with you, fly around paradise islands with you, swing in a hammock with you, spend time just being in your presence and delighting Myself in*

*your wonder and surprise. You will see how much I love you. You will see that everything I have said here is true. With all this at your disposal after one lifetime, why would you want to return to a corrupted Earth to start all over again? Why? I have just paid your ransom and nothing more is needed to square off your debt. It is finished.*

*"Now I want to gaze into your eyes, hold your precious hand in Mine and see happiness overtake you with unspeakable joy, forever and ever. And if you want to return to the new Earth to help teach souls, we will do that together as well. But I will never again put you at the mercy of a brutal and corrupt world. Never. You have graduated, and you are Mine. You have left the womb that is Earth and now you are going to walk the golden streets, swim in the crystalline coves and find joy with all those you love.*

*"Beloved ones, this is My final word to you on this topic. Reincarnation is a lie; Heaven is your next destination and I have gone ahead of you to prepare that place with all your favorite things. No need to worry, this painful life is something you will never have to repeat, you will never be at the mercy of, and never have to live through again. And this I have done for you because I truly love you. You will see Me soon."*

## Discernment

---

December 13, 2021

Lord, we will trust You for generous wisdom, discernment and peaceful hearts, all for Your glory. Thank you for protecting our discernment. We praise You for being the decision-making God. It is not our decisions, but Yours that make all the difference. We will plan, but we trust You to order our steps. Amen.

Blessed Mother began speaking to Mother Clare, "I always have something to say Beloved daughter. You are right to direct your prayers to the refugees; this is the most tragic situation along with those being pursued to take mandatory shots. Or shall I say, death shots. Indeed, they were clever to send the shots out in three's with different substances in them. Two are seriously contaminated and one is saline. That sets people up to question why so many object, they think it is only a theory and begin to despise those who have refused the shots. In this way they accomplish divisions, even in the family. You cannot go anywhere without condemnation being directed at you.

"This was the deliberate end they had in mind to turn families against one another. This was diabolical and intentional to separate people from their support systems. Isolate the sheep so the wolves can close in.

"My people, you cannot trust this government or any government where God has been excluded. Their agenda's, are, in the long run, Satanic.

"These times are so treacherous that you must stay close to the Lord's heart to know what is evil and what is good. My children there are no easy ways to remain safe in this climate. And it is only going to intensify. Therefore, I ask you to review all the lessons My Son has given you on discernment. They are listed in the search engine on Heart Dwellers website, and for you my dear children, you must learn this fine art of discerning of spirits. If you do not have it you may ask for it as well, and God who gives all things to you will impart it to you. You cannot navigate without it.

"As more and more demons are released from Nibiru, your discernment will be the deciding factor that guides you safely home. Do not assume that you will be able to tell the true from the false. So much depends on your discernment. You must cultivate this gift if you and your families are to survive."

## War & Calamity are Approaching

---

December 14, 2021

May the Lord keep us in His Peace as world events unfold.  
Amen.

Jesus began, *"Things are steadily increasing in intensity, very soon there will be war and events that no one could foresee. You are right in thinking that I have intervened and saved this planet so many times. This will be a major*

*wakeup call for all Americans. It is time that Americans listen up and turn to God. This will not be an easy transition, from materialism to God, but it will be effective.*

*"The whole world will be awake in a way they never thought possible. The things that matter to them so much now will be utterly useless and unimportant...and then comes the great divide, where the differences in belief will galvanize. This will be a tremendous challenge for your country and even for each family. Rest assured Russia and your enemies are counting on this. The best thing you can say to the people beyond having an intimate relationship with Me, is to not play into the divide they are creating. You are being turned against one in other so that brother will destroy brother, mother will destroy son, son will destroy mother, and so on. This is the preparation for the Mark of the Beast John has written about in Revelation, I have warned you about in the Book of Revelation.*

Ok, well I want to take an aside here and bring something up. And that is that a reliable source has reported that Russia has sent all her nuclear submarines out and threatened Europe and America if they continue to interfere with the things that are going on in the Ukraine. From many people I have heard that the Ukrainians really want to want to be with the Russians, but it seems that the typical political manipulation that America has been doing for scores of years where they depose a ruler from their country who may have been the peoples' favorite and set up their own ruler who will comply the wishes they have and the resources they want to get out of that country.

And that is one of the reasons we are hated around the nation, around the world.

So, we heard that Russia had sent out her submarines and all of them are nuclear submarines and fully armed, and that also there is a very threatening asteroid coming in, nobody knows exactly what affect it will have on our planet, on top of that pilots flying over the ocean are seeing the oceans- they are seeing lights in the ocean, places where fires are coming up from the center of the Earth and illuminating the ocean in places along the Mariana trench, I think, is one place. There are a few places where they see light emanating in a long crease in the ocean bed, light is emanating from that, and they are reporting fires under the water in many places around the world.

Guys, the Lord has been very merciful with us. If these things were happening out of the water, we would not survive them. Instead, the Lord is allowing all these volcanoes to shoot off underwater and soon there are going to be mountains rising out of the ocean because of all the lava that has been spewed out from within the Earth.

There are some incredible things going on right now, things that we are not prepared to see and to know about, so the Lord has been protecting us.

I listened to Mike from Around the World and one of the things he said is the scientists, astrophysicists, and so on, are all baffled by why our planet has not been destroyed by now. They even had a meteor coming in- there was even a body - a heavenly body- coming in towards the Earth and it got very, very close, and then it turned around and went right back out again, and there was no earthly explanation for why that happened.

God has been protecting us, but because of the sins of our nation, He has lifted His hand of protection and He is allowing some of these horrible things to take place. So be prepared, be prepared.

*"These things have been planned for centuries," Jesus continued. "I have protected you for centuries, but the blood of the innocents crying out from the ground has caused My Father's hand to be lifted and now you are in full- fledged rebellion. Much could be avoided if abortion became illegal. America, you will reap what you sowed. And the devil laughs.*

*"Materialism has become the god of this country and human life has become a commodity that is inconvenient for the bottom line. That is not to even mention the atrocities that are continually committed by the underground Satanic community. Oh, how money corrupts.*

*"Only at the end of the cleansing of this Earth that must take place will people come to understand how very horrible this modern culture has become. I am not giving up on this Earth, only the cleansing must come before any restoration. All will see their crimes, and things they never considered a sin will prove to be their undoing. In this way the new Earth and those who remain and return, will go forth having learned their lessons.*

*"Lift up your eyes to Heaven, for your redemption draweth nigh. The time is at hand, The Day of the Lord is approaching. Repent, repent of the ungodliness in your lives, and beg for the Lord's mercy, for you and your loved ones."*

## Comfort For The Refugees-He is sending us out

---

December 15, 2021

May the sweet presence of Jesus be with you and keep you from materialism during this holy season.

Dear ones, do not neglect Jesus to go shopping...He needs your comfort, and while Christians are out partying, eating, drinking, and spending money, the Satanists are fasting and praying against us to get ready for their next cycle of evil

and attack on January first, so please, keep that in mind. We need to be faithful to our God. Amen?  
Amen.

The Blessed Mother visited us during this Rosary and gave us a message:

"Beloved family, thank you for your prayers. I know it seems like nothing to you, but your prayers are being heard. One of the reasons We want you to go out into the world is so that you will understand the impact you are having on the world. We want you to experience the miracles, and We want you to connect with the sorrows of the people and to grow in empathy.

"Staying cloistered you are in your own little world, and it can make you indifferent to the sorrows and trials of others. Mingling with other people changes that. You begin to feel empathy because you too have suffered many of the same things they are struggling with. Your experience and wisdom can bring comfort to them.

"Jesus went out among them; He withdrew for prayer but then He went out and touched lives as only He could. Just so, We want you to go out among the people and take on their burdens upon your shoulders. These indeed are your children, even as Mother Clare shared the drawing with you, you are Brides of my Son, standing on the side of a mountain, dispensing prayers that bring graces from Heaven and healing."

When she says "We," she is talking about the Trinity, Father, Son, and Holy Spirit and herself, or it could just be Jesus and herself or the Holy Spirit and herself, but they have a little team up there with our name on it. There are quite a few saints, including St. Francis and St. Faustina... In any case, moving on...

She continued, "Without your presence this world would be a darker place. Never underestimate the power of light to overcome the darkness. A room may be pitch black but the moment a candle is lit, the light reaches into every corner. And so, it is with you, your light overpowers the darkness and prayer is an expression of that light being directed towards those in need. It is impossible for those in darkness not to experience light when you pray for them. The more candles that are lit, the more light, the more healing, wisdom, and illumination of who Jesus truly is to them.

But for you to truly realize the impact you have on others; you must mingle with them and shoulder their burdens just as Jesus did. How beautiful are the feet of those who bring the Gospel!

Mother, where and when do you want us to go out?

She answered very simply, "Now and always. This is the simple answer there is always a great need for light. Your messages bring light, but you miss the interaction with others, it is like living in a vacuum." -Boy I can feel that, and I do not like it. "We are preparing you all to go out. In the coming months, the need will be greatly intensified for you to touch souls that are literally crumbling up and dying because they have been separated from their families. We want you to step in as family members and give them the love and security they crave."

Ok, so taking a break here on that note.... Mother Elisabeth has connections around the Mexican border and there are a lot of orphans down there, little children that do not have any families. They are just wandering around in the desert in their little diapers or totally lost and confused and trying to get away from traffickers, from being kidnapped, and they are alone, you know, no parents. It is just terrible; it is just awful what is going on. And these are firsthand reports from people who live down there about how serious it is.

The Haitian refugees have been flooding in, and Cambodian refugees have been flooding in- it is just- it is unbelievable what is going on in Texas, it is just unbelievable on the border.

So, the Lord has instructed us to help with the burdens there. And we are working on a house, and we have a couple who just sold their home to be with us who speak Spanish and are very interested in helping this cause. So, it may end up being an orphanage and we are fully, fully backing and supporting them.

So, it is exciting how the Lord has immediately raised up people that will go and take care of these children.

Ok. And the last thing-where we were at- "As We want you to step in as family members and give these orphans, these lost ones the love and security they crave."

And I answered her, I said Mother, I confess, I have nothing.

She corrected me gently and said, "No, you have Jesus, all the angels and saints on your side, and as a community and family, you have one another. You have yet to gather and minister. You will see many good things occurring when you do so. Fast in preparation to go out and invest prayer for those souls who you will minister to. This is a new manifestation of your family that you will experience.

"You are always reluctant when you do something new. And you should be if you are thinking you will do it in your own strength. But it is not your strength that will get the job done. It is the anointing, as all of you come to His feet and soak in the presence of His Glory. For this you will need more time in worship, more waiting on Him, until He moves, more faith to receive. Blessed ones, you must press in with worship and go deeper. Those who wait upon the Lord will renew their strength, they will mount up on wings as eagles."

And then I asked her, please instruct us on how you want us to go about this.

And she answered, "Follow the unfolding of events set before you and this shall be made clear. And

remember, all of Heaven is cheering you on."

Wow.

May the heart of Jesus touch your hearts, dear family.

Just before our prayer time we were discussing what is going on at the Mexican border. A young girl has been trafficked, back and forth, fourteen times in the last few weeks. Only God can repair the shattered soul. We got this information from friends that are operating an orphanage at the border. The things that are being done to them are horrific.

Blessed Mother there are no words, please help us to do the right thing.

As everyone began praying, she began speaking.

"I do want you to save as many children as you can."

And at that time, I heard the Mystery of the Scourging at The Pillar.

And she said, "The abuse of these children is likened to the scourging He received, and still receives. So bitterly painful is this to Him."

I asked, how does He survive it?

She replied, "He is God, He must survive it."

We want to comfort Him and do exactly as He pleases.

She replied, "You need internal organization so that you can be divided to take care of this new need. They have nowhere safe to go, Beloved, nowhere safe at all. Provide for them a safe haven, food, clothing, shelter, and teach them to turn to Jesus and me for comfort. Build a strong faith in them, direct them away from witchcraft, there will be a school to help them to the next step. They must have teaching, Beloved, they cannot adjust without understanding the language of this culture. If there is to be a school, the Lord will send you teachers, just elementary things to begin with. This is what Mother Teresa did, and her children grew up strong and able to live a good life.

.

"Pool your resources to care for these orphans, everyone should be involved in this endeavor, not just your income for the community but everyone's income. Pure religion is this: To comfort the orphans and the widows in their needs. What good does preaching or singing do if the most basic needs of a desperate people around you are not met?

"There is plenty of room for hands on ministry. This does not negate the desert community. You are branching out in more than one way. Helping the children will appeal to many on the channel, keep them up to date with photos. God is with you Clare, truly He is. Step out in faith and we will take care of the details in what is lacking."

And that is amazing because immediately some prospects showed up for land and a couple, just had sold their house, are interesting- are interested in taking on this burden. And they are - they are so qualified; they are wonderful people.

She continued, "He is with you."

And Jesus began, *"Indeed I am, and I am deeply comforted by your heart's response to something that causes Me more pain than I have ever experienced. Yes, I have never had this kind of pain. It is absolutely heart rending to see these families broken up and trafficked."*

Woman behold your son; Son behold your mother. That was being said at the time the Lord was speaking.

*"Truly,"* He continued, *"These are your children. It does not matter that you send others to do this work, they are at your disposal, just like the angels I assigned to you."*

*"They are in your hands, these little ones. You must do what you can for them, and I will send helpers."*

And that was the end of His message.

## America-Sudden-Destruction-Get Ready

---

December 16, 2021

Dear Jesus, please keep us in Your peace and help our beloved Heart Dwellers to stay calm and deep in prayer, connected, and trust You to provide and protect us.

Well, my dear ones, before community prayers I was giving an update, based on some things I heard from Mike from Around the World last night. He is always doing an update on Thursdays and sometimes very late at night during the week. He was telling us that California is on the brink. And we have already heard that everything is going to happen suddenly- at the same time, to throw us into complete and utter confusion.

And what is impending are serious earthquakes, losing all of California on the Western side, having an earthquake and opening the Mississippi River, all the way up to the Great Lakes. And earthquakes and underground volcanos near New York City, a tsunami. At the same time, the Russians and the Chinese and the Iranians are closing in and stationing themselves around our nation, and we have plenty of foreign national Chinese that are here with different jobs, but it is very highly likely that that will-that will change, it will not be a job they are doing, but they will join forces with their homeland.

So, there are several things that are supposed to happen and the only way we are going to survive this is staying in prayer with the Lord and encouraging others to turn to Him, and that is what we are praying for.

Oh, dear God, save these people, which have no clue of what is about to happen! Oh, and the other thing is that in California there are city-sized sink holes that they are not being told about and in Northern California, the volcanoes are starting to wake up, we already know that. So, we have been getting prepared for that time.

So, in prayer, the first thing I heard was, "Soon, chaos." and, "Check your stores of food."

I have been watching the quake activity and when Mike from Around the World talked about the Cascadia Subduction zone as well as volcanos in northern California waking up, and the earthquake swarms, you know, four and five point swarms off the coast of Oregon, the whole day, I think they said there were fifty earthquakes that day in that one place, it confirmed my thoughts, which probably were not mine anyway...Holy Spirit is always welcome to put them there. The swarms off the coast of Oregon have been very significant. And I believe, now this is just me, they are being provoked by Scalar weapons, which Jesus talked about a day ago in that message.

Now something very interesting is lining up with these events in Northern California, and that is Dmitry Dudaman's prophecy that the enemy will try to invade on the Western coast near Oregon and Northern California in that area. They will try several diverse ways to invade and every time they did, something

would come up. And the last thing that totally kept them from getting on our land was a volcano went off, the lava was being poured out into the ocean and they had to run to get away from it, and it is interesting that the volcanoes waking up, that we know there are Russian subs in the waters around our nation, and just a note on that, I do not believe that President Putin wants this to happen but I feel like he is being forced into it by other factions in his government.

In the December the ninth message, the Russia, Ukraine, America, crisis is serious. The message was, *"Nothing will come of it until it is called...in the meantime pray for strength and readiness. Everything will blow up at the same time. It has been designed that way to make a final end of America, but there will never be a final end, only a season of great oppression as the new government takes the reigns."*

And it has been planned this way. You see, Communist China has been preparing to take over the entire world, and be the superpower, but before they can conquer Israel, hold on to Taiwan, and continue to spread their errors and conquer other nations, they must take America out of the equation, so that is why things are being planned this way. They want America out of the way totally.

It is on my heart that they are going to end up in the Ezekiel 38 war, where God defends Israel, they did not need America to defend them, God himself will defend Israel, at least in that situation.

So that is why America is a target, well, one of the reasons. The other reason is the Chinese love America, and they want to take it over.

"There will be resistance groups all around the country that will stand their ground. This will frustrate some of the evil ones' plans, but they have planned for their demise as well. Trust."

In that moment I looked across the room, we were praying, Mother Magdalen was weeping over the loss of life in California when that happens.

The Blessed Mother began, "Yes, weeping is in order. Your country will be in complete shock, not understanding what is happening to them. There will also be many surprises. Prepare your people's hearts. What is coming is horrendous. Many will lose their faith; many will gain their faith and turn from their evil ways. Others will become even more evil.

"It is time for those on the fence to make their decision. Things will only get worse from here on out. They need to know where they stand as many different decisions will have to be made. There will be much mourning and utter 'lost-ness.' However, the government knows exactly what is to happen and they are prepared to step in and take over, including internment camps, for your protection and provision, of course. Warn your people not to go there unless they know that God is calling them to minister there. Many saints will arise during this time. Oh, how He dreads this- She was speaking of Jesus, "You still have a little time. Use it well. Yes, short wave radio communications are important. It will not be easy to find out all that is happening in the world."

Mike from Around the World on Sound Cloud has a preparedness list that we are going to go through to see if we are properly prepared.

The Lord Jesus began, *"I will guide you. I want you all to be My people of peace and faith. Others will recognize something different, that is when you tell them that I am taking care of you, and I will also take*

*care of them...if they give their lives to Me."*

In the spirit I saw Padre Pio, St. Francis, St. John Vianney, St. Therese, St. Filomena, St. Faustina was there, and many others. And I asked, "Why are you all here?"

The answer was, "To encourage you Clare, because truly what is coming will overwhelm everyone. Please tell them, do not run to and fro in panic. Withdraw to a quiet place and pray. Pray also as a family, together. And know that the Lord will be in your midst. Fear not and pray."

"Clare, times of war are horrendous. Everything you rely on being stable and in order, comes into question. Life is violated, stability is taken away, confusion reigns. This is when the enemy wants to steal your soul through fear and panic. You make decisions based on your perception of how to survive. This is why prayer and retreating into peace and calm to seek His face is your very best option."

I answered, I said Mother, none of this makes sense considering the tasks I have been asked to complete. It seems premature and out of order.

And she answered me, "You will understand these things very soon. We are trying to prepare you so that you will prepare others. Continue on with what you have been given to do. Do not slack off on anything, stay busy and prayerful, and keep watch.

"All of you Heart Dwellers, you are all watchmen on the wall, go and tell your relatives what is about to happen, do not be afraid to receive scorn and rejection as your portion knowing that if they will not listen to you, it is because they would not listen to me. Those who listen will be far better off than those who refuse.

"Be prepared, through prayer, thanksgiving, worship and steadfast love. Do not allow the enemy to sow doubts about what is going on. You know much more because you were listening. But most have not been listening."

Then I saw a torch, then I heard, "You will light the way for many." "The ones who have not been preparing, will be befuddled and confused. Your torch will shine on their darkness and bring peace. Your songs may even be involved in this.

"We have given you this message with a very small window of time for others to be prepared. If you live in California, and you are not called to die in the earthquake, it would be wisdom for you to leave, NOW, however, do what is in your heart and your conscience before God, because the Lord guides from inside your heart, as well."

And that was the end of that message.

So, Heart Dwellers, the main thing to remember is that everything is going to happen simultaneously, and that will be an absolute, crippling blow to our nation. And why is God allowing this? Because of our Godlessness and immorality and what this country has turned into. That is why He is allowing it, but He is going to honor the prayers of the people all over America that want what is right, yet I also believe that the Rapture will be coming on the heels of all of this, so we may not get to see the restoration of our nation until the Millennium.

So please, be in readiness, stay in prayer, the Lord will protect people who are in refuges, at some point, we are going to have a refuge somewhere, we are not sure exactly yet, but at some point, there will be a safe place. But until the time comes when He provides us with that, we are here to prepare to pray, to prepare and to share the messages the Lord has given us for this time.

The Lord bless you sweet Heart Dwellers and I want to thank you so much for your prayers, when you pray, I can really feel it. The messages come in more clearly and, I want to thank you for provision. We have been able to buy cords of wood for many families that right now would be freezing if they did not have it. It is very cold here, so thank you for doing that.

The Lord bless you, keep you, and remember hold on to the Lord, stay with Him, stay deep in prayer, do not allow yourself to get anxious and run back and forth but go straight to prayer and pray

with your family. There will be a tremendous calm that will come over you at that time.

## Secrets of Deep Prayer From the Heart

---

December 22, 2021

Dear Lord, thank you for grace. Please help us move beyond the hurdles that can trip us up and give us the strength and wisdom to look up and see the hope that is in You, Jesus. Amen.

The Blessed Mother began, "It is good that you remind everyone of Our presence (the presence of Jesus with Mary and the saints and angels). So often the Rosary is prayed rote, quickly and without attention or feeling. How beautiful it is when everyone is focused on Us and is saying the prayer with intention and even emotion. So terrible are the things that are happening in the world right now, We hope to see that every person is truly engaged praying for the plight of the suffering.

"Saying the Rosary with sincere attention while meditating on the mysteries, dramatically increases the graces in a soul and the strength of the prayer. My dear children approach me with your petitions with all the authentic emotion and care that you can offer. Even as Scripture says the fervent prayers of a Holy soul has much influence. If you follow these rules, your passion for prayer will increase and it will not be just a rote prayer you have to pray. Oh, how lovely is the sincere heart that prays with genuine intention and attention. This soul will grow in holiness and get deeper as time goes on."

"I feel like I should apologize for being so particular, because the Rosary was moving too fast for us to really think about each mystery."

She replied, "Never be ashamed of correcting a situation that is not pleasing to God. If some are offended by that, I will help them come to terms with being led this way. I love each and everyone in this room and many here are called to great things. Great things arise from great prayer, meaning it should have intention and depth. The meditations are a very good help.

"My children, when you speak to me, speak from your hearts allow your feelings to be expressed. This is not a social, public speaking event, this is an event of your deepest soul, expressing how you feel about me and your brothers and sisters. The heart has many obstacles to prayer sometimes, and if you ask me, I will work diligently with you to remove those obstacles and bring you into a new depth with vocal prayer in a group. I know how much some of you love me, and your prayers are an example to others on how very real the Rosary can become when you pray it, not for society or others to hear or make an impression, but with true, pure, attention and concern.

"You are talking with me, who gave birth to the Almighty God. I was never a victim of circumstances; Father God prepared my vessel with the utmost care and took a very long while to do it. There is nothing more humbling to me than this thought. I cannot even comprehend it, so sublime is it. I never presume on it. It is very much an embarrassment and a wonder at the same time. I had nothing to do with it except my consent. The greatness of My Father at times stops me dead in my tracks in wonder, that He has chosen me for this incredible honor. I can hardly take a step without feeling the magnificence of His plan and my

involvement in it.

"And so I say to you, you are chosen to bear the Christ Child in the world. Please stop and meditate on this tremendous honor. You are chosen to be the mother of Jesus and bring Him to the world, just as I was. Your part is not truly lesser than mine, it is the same assignment, except in a different way. If you meditate upon this profound mystery during Advent, you will carry Him in a very special way, in your heart and the world will be touched by your devotion, meekness and sincerity.

"Preaching is not about powerful signs and wonders; it is about the anointing. The one who is truly in touch with who they are in the scheme of things, participates in the wonder and glory of the incarnation. During this advent, I want you all to meditate upon the vision of Jesus in your motherly arms as you take him everywhere you go. If you feel this deeply, your whole personality will be transformed into one very similar to mine.

"The failing of most Christians to understand who they truly are, results in a lowering of themselves that is not healthy humility. Instead, they should meditate upon the supreme treasure as they carry Jesus in their arms to touch a hurting world. Some represent Him through art, others music, others writing and singing, and some by their humble demeanor. Which will you be? Whatever is your gift, do it with the utmost dignity and devotion. That alone will shine in their hearts and they will feel His presence within you."

## Rough Times Are Coming

---

December 22, 2021

Lord, we pray for courage to walk in the plans that You have for us. We pray that You would keep us close as we step out in faith and do Your will for our lives. Help us to do it afraid so Your blessings that You have for us will be received. Grant us peace, confidence in You and the courage to keep moving forward. Amen.

Mother Clare began, "The tornadoes in our country have been horrific, doing terrible damage to the heartland."

"Do not be afraid," Blessed Mother responded. "Yes, rough times are coming, but do not respond in fear, rather trust the Lord and continue to do your work. Clare, you are all being protected in a very special way. Do not respond in fear, know that the Lord has this. What man plans and what he can do are two different things. There will be many intervening factors no one is expecting."

"Mother, I don't know what to say except it looks hopeless. And where does Trump come in on all this?"

"He is still your President."-- --

"But aren't his hands tied?"-- --

"Not as tightly as you think. Keep your eyes and heart on Jesus' agenda. Stay busy with what you are doing. This ends well."

"How could it possibly end well?"

"There will be things coming forth that no one expected. The Lord truly has this. It is not as if there is no recourse. Many will rise up and fight, yes, America is coming down but there will still be a remnant, there will be a stronghold in your nation that will not be conquered. It is being prepared even as we speak. Many will retreat to within the boundaries of this safe zone. They will not over run everywhere. There is a strong backbone to this nation that is preparing for this. More and more people will join this coalition to strengthen the remnant. You will not be around for this. A nation is not conquered overnight, their plan will take time and run into very much resistance.-- --

"Earth changes will also complicate plans, even though they think it will be to their advantage. Have confidence that the Lord has this. Remember that man makes plans, but only God controls the outcome. Trust. There is so much you do not know. For one reason it was not the time for you to know. There is quite a bit that must come about before their plans will succeed.-- --

"I was pondering that the eagle was dead in the vision/dream it had been attacked by a small snake and then a huge snake. It died. Mother, can you give me something more? I was impressed to get my Bible

out. It fell open at Psalm 91.

*"Whoever dwells in the shelter of the Most High will rest in the shadow of the Almighty. I will say of the Lord, "He is my refuge and my fortress, my God, in whom I trust." Surely, He will save you from the fowler's snare and from the deadly pestilence. He will cover you with his feathers, and under His wings you will find refuge; His faithfulness will be your shield and rampart. You will not fear the terror of night, nor the arrow that flies by day, nor the pestilence that stalks in the darkness, nor the plague that destroys at midday. A thousand may fall at your side, ten thousand at your right hand, but it will not come near you. You will only observe with your eyes and see the punishment of the wicked. If you say, "The Lord is my refuge," and you make the Most High your dwelling, no harm will overtake you, no disaster will come near your tent. For He will command His angels concerning you to guard you in all your ways; they will lift you up in their hands, so that you will not strike your foot against a stone. You will tread on the lion and the cobra; you will trample the great lion and the serpent. "Because he loves me," says the Lord, "I will rescue him; I will protect him, for he acknowledges my name. He will call on me, and I will answer him; I will be with him in trouble, I will deliver him and honor him. With long life I will satisfy him and show him my salvation."*

"Thank you, Mother, that was very encouraging."

"There is so much more that you do not know, but remember, in the end you will fly up to Heaven to be with Us forever. You need not have any fear of the future. The Lord has already arranged all that. Just keep the flame burning in your heart and lead others to safety. Move ahead with no fear. Fear is useless, what is needed is faith. Always have faith that your spouse has arranged everything, because, He has.

"Do you really think He will allow His Bride to be ravaged? No. He has very specific plans for you, because you are His Beloved. He needs you all to lead others to safety, not just physical safety, but spiritual safety. Your body falling asleep is nothing compared to the death of a soul."

"Before prayer, Mike brought up the new med bed technology, which you must have a corresponding part in your body, on your hand or forehead for it to work."-- --

She responded to my thoughts, "What you are thinking is correct. This new medical technology will make death more difficult. Many will wish to die, but death will elude them."

"When will the Rapture happen?"

"When everything is calm and seems to be stable. This will be a shock to all. But first there are many tribulations you must pass through; you will be tried in your faith and it will shine like highly polished gold.

"Clare and all my children, you have nothing to fear, He has covered all the bases, just be faithful daughter, be ever so faithful to your gifts and calling. Through all of this, my dear ones, you will mature and shine as the Bride you were created to be."

## We Are His Beautiful Brides

---

December 24, 2021

Dear Lord God, we come before You as the Body of Christ, fitly joined together of one accord as we enter Your courts with praise and thanksgiving for all You have done for us and continue to do every day. We love You and we trust in You, Jesus. Amen.

Blessed Mother began, "You are here now and We are here together with you. We love you Clare," she said so tenderly. Jesus was standing here with her.-- --

"I want this negativity and self-hatred to change into gratitude for who God has made you to be. A beautiful, angelic, servant and Bride of Christ. I mean the angelic part, totally. You cannot see it because you get so wound up in your mind. This is your cross, but it is not you. Rather it is a mode of being and relating to the world. Please don't hate yourself anymore, please stop hating yourself. When you do that, you shut out the light and cannot function fully in the anointing you've been given."

The Lord began, *"Seriously, My Bride, I have told you oh so many times how beautiful you are and how much I love and honor you. What you have been fed is that you are a loser, a failure, good for nothing, scatter brained, unreliable and so many other words I never want you to associate with."*

*"Beloved this indeed is cutting you down, way down and tarnishing your ministry. I don't want any part of you to be tarnished, especially your very loving heart. The assignments against your self-image are powerful and if you listen to them, they can form you. They have been forming you and cutting you off from who you are and who you were meant to be."*

*"Satan exults in seeing a soul shrink into themselves because he knows that soul will never fully utilize their gifts and become who they are meant to be. This is a universal scourge from the church of Satan upon all capable Christians, trying to snuff out the light and anointing I have given them, so they will never rise to their stature using their gifts fully."*

*"This is your problem with music, they have hit you hard with destiny robbing spirits and sealed your mouth. But every time you open it to praise me that seal is destroyed."*

"Lord I just want a message that's for others, not me."

*"That's the problem, you are for others but you are not inhabiting all that I have made you to be. You can be very lowly and very equipped, but I want you to work against this because it taints your message. Humility is good, condemnation and feelings of failure and worthlessness, belong to Satan because that is who he is. But he tries to put this on all My vessels unto honor. By the way, this dynamic applies to everyone in this room."*

"Thank you, Lord."

Jesus continued, *"Countless are the shining souls who have hidden themselves under a bucket of condemnation, fashioned by Satan. I want you to help them be free, but before you can do that you must be freed. That is the whole point of this message."*

"But how Lord?"

*"Arise my beloved, my beautiful one and come. You are all beautiful and there is not a blemish among you. The Queen takes her place. Blessed are you daughter among all women on earth. You get the picture? My mother will help to form you, but the essence of what you are to become will be imparted in worship. That is one reason why the building is being opposed, there are so many graces that I will grant during worship, so ignore the opposition and go right through to the end."*

*"The main thing is to get it finished and use it. Your heart is where I want it to be, increasing worship, lingering in the Spirit in a posture of thanksgiving and expectation to receive all that I have for you. I would love to see you light that building up with Holy Fire." Amen.*

# America's Downfall

---

December 28, 2021

Lord, give us wise, self-controlled, faithful and courageous hearts. Fill our souls with devotion to Your service and total submission to Your will. Amen.

Blessed Mother began, "It is important that peace is kept. Never at the expense of truth or necessary correction, but always for petty reasoning that do nothing, and have no importance. This is a key skill among you dear ones, learning what is important from what is a contentious spirit. Better to yield than to contend when it is not something that will affect faith or morals. Most arguing comes, after all, from vainglory and wanting to be right. Crucify that attitude of heart, do not allow it to prosper. The devil will try a multitude of ways to cause division, but you can head him off. Eventually he will get tired of trying to set you up without gaining any ground. Avoid controversies and stating your opinion, in order to be more informed than others."-- --

"Mother what are you trying to say?"

"Stay on track dearest and we will increase the anointing, once people recognize truth from error, they will favor truth. You have perceived well; Russia is very serious about keeping the U.S. out of their national business. America has a reputation for doing that very same thing all over the world. This is why she is hated by so many nations. It's not about justice, it's about serving our country's own needs, to the exclusion of the Ukrainian people. She has earned this reputation.

"Oh Clare, the whole situation is so very complicated. But as we have warned you so many times, war is coming to this nation. It is only a matter of time, but all the signs point to that, and as you have been instructed these things will happen simultaneously. The earthquakes, the wars, pandemics and financial failure. This is why you have been getting things ready. America has already used up her mercy and gone way beyond what she should have reaped by now."

Ezekiel was in serious pain for two days. This is the word he was given after the terrible storm that destroyed the mid-west.

"This is not false labor. These are the birth pains in earnest. I am coming."

"Mother, you know what this does to me, oh dear mother what can we do for him?"

"Your prayers are not falling on deaf ears. This season of suffering is a requirement of all Heart Dwellers, this is a time unequalled in misery for the sons and daughters of God."

"Please can't you remove some of this??"

"It is coming to an end soon, Clare."

"Oh thank you, Blessed Mother."-- --

She continued, "Be confident of this, nothing you suffer is being wasted. There is so much going on and this is needed. This is not strictly a natural occurrence; they are being egged on and targeted to certain areas.

"The enemy has no mercy, Clare. What you are living through right now is only the beginning of sorrows for the earth and its inhabitants. Brace yourselves my people, arm yourselves with patient endurance. None of this is easy, for anyone. Get your food stores set, please, do not delay another day. You are running a risk of not having enough if you wait any longer. Please finish off what I have asked you to do. Do not put it off. This is not your thinking; it is my speaking.

"Do not panic, just obey. Obedience is very important and delayed obedience as you say is not obedience at all but self-will. These storms are created deliberately to paralyze and immobilize your nation. They are at the door. My Son is holding them back at this point."

"If you live in Japan, I seriously warn you, Japan will disappear into the ocean. If you don't want to go with it, please leave there as soon as possible. Andore, I don't have your e-mail or I would have written to you."

Mother Mary continued, "But you my faithful praying family will be proven to be honorable and true to His calling upon all your lives and there will be times when mercy is granted because of your faithfulness. Clare, I know you are struggling, I am so, so sorry. Beloved you must pray the binding prayer and use the helmet going into the Rosary. The atmosphere is very turbulent, you are in a room with some who are sleepy, some who are struggling, some who are just not here. It is very disrupting. Along with that is the issue of faith....am I really speaking to her? Yes, those thoughts are being used to buffet some in this room. Whoever will listen and not put them down, they will rise up against you."

"What is the solution Mother?"

"Prayer."

I thought to myself with a chuckle, "But how could the problem be the solution?"

"This is only the beginning of woes. It is the accumulation of guilt that is finally being judged. I don't think you should try to do that again."

"I know mother, what was I thinking???"

"Well now you know for sure, but thank you for carrying on."-- --

"Thank you, Mother, for being here. Oh, thank you so, so much."

"As people experience more and more deprivations and tragedies, some will return to God. They will seek answers from Him and He shall give those answers."

"I cannot imagine Jesus taking water from the earth Mother."

"Nor can I, we will have to wait and see what He does. But understand this would be the consequence of continual sinning with no regard for others. Many things will not be recognized as chastisements for sin. This is where the Body comes in, they must know it is because of the sinfulness of man on earth.

"It will not be a popular message, but it will be the truth. Clare someone must be honest with them, much of the ministry at that time will be prophetic, but it will also come with love and understanding. Those who repent will feel the sweetness of the Lord and be so convinced that not even death will convince them. Others will indeed curse Him on their way to Hell. This is the last thing He wants for them so He will do everything in His power to move them in the right direction. Yet there will be those who shake their fist at Him. How sad this will be, because Jesus offered them His Love, yet they will not acknowledge their guilt they will blame it all on Him. These are the hard cases that need the most prayer. How grateful they shall be if they say "yes" to Him again, on that day!

By the way, I just read part of Kat Kerr's book 'Revealing Heaven', and I highly recommend it to all Heart Dwellers. She also mentioned that the great cloud prays for their loved ones on earth, they look on earth from a special room in Heaven, cheering them on and praying for them. She is the second minister who had the courage to speak the truth, Jesse Duplantis is the other, he talks about his trip to Heaven when King David said he would pray for Jesse.

'The Portal', Chapter 5, Page 72. You can be sure that Our Lady who willingly gave up her Son to atone for our sins is heavily involved in our formation, both in prayer and visitation. The Lord is going to reveal this to all Christians soon, but for you who have the understanding already, you are a very blessed group of souls. You will be very busy explaining this to your evangelical friends who have refused her role in Heaven.

God bless you all dear Heart Dwellers and thank you for keeping Christ in Christmas.

## The Earth to Come

---

December 29, 2021

Lord, we are Your humble servants, we come before You today in need of hope. We need hope for a calm and peaceful future, so that faith and trust in You will overflow in us by the power of the Holy Spirit. Amen.

Jesus began speaking, *"The wrath of the Father which His justice must receive,*

*even now My little Bride, I am in torment for what must come upon the earth. Even now I am in the garden suffering through those very same drops of blood. Even now My Mother suffers these very same torments. I did not create man to be the victim of death, for Me this is very hard.-- --*

*"Beloved ones, pray for those who do not know Me and are thinking of their next moments of entertainment while the earth is failing beneath them. I love these souls with all My Heart I do not ever want to see them going down into destruction. I never created you for death My dear people, rather this was a necessary thing when disobedience began with Eve. I could not allow them to reach the tree of life and therefore eat of the fruit of immortality, or their evil would have not known any bounds.*

*"But now things have evolved into that very theme, how to use everything beautiful and useful to cause mass destruction and unending pain and torment especially of helpless children. But I say to you the children are not helpless any longer, I am rising up to cleanse the wicked from the earth, yet it will take another thousand years to purify the DNA.-- --*

*"Yes, much will change, human DNA will change, be renewed and augmented to live in the new conditions on the earth. This will be life as you have ever known it, you cannot imagine how joyful and light life will become. You are living in a garbage dump, spiritually, and even physically around the world, all that will be cleansed. Evil thoughts and deeds will be banished from earth. Angels will be deployed to keep order, to teach man the rules of healthy living. Pollution will be a thing of the past. Water and air will be pristine and clear of any contamination.*

*"I promise you My People, the new Earth will be a wonder to live on. Its beauty will surpass anything you have ever known. Things will not be hard as they were for Cain, life will be full of energy and inspiration. Joy will ring out on the hillsides, and praise will resound throughout the world for the beauty of this life. A beauty you have never imagined.*

*"But before this can happen, evil must be cleansed and expiated from the land. Yes, there were other civilizations that have come and gone, all of them ending the same way, but I am removing the evil ones from the earth for a season. If evil arises through anyone, it will be dealt with. But in the end, of the thousand years, when I release Satan, the evil ones who have chosen to make their bed in the darkness will gather together for the final destruction of their influence. That will be the end of evil and Earth will be like Heaven. But before all this can take place beloved ones, the earth and her peoples must go*

*through a proving. You are now in the beginning stages of that proving. At the appropriate moment, My Father will give the word for Me to get My Bride.*

*"Cleansing this earth will be a monumental job beloved ones. It will take massive amounts of fire to purify what has contaminated the earth, but it will be well worth it. In the meantime, you can prove your love for Me by praying for the innocent and your enemies, as well as those who do not yet know Me. Pray always for that, day and night, there is nothing more painful for Me than the loss of a soul.*

*"Together we will reign on the earth to make peace possible, no longer will injustice prevail. No longer will evil men be exonerated, no longer will the guilty go free to commit more crimes, no longer will My people be prevented from living in their own homes and cultivating their own land. Nothing of the kind shall be heard of until the beginning of the end."*

## Alien Visitations-How to Combat Them

---

December 31, 2021

May the Lord endow us all with courage and faith to face off the evil that is coming upon this Earth. Amen.

My precious family, we are coming into a season where we will be forced to deal with demon aliens on one level or another. The approach of Nibiru and the Destroyer solar system brings with it a prison planet as such, heavily packed

with demons. Right now, they are beginning to reveal themselves in smaller ways, not allowing us to see the gigantic spaceships, but the little grays and others of which I am not aware. Here is a partial account of an encounter last night with one of our core members:

She began, "In a dream last night, I noticed I was dressed in combat boots with a head light on in readiness.

I jumped down from the bunk and on my left was a huge window. I then saw many grays, demon aliens walking towards the window only about three feet away. There were about eight or ten of them varied sizes and one finally reached me and peeked its head through the window as if to walk in. I was bent down looking at its face, and we were face to face, but it was peering over me as if it could not see me. I then yelled to my friends who were also in the room, "Shine the light, shine the light"! And then I woke up yelling "Shine"!

"When I woke up, I had a feeling of terror that came over me and I was paralyzed, all I could think to do was to begin praying from my heart, and when the feeling of terror was still there, I began to pray in tongues openly." And now she is one to use the name of very Jesus fluently in deliverance situations and she gets results, but at that point she just was not thinking. "Then I heard a noise on the roof," she continued. "It sounded like something scurrying really fast. Then it moved in the front part of the hermitage and started to scratch feverishly. I kept thinking it is an animal but the feeling of terror I could not shake as the noise got louder. I just began to pray in tongues, and I heard Holy Spirit say, "It is a demon alien and to pray the sign of the cross against it." When I did, it left and was gone."

And that is the end of her narrative.

Jesus began to speak to her, "*I am pleased that you recognized that because there were demon aliens around and you did hear it. Rather than letting fear grip you pray fervently and call anyone else who is up into prayer and intercession for this community.*"

I knew the Lord had put us here in Taos deliberately, but little did I know that the Taos hum everyone hears was a large gray alien city right beneath us. No wonder Taos has such a large New Age population. Besides this the Ski Valley also has some very dark vibes when you pass the condominiums heading up the road to the peak. There are many dark secrets and activities in that area. And near to the Refuge, on another mountain, is Sipapu, which is Picuris Tribal language for hole to the underworld, which we

believe is a portal to the dark side.

And the two demon aliens that Mike spotted a couple of weeks ago were flying overhead in that direction towards Sipapu, we had a picture of it.

But what the Lord was addressing today is the acceleration of demon aliens being seen.

Last night, we were visited by many demonic entities, shadows, demon aliens, strange feelings, unable to sleep, sudden energy leaving a brother's body and even with the full armor of God on which we are in the process of rewriting to protect from this energy. Several members of the community experienced this in different hermitages.

Then Our Lady began to speak. She said, "Yes the demon aliens are beginning to manifest in many places around the world. This is an operation of disclosure that will be done in a certain way as sightings increase around the world. Then will come the day when visitations are prayed for by those who do not know any better.

"For those of you who are eaten up with curiosity, this curiosity could lead to great harm. I know my Son has told you this many times, but I come to tell you again, do not look at them, when you are aware of their presence, immediately make the sign of the cross and command them to leave.

"Children, there is nothing good about them, their total intent is on destroying you, but if you refuse to look at them out of obedience, you will block their plan to draw you to themselves through curiosity. Responding to them in curiosity is the beginning of your troubles. They are nothing more than masquerading demons but if you begin to consort with them, you are at the very beginning of being called into a powerful deception. Many will yield to this personal dynamic, and many will perish this very same way."

Then Jesus broke in and began to speak to me. He said, *"I gave Ezekiel dreams about them to warn you that they are coming to disrupt and destroy your world. Once you are engaged, they use a magnetic electric beam and force field to alter the way your mind thinks. Please do not fall into this trap. Remember as well that this January first, is a high holiday for the Satanists as they kidnap children for sacrificial purposes. This is also the day the church honors My Mother in her role as the Mother of God. Not that she created Me, My Father created her to carry Me into the world. It is a high honor bestowed upon her because of her purity and faithfulness throughout her whole life."*

And then the Lord began to talk to me, *"I know how tired you are, but this is also being thrown on you to get you to stop your work."*

I answered, please help me Lord.

And He answered again, *"I know you are in more pain. Thank you for taking care of it, that was the right thing to do."*

Yeah, the fibromyalgia pain started picking up because of the stormy weather and I went and put some analgesic cream in places that were distracting me. And I was a little awkward about it because everyone was praying. I hated that it happened in the middle of prayer, but I could not, I could not concentrate. So,

it was nice that He said that was the right thing to do. That made me feel better.

*"More and more," He continued, "They are going to try and interfere with your time together."*

And here He is referring to the time when we get together in the afternoon to pray the Divine Mercy Chaplet and the Rosary for the world, lifting up different portions of the world, and different things that are going on, it is so terribly sad, and during that time is when He gives me a message, either He does or Our Lady does, so we share afterwards what we have seen and what the message was. Obviously, the enemy does not like it, so he is pouring distractions on us, but we are going to pray much more carefully before we do this again.

The dog ripped the laundry open and scattered it all over the yard. Oh, my goodness, and I just ignored it.

The fire went out and I had to build it up again to keep us warm. Anyway, He continued,

*"Clare you must prepare your people. Get it across to them that they can take control of these demons. By the way, I do like your coyote example; it truly puts them in their place."*

Ok, well, what I tell people because they are so cowed by demons, demon aliens, I tell them " Look, it is like this: You live in a house in the country and your screen door is open. You are cooking dinner and a stray coyote wander in your kitchen and starts lifting his leg and peeing on all your cabinets. What are you going to do about it? Are you going to let him do that? Or are you going to get a broom and shoo him out?" And that helps to put things in a better perspective for what they are dealing with. So, take authority over it and take care of it, get them out of there. And the Lord likes that example, because it truly puts them in their place.

I started to feel much irritation at their boldness, and I was beginning to feel ire, and I thought to myself, "You sorry creatures dare to stand in defiance of the living God and His Holy Cross by which you were defeated"! Then call upon St. Michael, that is, if they do not yield to the sign of the cross.

*"But I tell you the truth," the Lord said. "The anointing will be with you. Your people are not at all prepared for what is coming. They need to begin practicing now on the smaller things that the enemy does to disturb them, until they start to see success. Remember how Praying Medic prayed for a whole year without results? You cannot afford to wait that long. You must begin exercising your faith immediately, because the time is upon us. Of course, the closer you are to Me, the stronger your resolve, your faith, and your anointing. But you cannot afford to fail, you must rise up and receive the edge -that is the anointing I will pour upon you according to your faith."*

*"Yes, the anointing is being poured out in unprecedented measures, to those who will rise up and call upon it. Fasting is also a most important part. You will be dull and damped down if your stomachs are full and if you are always looking forward to the next meal."*

And here I just want to mention that our schedule, we begin in the morning, we get five hours of prayer in, personal prayer, the Lord's Supper, and Rhema's, and holy reading from the Bible and holy books- we get that every day with the Lord and soaking prayer with music, so our day begins with prayer. When we get together in the afternoon, it is community prayer together, but we stay close to Him through our morning prayer, and we really get close, and He speaks to us, and we feel His presence and we deeply

drink from the sweetness of His presence.

Jesus continued, *"This is no time to be namby pamby My people. You must rise up and declare your rights by force. The enemy is counting on you being fearful, but I am empowering you to be fearless in dealing with Satanic forces. And remember this, they may look terrifying and imposing, but the real terror is in you and when you speak it forth in faith, they have no defense against My Cross when it is spoken in complete faith. And if for some reason that is not sufficient you have every right to declare encroachment and call upon the Holy Angels, especially, Michael.*

*"The days of peaceful Rosaries and restful sleep are under attack, and you must rise up in My power to destroy the enemy. The violent take Heaven by force. It is My anointing and power flowing out from you because of your faith and boldness. Begin small and take note of your victories, then move up to the bigger things. And remember, greater is He that is in you than he that is in the world, and nothing in no way will harm you, for I am watching over you at all times, but I am really looking forward to you standing up and take authority, this is a necessity.*

*"I am with you, My dear ones, we will do this together, and together we will defeat these disgusting creatures."*
