

MOTIVATED BASIC CLEAN®

This economy package is designed for customers who want us to take care of just the basics. Your Professional Maid will use our proprietary Motivated Basic Clean Checklist® to ensure that nothing is missed!

Why Choose Motivated Maids®

Because Motivated Maids® will provide a quality clean every time, whether it is your first clean or your one hundredth! Our Motivated Merit Pay System® ensures our awesome Professional Maids are highly motivated to consistently provide a quality clean. Here is how it works:

After every clean you'll be sent a customer satisfaction survey that takes just seconds to complete, literally. In return for completing this survey the same day we agree to provide you with our 100% no-hassle Motivated Clean Guarantee®!

We'll ask you to rate your satisfaction with your clean on a scale of 1 to 10. Then we'll ask you what we could have done to score higher. That's it. Quick, simple and easy!

Every two weeks we calculate each Professional Maid's average customer satisfaction rating. That rating and that rating alone then determines how much we pay them for that period thus highly motivating them to provide a quality clean time and time again; hence our name... Motivated Maids®.

Motivated Clean Guarantee®

If you're ever dissatisfied with your cleaning simply let your Motivated Maids® office know within 24 hours and we'll happily re-clean the area or item... no problem... no hassle and at no additional charge.
