

FALL FUN

PRECISION RIFLE PRACTICE SHOOT

OCTOBER 13, 2018

RED RIVER WEST, LLC

Outdoor Firearms Facility

Gainesville, Texas

- One-day precision rifle FUN shoot.
- 10 stages that are fun and challenging without being extreme in difficulty or nail biting par times.
- FOR EVERYONE (men AND women) from the new rifle shooter up to the more seasoned.
- NEW SHOOTERS: Great chance for new shooters just experimenting with long range to get their feet wet without diving into the deep end of the long range match pool.
- COMPETITORS: Chance to practice up, especially on positional shooting.
- HUNTERS: Opportunity to get in some practice before hunting season!
- **Because this is a fun shoot designed for practice, shooters will be spotting for each other. So, if you have a spotting scope, feel free to bring it along.**

BONUS SHOOTING TIME:

At the end of the shoot, time permitting, shooters will have the opportunity to go back and shoot any particular stage and, again, for fun! So, if you didn't quite ace that one stage, you can at least go back and take a practice swing at it. Be sure and bring extra ammo!
