ALA's early days: The women who blazed the trail!

American Legion Auxiliary History

Throughout our nearly 100 years of existence, each American Legion Auxiliary member has had a hand in the organization's longstanding legacy of selfless service to millions of America's veterans, servicemembers, military families, and local youth.

Each Auxiliary member puts in the work, time, heart, and soul to keep that legacy of service alive. They follow the path blazed by the previous generation of ALA members and volunteers.
