

Care Instructions for your new custom designed tee

Digital Heat Printing Process

Turn garment inside out. Wash in cold water on delicate/gentle cycle. Tumble dry on low heat or hang dry (preferred). Cover print with parchment paper when ironing.

Rhinestones

Our stones are top quality rhinestones and rhinestuds, we heat press the stones onto your tee, not once but twice. This ensures the stones will not come off in the wash. We recommend turning your garment inside out and washing in cold water. Tumble dry on low. Do not iron decoration.

We hope that you enjoy your tee for years to come!
