

March 18, 2025

The Village President and Board of Trustees met for a special meeting on March 18, 2025 at 6:46. The purpose of the meeting was to discuss the need to install internet at the Pump house and South Lift Station. Village President Edens, Clerk Harrison, Trustees Baker, J. Campbell, R. Campbell, Cimei, Raiter, Trone, and Rich Haar were in attendance.

Due to the fact that the phone alarm system seems to be malfunctioning recently, Joe Glynn has requested that the village install internet at the pump house and the south lift station for better service in case of an emergency.

Phones will be disconnected at the Sewer Treatment Plant and the library with internet being added at the pump house and south lift station. Cost to the village for internet will be around \$50 per line.

J. Campbell made a motion to install the internet and disconnect the landline phones, R. Campbell seconded, motion carried.

Cimei made a motion to adjourn with a second from Trustee Raiter, meeting was adjourned at 7:05.
