# Necroscope: The Touch

by Brian Lumley

Malevolent aliens, the Mordri Three decide to become so evil that God himself will have to stop them. They can alter flesh with a simple touch, literally turning people inside out or seeding them with cancer. The Three have already destroyed an entire solar system and most of their own race. Their next targets: mankind and Earth!

On Earth, Scott St. John is mourning his beloved wife when he is struck by a golden arrow of light – a fragment of the soul of Harry Keogh, the original Necroscope – and gains powers he

does not understand. A mysterious, beautiful woman appears, desperately trying to warn Scott about something... then vanishes mid-word. Scott dreams of a very unusual Wolf, who begs him – in human speech – for rescue.

A fledgling Necroscope, a telepathic Wolf, a beautiful woman from beyond the stars, the ghost of Harry Keogh, the best of E-Branch's psychic fighting forces, and a dead girl who is not yet ready to seek her just reward must defeat three impossibly strong, psychically gifted monsters whose touch literally melts flesh from bone.
