

CS7 bed featured with Invacare® ThinkSoft® Positioning Device, Drake Bed Ends and Invacare® Solace® Mattress

The innovative **Carroll CS Series™ CS7™ Bed** is designed to provide the ultimate versatility for any facility or resident. The ultra low height works well for Memory Care Wings, while the ratcheting foot lift and optional Trendelenburg offer solutions for the Rehab Wing. 30" Working height gives the caregiver comfort while performing routine tasks for every resident.

The Auto Contour feature is comfort for the resident by simultaneously raising both the head and knees, which is designed to help keep residents comfortably in place while being better positioned for reading, watching TV or talking to family members. The CS7 bed is designed to provide the ultimate solution for long-term care facilities, accommodating a variety of residents up to 500 lb.

## Features

**Advanced Electronics** – Designed with synchronized motors to keep the bed level at all times, providing stability throughout the travel range.

**One-Touch Floor Lock** – Patented one-touch floor lock secures the bed at any height.

**Pure Vertical Rise** – Raises straight up and down throughout the travel range, with zero horizontal movement of the casters, minimizing potential damage to the wall or flooring.

**Exclusive Slat Deck Design** – Designed to provide a comfortable sleep surface, allows for improved infection control and reduces wear and tear on the mattress.

**Ergonomic Hand Pendant** – Waterproof, rugged hand pendant designed to fit comfortably in the resident's hand.

## Customizable Options –

- 39" or 42" Wide Deck
- 4" Bed Extender (84" Length)
