SUMMERSET CITY NEWS

Volume VII, Issue VIII

August 2019

City News

Public Works

In response to some recent public safety concerns from our residents, the City has decided to implement a 4 way stop at the intersection of Wilmington Dr. and Savannah Lane.

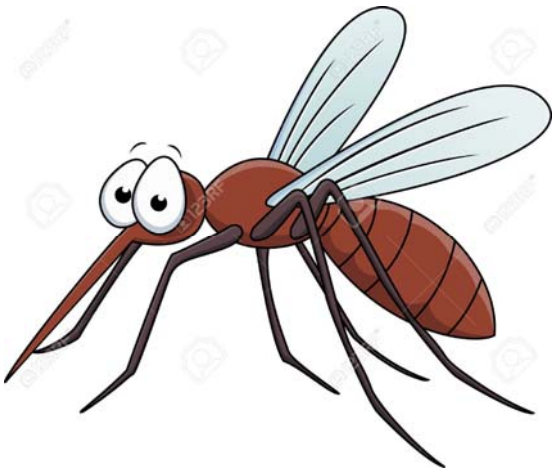

This new intersection was installed to help increase awareness of speed limits in the neighborhood.

Please remember speed limits in our residential areas are 20mph and be prepared to stop for children at play.

Public Works Updates

Public works has been busy spraying for weeds on all City property and the weeds along the street curb and gutter as well. The unusually rainy weather this Summer has made it challenging for everyone to keep these green nuisances at bay.

In July, mosquito spraying/ treatment was applied to the areas in our community that are more mosquito prone. These areas will be treated again in August. We hope to see a vast improvement in the mosquito populations around the City in the coming weeks!

We have received the new swing set and benches for the Steamboat park in Sun Valley and hope to have that installed in the next 2-3 weeks. If anyone has interest in joining our park board please contact City Hall at 718-9858 for more information.

You're Invited!

July/August Artist Display

After leaving their farm near Alcester, South Dakota, Piedmont residents Milo and Pam Hemmingson moved to the Black Hills to be closer to their children. Upon retirement, the couple decided to spend a couple of winter months in Texas each year, and it was there that Milo learned woodworking. Milo has perfected his skills over the past six years to the point where he now markets his work at about five craft shows each year, plus doing some commission pieces.

The Bluestockings Book Club Title Is...

Unbroken
By Laura Hillenbrand

In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will.

The Discussion Meeting will be held on August 15th at 7 PM
