**III. Old Business**

- A. Airport Day – Joyce asked how things went on the day of Air Fair. Dave reported the weather was good and there was a good turnout for the day. He said the rides got off to a slow start with some problems with the aircraft. One had a starting problem that was solved with the battery being charged. Then after a few rides were given a front tire went flat on another plane being used. At that point Ecclefield put his plane into service, piloted by Glen Caldwell. In all, fifty one rides were given. Almost all of the fourteen based aircraft were on display plus the big Air Tractor spray plane owned by Pence Aerial services.

Charles said ticket sales went well from Pat's hangar. Pat and wife Dixie also had breakfast available at the hangar.

Ron recorded tail numbers and flight operations on the ramp.

The CAF had their PT- 19 open cockpit plane here and sold several rides in it.  
John Helms' jeep rides were a big hit.

- B. Roger mentioned the windmills and the restrictions the FAA would have on them regarding the Airport airspace. Dave said he would contact someone with the FAA and find out what the restrictions are.

**IV. New Business**

- A. Manager's Report – Gary gave the Manager's Reports for March and April. The Board reviewed and approved both reports in due form.

**V. Adjournment**
