Capabilities Statement

814-Sand, Inc is a full service Underground Utility and Site Work Contractor specializing in land clearing, earthwork, underground utility and drainage installation as well as asphalt paving. We also provide demolition services, and the supply and hauling of aggregates such as construction fill, sand and rock. We are able to assist in many phases of construction, from preparation of the site to paving the parking areas.

814-Sand, Inc is a 100% Florida Certified Woman Owned FDOT DBE, TXDOT DBE, MBE/WBE FLORIDA Minority Business and EDWOSB. Currently we employ 5 office staff, 3 ~ 5 man field crews and 12 truck drivers. Our equipment inventory is quite broad and includes 12 dump trucks, vibratory rollers, excavators of various sizes, loaders, graders, dozers, and various miscellaneous items required to properly perform our scope of work. Our other assets include a borrow pit as well as a land clearing debris facility.

Our main office is located at 12030 Hwy 77, Southport, FL and borrow pit, shop, land clearing and debris facility is located at 10915 Resota Beach Rd in Southport, FL.

814-Sand has built strong relationships with many contractors and suppliers which has allowed us to perform many jobs of various natures within our scope.

Services include:

- Licensed Underground Utility Contractor, Installation of Water Mains, Gravity Sewer, Force mains, Lift Stations & Storm Drains
- Fire Line license (Site Fire Line Installation & Repair)
