Prairie View, Illinois 60069

Dear Len,

Please extend my thanks to all of your REALITY cast for their impressive performance at Carmel's Snowball. I especially appreciate your willingness to bring the troupe to Carmel during a time of transition for the cast. However, I would not have known this unless you had told me. I also want to thank you for being flexible with the logistics and for conducting the question and answer session afterwards.

All of the comments I heard about the troupe and the written evaluations I reviewed spoke highly of REALITY's performance. Everyone thought that it was great that teens presented the skits and found them to be very effective in getting their message across. They felt that they dealt directly with the many issues that they have to encounter every day. The students were also impressed that the troupe was able to improvise and handle the reactions from the crowd.

Once again, my sincere thanks to you and the REALITY troupe for a terrific performance. I realize that it has taken a lot of hard work to make the troupe an effective vehicle for teens to speak and hear about how to handle difficult life situations. You have done a great job and are commended for all of your efforts! I would recommend you to anyone. Keep up the good work!

Sincerely,
Marnie Holton
