

# THE SHROUD OF TURIN III

The purpose of this illustration is to show the 'negative' aspect of the Shroud of Turin. Based on all the evidence analyzed and scrutinized, it appears that the photographic effect of the image imprinted on the Shroud is a reverse negative. The image is said to only be impressed on the top layers of the Shroud and conclusively not printed as so many alleged throughout the centuries. Moreover what is an anomaly is that the exposure has been determined to only have been possible with a light source outside the spectrum of the visible light at a intense frequency. Some have calculated that it would have required a 'flash' to that match by an atomic blast going off. It is estimated that it would have required 34 trillion watts of light emitted in a split second from the inside of the Shroud. What is amazing is that it is a uniform exposure, front and back at the same time. Many believe that the impression left on the Shroud of Turin is that of a 'receipt' or a physical witness and proof of the crucifixion and resurrection of Jesus. It serves as a sign and credential that He was the Messiah, the Christ as He foretold would happen based on the Sign of Jonah.

## The Tabernacle of Moses & Temples

What is very unique about the scene after the resurrection of Jesus, according the Gospels is that various Angels were involved. A pair manifested themselves in the Garden Tomb as the women came to prepare the body after Passover that Sunday after the Sabbath. Theologically the 'sitting' of the Angels as depicted on the Ark of the Covenant standing signifies a work completed.

The blood on the head appears consistent of having a round crown of thorns.

Spear wound through the spleen and heart from Roman lance.

Foot wound of the nailed feed, not sure if single nail through 2 feet or separated nailing.

The nailing of the hands was not in the palm as that would have torn and fallen off cross. The blood flow down the arms suggest a 'V' type of nailing of the arms and hands.

## The Garden Tomb

It is timely as it was at the Saturday and Sabbath that Jesus arose exactly 3 days of 24 hours segments.

The 'sitting' Angles represent the finished work of Jesus at least on this side of Eternity as currently Jesus is functioning as the High Priest.

The current prophetic office is that of Messiah-bin-Joseph interceding for His Bride before the Ark of the Convent in Heaven where He presented His own blood for atonement.

Jesus is to return as promised in the Upper Room discourse that He would not drink of the fruit of the vine until the Kingdom. At His return, He will fulfill the 3rd prophetic office, that of Messiah-bin-David. Jesus will return not as a lamb slaughtered and crowned with thorns and pierced but as the conquering Lion of Judah that defeated sin, Satan and Death.
