1:00-4:00pm General Session —
This session will take the common themes and questions that have been rising to the top from the day before. This will be a generative discussion around the question of What does an individual CSA farm need to be vibrant and resilient and what the CSA community and movement need? Participants will take away from the session a list of ideas and things that we need can all do to support each other mutually. Advocates and organizations will be able to hear from farmers about what sort of support can be offered to ensure vibrancy and resiliency.
4:00-4:30pm Wrap-up
