## The Bike or Hike trip

Friday May 5 - Sunday May 7, 2023

By Caleb Fulmer

On a cool Friday night a group of Troop 78 scouts loaded their bikes and gear into a trailer and the troop bus and headed on a 4 hour bus ride to the Grand Canyon of Pennsylvania for an unforgettable weekend of fun and exciting hiking and biking.

After a few bathroom stops, we arrived at the campsite and set up our tents quietly as the campsite that we stayed in was already in its quiet hours. After squeezing our tents in, we all went to bed, anticipating an exciting day of hiking ahead of us.

In the morning everyone woke up and found a warm fire made by the one and only Logan Duff. Then Flying Eagle patrol started a breakfast of french toast, sausage, and eggs. After the wonderful breakfast, we all got our packs ready and met outside the bus. We grabbed our lunch that Moose patrol prepared for us which was peanut butter and jellies with fruit snacks and an apple pie bar and all boarded the bus to go to the drop off point.

The crew of bikers set off first on their 30 mile trail and the hikers started their 5 mile hike up to the top of the ridge to a scenic overlook to see the valley below. The hikers took the Turkey

Trail that took us up the mountain. We stopped for lunch at the overlook and enjoyed the nice view. We soon realized that we were 2 hours ahead of the scheduled time the bikers were supposed to get back, so we stopped at a creek nearby and explored for a bit.

The bikers did a 15 mile ride to the end of the rail-to-trail, had lunch, and then made the 15 mile trek back to the bus. Once we all met up and shared stories about our journeys, we boarded the bus and headed back to the campsite.

Back at the campsite, each patrol started making their own dinner, beef stew! Each patrol got everything ready and made some pretty good stew all around. After dinner, we went out

to a big field to play capture the flag. We played one good game, but a visit from the park ranger as the park entered quiet hours forced us to stop. We then had a snack of cookies and went to bed.

The next morning we all packed up our personal gear, tents, and ground tarps and had a cold breakfast of muffins, bagels, and cereal. Then we packed our personal gear onto the bus and made a police line to scan the campsite for trash. Once we did that, we all boarded the bus to head home, with a brief stop for some BK Whoppers.

# Radnor Races

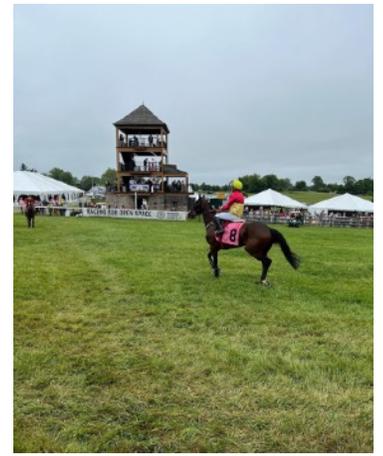

## Saturday May 20 and Sunday May 21, 2023

### By Jamie Cappelli

It was a cloudy, cool, and misty Saturday at Radnor Hunt. Troop 78 helped the attendees park their cars and direct them to different locations throughout the race course.

The Troop provided many scouts and adults to help out, so the guests at the races could better enjoy their day. Every job the troop performed was important and all were well done by the scouts.

All the people at the event and the scouts had a great day. Some scouts even came back the next day to help clean up. The weekend of Radnor Hunt was great as it always is!

### By Brian Rothberg

On Saturday, May 20 and Sunday, May 21 Troop 78 went out to the Radnor Hunt Club for the 33rd time to help the Brandywine Conservancy put on this year's Radnor Hunt Races. The Races is a major stop on the Steeplechase Racing circuit with upwards of 15,000-20,000 people converging on a horse pasture with no paved parking. No sweat, as long as you have Troop 78 to take care of almost everything.

We had around 150 Scouts, Moms, Dads, Grandparents, siblings and Troop adults outside ignoring the persistent showers. We took care of parking all the vehicles, selling and distributing all the Programs, setting-up all the trash cans, providing Security, providing the Color Guard and a few other things in our spare time.

Oh, and we came back on Sunday with a bunch of people and trucks, leaving the place in better shape than it was early Saturday before the Races! A great event for the public and for Troop 78. We are all looking forward for a repeat on May 18 and 19, 2024.

# Spring Flower Sale

Delivery Date Saturday May 13, 2023

By Jim Fox

This spring, the Troop Spring Flower Sale was run by faithful scouts, parents, and troop alumni who helped fund our troop trips, teach business skills, and make a lot of people happy along the way.

The sale started with the 285 online orders pouring in, and then the sorting of 2290 plants in 4 hours. Scouts then carefully distributed the plants to their customers who were happy to support the troop and get high-quality plants from a local grower. Their yards and gardens look beautiful for the spring, and the troop budget is met and camping accounts are filled and ready for high-adventure trips.

We could not have done this impressive task without the help from: Steve D'Antonio, Steve Wark, Brian Rothberg, Wayne Curry, Dawn Happ, Gina Diederich, Jeannine Simms, Kamila Connors, Dave Dondero, Sherri Wark, Stephanie Gunderson, and Pete Motel.

The work went very smoothly and efficiently.

The troop is very grateful for the volunteers and scouts who made this fundraiser possible.

## Boat Docks at Camp Horseshoe

Thursday May 25, 2023

In an effort to improve the boating program at Camp Horseshoe, the Camping Committee and Camp leadership have approved the relocation of the boat docks to the river near the Horseshoe Pool.

It has been a few years, maybe more than a few, but some of you may remember a time when the boat docks were on the river at the Athletic Field. For many years now, the boat docks have been located on the river near the foot bridge between Camp Ware and Camp Horseshoe, the idea being the two camps could share one boat docks. This location is fairly far from the main part of Camp Horseshoe and led to fewer and fewer scouts taking advantage of the boating program.

Recent changes now have Camp Ware host to Cub Scouts only, and as you may know, the Cub program allows only teaching boating safety, not boating on open water. With no Scouts, BSA at Camp Ware, the boat docks no longer needs to be at that location.

The hope is, relocating the boat docks to a more central location will give the opportunity for more scouts to take advantage of the boating program.

On a recent day, to survey for the best location, we put a canoe in at Taylor Beach and canoed around the loop to the Athletic Field. It was decided the best location for a new boating area is on the Octoraro loop immediately next to the Horseshoe Pool.

After some effort, the new boating area is ready for scouts!
