# Special Guests

**Joseph Jacangelo:** Joe is Vice President and Director of Research for Stantec, in Washington, DC where he has been employed since 1987. Joe has been an active member since joining AWWA in 1984, including many committee memberships and chairing the International Council (IC). Joe currently serves on the Steering Committee, AWWA Project: Comparing International Drinking Water Regulatory Systems; Innovation Ad Hoc Strategic Planning Committee; and the association-level Strategic Planning Committee. He has served as Vice Chair of the IC, Chair of the Technical and Educational Council, and completed two terms on the Association Board of Directors and Executive Committee. In addition, Joe has served on the Water Utility Council. Joe was awarded the AWWA Volunteer of the Year Award in 2012 and holds a Bachelor's degree from Rutgers and a Ph.D. from The Johns Hopkins University.

**Michelle Hektor** Michelle Hektor is the Sr. Manager of Donor Relations and Development for AWWA's philanthropy—Water Equation. Although she lives in Colorado, she is a Maryland native and is excited to return to her favorite childhood summer destination of Ocean City. Michelle is looking forward to meeting everyone and sharing information about Water Equation's mission of funding scholarships, leadership and safe water projects in the USA.

## AWWA Tenure Awards, Chesapeake

### 2021 Life Members (30 Years)

Robert L. Buglass	Stephen A. Florek
Chester M. Dacres	Mark A. Williams

### 2021 Silver Water Drop Awards (25 Years)

Michael Deane	Marc Muser
Omar Hopkins	Joseph M. Nattress
Saeid Kasraei	Parimal Bachubhay

In 1916, AWWA Members in Maryland, Delaware, Eastern Pennsylvania, and Southern New Jersey initiated "The Four State Section". In 1949, the Chesapeake Section was formed when Pennsylvania and New Jersey became their own sections, and the District of Columbia joined Maryland and Delaware.

Today we continue the traditions that serve our Members and our region's communities. Thank you, CSAWWA Members, for all you do to keep our waters safe and healthy.
