

PSYCHIC DEVELOPMENT CERTIFICATION LEVEL 1

This course is capped at a maximum of 10 students to ensure that all participants receive personalized attention, therefore gaining a very valuable opportunity to learn and grow to your full potential.

- There will be a private Facebook group created for students only in order to communicate throughout the week.
- Every student receives one hour of non-transferrable individual personal time with Genevieve via Skype, FaceTime, phone, or in person for spiritual guidance, questions or business development.
- Each session runs for approximately two hours with a variety of topics discussed each week. Minimum notes are provided but students are encouraged to write notes during classes if they feel inclined to. These classes are designed to be practical in nature, with the majority of classes having hands-on exercises and activities that all members participate in.
- Each week students will be partaking in a guided meditation as well as a healing circle (sending loving energy to those in the world needing healing). Students are also encouraged to share experiences from their week and ask questions.

It is recommended that students of this course only have a light meal, avoid too much caffeine and drink plenty of water before class, to help raise their vibrations to get the most out of class.
