## Meet Our Sponsors

We are proud to partner with leading sponsors whose support helps make this conference possible. Please take time during breaks to visit their stands in **The Hub** and learn more about the innovations they bring to Critical Care.

# Aerogen®

**Aerogen** is a global leader in aerosol drug delivery. Their vibrating mesh nebuliser technology facilitates high performance, fast, effective respiratory therapy.

**Medline** is a leading manufacturer designing products around the needs of Critical Care nursing teams and their patients. Their portfolio includes products focused on infection prevention, pressure injury reduction, and patient safety.

# stryker

**Stryker** is a world-leading medical technology company offering innovative solutions in critical care. From advanced hospital beds to monitoring systems, Stryker supports healthcare professionals delivering the highest standards of care.

*We thank our sponsors for their generous support of the West Midlands Critical Care Conference 2025.*
