UNIVERSITY OF ILLINOIS AT CHICAGO  
INSTITUTIONAL REVIEW BOARD

## Adults with Stroke needed for research study

The Department of Physical Therapy at the University of Illinois at Chicago is conducting a study **“Virtual reality-based dance training to increase motor control, cardiovascular fitness and cognition”**.

The study involves completing an initial screening and assessment followed by participation in either the conventional or alternative therapy arms of the intervention protocol.

### **You will be reimbursed for your participation.**

You may be eligible to participate in the research study if you:

- Understand English,
- Must be between 45-85 years,
- Have had a stroke at least 6 months ago,
- Stand and walk, with or without assistive device or braces as a part of your activities of daily living,
- Live in the Chicagoland area.

A research team led by Dr. Tanvi Bhatt from the University of Illinois at Chicago is conducting this study. For more information, please contact: 312-355-2735 or 312-413-9772 or email [ssubra26@uic.edu](mailto:ssubra26@uic.edu)
